GRAFT REVELATIONS A DISGRACE TO PROVINCE

Commenting on the report of the Royal Commission which investigated the Dugal charges, the Quebec Chronicle, a leading Conservative paper, said:

"The terrible revelations of official graft in New Brunswick are a disgrace not only to that Province, but to all Canada. They almost completely destroy public confidence in the honesty of our public men, and unquestionably inspire grave doubts as to the possibility of ever securing anything like an upright administration of public affairs under our present system. Yet no administration ever came into office with more pious professions of high virtue and devotion to the public weal than did the Flemming government of New Brunswick. On the strength of these it literally swept the Province at the last general election in 1912, only two members being returned to support the Opposition.

LOOT WAS THEIR OBJECT.
"There is no longer the shadow of a doubt that loot was the object for which the men now in charge of the government of the Sister Province down by the sea sought office. Their conduct of public affairs was dishonest from the start, and today, under their manipulation, no province in Canada has been so betrayed, so shamed and so degraded as New Brunswick by these same men, who have played in the most heartless manner upon the good faith, the loyalty and the patriotism of their people in order that they might scatter the contents of the treasury among themselves and their 'heelers.'

We have the looters still in power. Turn them out!

"Give Me Men As Sleep O'Nights"
—Julius Caesar.

One of the most admirable of modern recipes for good, healthy night-sleep is the abstaining from coffee (and tea) at the evening meal.

A better recipe, for health and comfort at all times is total abstinence.

For a cheering, healthful, non-disturbing, delicious beverage, use
