SHORT MEASURE ON CORD WOOD

TO THE GENERAL PUBLIC.

To those whom it may concern:
 Recently having occasion to help settle a dispute in regard to the proper measurement of a cord of firewood, I take the liberty of having published for the benefit of the general public an extract from the New Brunswick Consolidated Statutes relating to the same, viz.: If those wishing to know the correct measurements of a cord of wood or bark will look on Page 2395 of said statutes they will see the following:

Revised Statutes—Title XVII. Chapter 93.
 OF THE MEASUREMENT OF FIREWOOD AND BARK.

1. All firewood and bark, when bought or sold by measurement, shall be measured by the cord, which shall be eight feet in length, four feet in breadth and four feet four inches in height. R. Sc. 93, s. 1. part.

Despite this law being on our statute books there are a number of persons hauling wood to our city and are claiming that a cord of wood measures four feet wide, four feet high and eight feet long, when the proper measurements are four feet wide, four feet four inches high and eight feet long, making a total of 138 2-3 feet. There are a number of our countrymen who have an idea that a cord of wood is 128 feet, but as I am herewith stating the total measurement of a cord of firewood according to the consolidated statutes is 138 2-3 feet.

Yours respectfully,
 ONE INTERESTED.

Twenty Des Moines, Ia., women have been given permits to carry revolvers and advised by the chief of police to shoot men who insult them.

BREAKS A BAD COLD IN A JIFFY! TRY IT

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and sniffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

Welsh battalions being conveyed to the front.—They fought magnificently in the storming of Zonnebeke—gaining a line of their objectives. Photos by courtesy of C.P.R.

The Ideal Car for All Seasons

WINTER cold and drifting snow do not mar the comfort of motoring in a Ford Sedan, the car that completely protects you from every weather at all times.

High winds cannot blow you "to pieces". Irritating dust and rain can be entirely shut out, while on warm, pleasant days the windows may be lowered, so that the air circulates freely.

The Ford Sedan is a dignified business and family car. It gives the motorist the utmost protection and comfort. Simply to ride in it, is to want it.
