THE PROVINCIAL GOVERNMENT HAS BEEN "REORGANIZED"

Mr. A. R. Slipp, K. C. of Queens Appointed Minister Of Lands and Mines—Dr. H. I. Taylor of Charlotte And Mr. Culligan of Restigouche the New Fore castle Members.

As announced in the Mail yesterday, Hon. George J. Clarke has resigned as Premier of New Brunswick. The resignation was accepted by Lieut. Governor Wood yesterday and he at once called upon Hon. J. A. Murray and entrusted him with the task of forming a new administration.

Hon. Mr. Murray, of course, accepted the task, and subsequently announced the personnel of the new ministry as follows:

Hon. J. A. Murray, Premier and Minister of Agriculture.

Hon. D. V. Landry, Provincial Secretary-Treasurer.

Hon. J. B. M. Baxter, Attorney General.

Hon. B. F. Smith, Minister of Public Works.

Hon. A. R. Slipp, Minister of Lands and Mines.

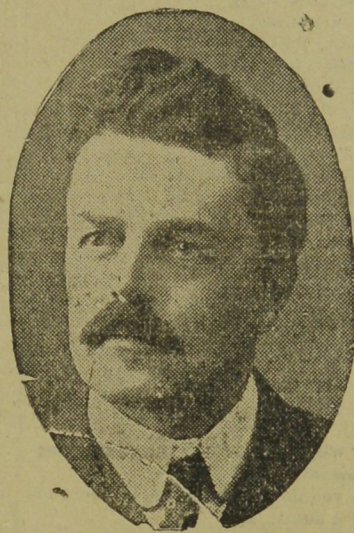

Hon. Arthur Culligan, of Restigouche, and Hon. H. I. Taylor, of Charlotte, without portfolio.

Mr. Slipp was summoned by telephone from his office shortly before 6 o'clock and sworn in as Minister of Lands and Mines. The other ministers holding portfolios were all re-sworn. The oath of office was administered by Governor Wood, assisted by Mr. J. H. Dickson, Clerk of the Executive Council. Hon. Dr. Taylor was sworn in today.

News of Mr. Slipp's appointment was spread about the city during the evening and he was the recipient of hearty congratulations.

Hon. Mr. Baxter, before leaving for St. John last evening, stated that there would likely be a by-election in Queens county at once, and that the House probably meet on March 8th or 15th.

The new minister is a native of Hampstead, Queens county, and is in

HON. A. R. SLIPP.

his forty-eighth year. He was educated in the public schools of his native place and at the U. N. B. He studied law with J. A. & W. Vanwart, of this city, and was called to the bar in 1893. He has since practiced his profession in this city and has been very successful. He served as alderman for Queens ward in this city for one year, and has been a hospital trustee and active also in the Board of Trade. He was elected to the Legislature for Queens in 1908, and was re-elected in 1911. For five years he was chairman of the Corporations Committee of the House. He was brought up in the Baptist faith, but is now classed as a Methodist. He married a daughter of the late Mr. Thomas Logan, and has three sons, one of whom is overseas with the 104th Battalion.

FARMERS AND DAIRYMEN CONCLUDE THEIR LABORS

The election of officers and the passing of resolutions was the principal business of the Farmers' and Dairymen's Association at last night's session. The "Dog Nuisance" and its relation to sheep raising was discussed thoroughly and the chief resolution passed called for compulsory taxation of dogs and compulsory compensation for the owners of sheep killed by dogs. Isaac Baird, of Chipman, Queens county, was elected president in succession to Mr. Geo. E. Fisher, of Chatham. Both the president-elect and the retiring president made short addresses. Among other resolutions was one calling upon both political parties in provincial politics to nominate at least one farmer on each ticket in each rural constituency.

New Officers.

The new officers elected are as follows:

President—Isaac Baird, Queens.
 Vice-President—R. R. Patchell, St. John.

Secretary—C. N. Shaw, Carleton.
 Corresponding Sec.—A. R. Wetmore, Kings.

Treasury—H. H. Smith, Sunbury.
 County Vice-Presidents.

Albert—C. E. Newcombe, Hopewell Hill.

Carleton—Scott A. Shaw, Hartland.

Charlotte—W. J. Bartlett, Waweg.

Kent—Hector I. Cormier, Upper Buctouche.

Kings—A. D. Northrup, Kingston.

Madawaska—Dennis Z. D'Aigle, Baker Lake.

Northumberland—James Bremner, Chatham.

Queens—Frank H. Fowler, Chipman.

Restigouche—James E. Stewart, Dalhousie.

St. John—Alex. Johnston, Upper Loch Lomond.

Sunbury—A. M. Burpee, Burton.

Victoria—Spurgeon Wright, Andover.

Westmorland—Frank Trueman, Pt. de Bute.

York—W. E. Palmer, Scotch Lake.

Gloucester—W. J. Scott.

Other Resolutions.

Other resolutions passed suggested that the Provincial Agricultural Agricultural Department establish egg circles, similar to those in Prince Edward Island, that the Dominion Parliament make no alteration in the law respecting the sale of oleomargarine, that a sliding scale of bounties be adopted for pure bred stock, according to the merits of the animals.

M. A. McLeod, of Sussex, and W. E.

Palmer, of Scotch Lake, were appointed a special committee to follow up resolutions and have some action taken.

The matter of establishing an abattoir in some central place was left in the hands of a special committee composed of M. A. McLeod, J. W. Mitchell and H. H. Smith.

Mr. J. B. Daggett, Secretary of Agriculture, stated that the department had considered this matter, particularly the transportation problem connected with it.

The Dog Nuisance.

The resolution on the dog and sheep matter was passed with provisions as follows:

1. That the tax on dogs be: Each dog \$1, each bitch \$5, each splayed bitch \$1.

2. That provisions for the killing of dogs, killing or worrying sheep be the same as in legislation of 1907.

3. That each municipality be compelled to compensate the owner of sheep killed by dogs for the animals killed, the amount of compensation being recoverable from the owners of the dogs.

All those speaking to the resolution, which was carried by an overwhelming majority, favored steps against the dog nuisance, but those opposing the resolution claimed that it would not be workable.

J. B. Daggett, Secretary of Agriculture, warned the association that its members must be prepared to stand behind such legislation. He said that

CURRY-COMBS, HORSE BRUSHES and WHIPS

Try a package of GRANGER FOOD a highly nutritious health giving food for Horses, Cattle, Hogs and Poultry.

LAWLOR and CAIN
 OPPOSITE NEW POST OFFICE

there were many people who valued dogs more highly than sheep, and that there would be difficulty in getting such a law passed.

W. W. Hubbard, superintendent of the Dominion Experimental Station at Fredericton, said that four-fifths of the farmers of the province were opposed to a tax on dogs no matter how destructive they were. Before that opinion could be changed there would have to be much work among farmers of that class.
