eggs, 1 tablespoon melted butter.

Mix and sift dry materials, add milk gradually, the yolks of the eggs well beaten and the melted butter. Fold in the whites beaten stiff, at the last.

The piece is full of extraordinary surprises and celan fun, that keeps its audience in a constantly expectant attitude, and almost continuous laugh-

THE GOVERNMENT'S LAND SETTLEMENT SCHEME

Premier Murray, in his manifesto to the electors, makes a big splash over what the government is going to do towards promoting settlement in New Brunswick after the war. The government, according to Premier Murray, is going to "set aside extensive areas of land not now available which are found to be suitable for farming, and for the use of our own people, as well as immigrants coming to us in the future." We are further told that "plans are now being made for the subdivision of extensive areas in Restigouche and Northumberland counties, which have been found suitable for the purposes of the settler.

Premier Murray is a great admirer of Hon. J. D. Hazen, whom he tries to ape when on the public platform, and will no doubt be largely guided by his advice in any policy which he will try to carry out if returned to power.

Now, what does Mr. Hazen think of the plan to settle people on the Crown lands? Fortunately, we have a very good record of his views in the legislative debates of 1907, when Hon. Dr. Pugsley was urging the passage of the International Railway bill, on the ground that it would open up land for settlement. Here is what Mr. Hazen said on that occasion:

"Moreover, the country is such that there will not for many years to come be a single settler on it. No one is going to the trouble of carving out a farm in the forest, when he can go out west and get land ready to walk on to."

Then we have the views of ex-Premier Flemming, who seems to be actively associated with Premier Murray in this campaign. Here is what Mr. Flemming said from his place in the House in 1907:

"I want to say that the day has passed when the young men of New Brunswick will take up wilderness lands. Western opportunities are too great."

ARE YOU CAREFUL

about the sort of ointment you use for your children? Do you know that an ointment applied to the skin enters the system just as surely as a remedy that is swallowed? That is why you should use only the purest substance, and the purest obtainable is Zam-Buk, which is a rare balm—not a coarse ointment.

Zam-Buk's purity is due to the fact that it is composed entirely of vegetable oils and herbal extracts and that it contains none of the animal fat or poisonous and irritating mineral drugs found in ordinary ointments. It is therefore suitable for the most sensitive skin—even the skin of a baby.

Mothers who have once used Zam-Buk say they could not do without it and children who have once had Zam-Buk applied will cry for it again because it ends their pain.

As a "first aid" Zam-Buk is wonderful—it ends pain and heals so quickly. Being germicidal it prevents all danger of festering.

Zam-Buk is also unequalled for eczema, pimples, blood-poisoning, ulcers, piles, cuts, burns, chilblains, chapped hands, frost bites and all skin diseases. All druggists and stores, or Zam-Buk Co., Toronto.

EUROPEAN NEUTRALS MUST SOON DECIDE

Christiania, via London, Feb. 7.—Norway will not agree to President Wilson's suggestion in regard to breaking relations with Germany, the Aftenpost says. This newspaper asserts that European neutrals must decide upon their policy towards Germany in accordance with their own interests, not according to American sentiments, and adds:

"The Scandinavian countries gave full support to President Wilson's peace move, but that is not a reason why a few weeks later they should follow Mr. Wilson in taking steps which are generally considered to be a prelude to war.

To the latest American note Norway has no answer but this: "Members of the cabinet decline to discuss the subject of Norway's attitude towards the new German submarine war."

WORLDLY WISDOM.

Sir Sam Hughes' speech will land in about the same place as President Wilson's no victory spiel.
