NEW TIME ALLOWANCE RULES ISSUED FOR TURF

Fellowers of Harness Racing Interested in the Altered Regulations.

The time allowance and eligibility rules that have been causing so much discussion in harness horse circles for two months have been re-written by the officials of the turf governing bodies so that there can be no mistaking their intention. Every man who intends to race a horse this season should read these rules, which are as follows:

Rule VII, section 5—A horse with a winrace made on a mile track shall be allowed four seconds when entering on a half-mile track, providing the class to which he would be eligible under this allowance is not slower than his winrace on a half-mile track.

Rule VII, section 6—After a horse has acquired a winrace, he shall be allowed, whether raced or not, one second for each calendar year until he equals or reduces it. No other allowances shall be permitted. A nominator is required to claim time allowance when making entry.

All horses with winraces made on a mile track are entitled to the four seconds granted by Rule VII, section 5, and no change can be made in same except when the number of seconds are reduced by actual performance.

The time allowance of one second for each calendar year granted by Rule 7, section 6, to all horses that have acquired winraces, permits them to start in slower classes in their first races each year.

Attention is called to the fact that this allowance does not waive the application of Rule VII, section 2, after such horses have been given the benefit of the allowances to which they are entitled, or allow them to start in a race after they have won in one second or more faster than the class advertised prior to the closing of the entries.

"When a horse with a winrace made on a mile track has started on a half-mile track and won within four seconds of same, if he was entitled to any allowance under Rule VII, sec. 6, he forfeits the same, just as a horse forfeits his allowance under the same rule on a half-mile track when he equals or reduces his winrace on a mile track. He is, however, entitled still to the allowance between his mile and half-mile track winraces when entering on a half-mile track.

REVOLUTION DUE TO HAND OF GOD

London, March 22.—A Reuter despatch from Petrograd says the Holy Synod has resolved to address a message to the "children of the Orthodox Church," declaring that the revolution was due to the hand of God inasmuch as "he holds the fate of kingdoms and peoples in His hands."

It will exhort the Orthodox Christians to obey the new government and fulfill their duties as Christian children. The message will be read Sunday in all the churches and monasteries of the empire.

The funerals of the victims of the revolution have been postponed for a few days.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for the Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue, it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a ten cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.
