OF INTEREST TO WOMEN.

PUT UP PINEAPPLE NOW.

Prices of pineapples have not gone up. And pineapple prices are about the only prices that have not gone up. So now is the time to can pineapples.

But the pineapple is an edible of first quality and with prices at the usual June level, prudent housewives will take advantage of the market and lay in a supply for canning.

Next winter canned goods bought on the current market will not always be economical, owing to rapidly rising prices of tin and glass cans, as well as of what goes into the cans.

It is possible to put up pineapple without sugar.

Heat will destroy the germ life which makes canned fruit "spoil."

Boiling the sliced pineapple thoroughly and sealing it while hot in sterilized glass jars will prove a successful method if carried out by a conscientious cook.

PIMPLES AND BOILS ALL OVER FACE AND BODY

When the blood becomes impure you will find that pimples and boils will break out all over the body, and although they are not a dangerous trouble, they make you appear unsightly both to your friends and yourself.

Burdock Blood Bitters will cleanse the blood of all the impurities and poisons which cause the skin to break out in these eruptions.

Miss Sylvia Swanson, Theodore, Sask., writes: "I am letting you know what great value your B.B.B. has been to me. A year ago I started to grow pale and weak, the cause being bad blood. I got so many pimples and boils all over my face and body that I would not let strangers see me, and I used to avoid company. I tried many remedies, but all seemed a failure. I read about how good your B.B.B. had been to thousands of people, so I got a bottle and after I had finished the second one my pimples and boils had all disappeared. People thought it a miracle how well I looked."

Your grand old remedy sure has been as good as gold and better to me."

Burdock Blood Bitters has been manufactured for the past forty years by The T. Milburn Company, Limited, Toronto, Ont. See that our name appears on the wrapper.

Most women compromise on all sterilizing processes. Fermented or moldy fruit is the price paid for careless canning.

Pineapple Chips.

Make "chips" of inferior pineapple which cannot be used in cans. Slice the pieces thin, cover with sugar and set in a slow oven or any moderately hot place for ten days, that is until moisture has evaporated from fruit. Turn the pieces daily. Finally set the plates in a hot oven 10 minutes, cool gradually, and pack in layers like raisins, sprinkling powdered sugar over each layer.

Stewed Pineapple.

Slice and pare the pineapple, and allow three-fourths pound of sugar and one cupful of water to each pound of fruit. Cook 25 minutes, can and seal in the usual way. Always use a porcelain preserving kettle when cooking pineapple.

Grated Pineapple.

Remove the peel and grate the pineapple, discarding the hard pith. To each cupful of pulp allow one-half cupful of sugar. Mix thoroughly, pack in pint cans, adjust the rubbers, put caps in place, but do not screw them down, put into a wash boiler having a false bottom, or into a water bath, and steam two hours. Screw on the tops and cool gradually. Pour melted paraffin about the edges of the covers and rubbers.

Pineapple Vinegar.

Do not waste any usable thing this year. Make vinegar of pineapple parings. There is no finer acid for table use than that made from this fruit. Put parings and scraps of fruit, if perfect into a crock, cover with water, allow 1 cupful of sugar to 2 pounds of fruit. Let the mixture ferment, strain into jugs or bottles, adding 1 spoonful of "mother" of vinegar each jug.

GIANTS FIGHT WITH PHILLIES IN NATIONAL

Grantland Rice Favors Giants in the Race—Phillies Have Great Powers of Endurance.

Grantland Rice, the sporting writer who was here recently dopes out the National League situation as follows:

The National League race has settled conclusively between two clubs—the Giants and Phillies.

Neither Cubs nor Cardinals had the power to oust either, while the Braves and Dodgers have lost any chance they might have had through the handicap of a ragged, rickety start.

Both Giants and Phillies have the stamina and the machinery to keep going, and while the odds still favor the Giants, the Phillies should not be underestimated. They have three potent factors—the pitching, the punch and the pep—and for the last two years they have been better through the stretch than at any other time.

The Phillies have the knack of hanging on. They haven't power enough for any extended spurt; but on the other side of it, they have the ability to rally quickly after any setbacks. They refuse to become discouraged, and this is a vital factor in any pennant race. More than one good ball club has been wrecked by breaking badly after a few defeats.

The Giant Pace.

In spite of the Phillies' tenacity, it is hard to see how they can overhaul and outfinish the Giants.

In Schupp, McGraw has a winner who will almost offset Alexander. Leaving these two out, Perritt, Benton, Anderson and Tesreau look better than Rixey, Mayer, Lavender and Oeschger.

The Giants have a stronger looking infield and a faster outfield. And they are pretty sure to stand any drive down the stretch, as most of them are hustlers and hard workers.

The Giants also have the punch and the pep, and the pitching is holding up nicely. At the start of the campaign it was merely a question of how the pitching would hold up. With this section of the club moving along so smoothly, only unexpected collapse here would upset the scheduled dope.

GOV'T CONTROL IN UNITED STATES

Washington, June 26.—Extension of government control to iron, steel and their products, petroleum and its products, farm implements and bixal, jute and hemp products, such as binder twine, was decided upon today as an amendment to the administration's food control bill by a Senate agricultural sub-committee. The addition of other articles is under consideration.

POOR JOHN!

"Hello! Is this you, mother dear?" "Yes, Sue. What is it? Something awful must have happened for you to call me up at this—"

"It's not so awful. But John, dear, hasn't been feeling well, and the doctor gave him pills to take every four hours. I've been sitting up to give them to him, and now it's about time for his medicine, but John has fallen asleep. Should I wake him?"

"I wouldn't if I were you. What is he suffering from?"

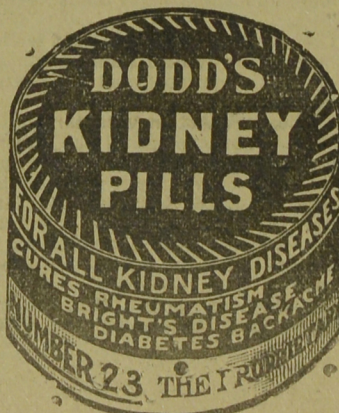

"Insomnia."

HILLSGROVE HAS SOME GOOD HORSE RACES

Bay State Circuit Opens There This Week—Red Cross Gets One Day's Gate Receipts.

Boston, June 25. — New England's chain of harness horse race meets, officially known as the Baye State Circuit, is away to a splendid start. The sport at Woonsocket last week was up to expectations and as the season advances the promise is even better.

This week the trotters and pacers perform at Hillsgrove, just outside of Providence, where 157 horses have been named for the five-day session before moving on to Windsor. The meeting opens today with the gate money going to the Red Cross. There is to be a real good military flavor to the programme, for Rhode Island's mounted troops are to give an exhibition, and will be reviewed by Governor Beekman.

THREE UMPIRES USED AT ST. LOUIS

St. Louis, June 24. — Three umpires were used in today's double-header between Cincinnati and St. Louis in an effort to quiet the crowd which awaited Umpire Byron outside the field after the game on Thursday.

Instead of removing Byron, President Tener sent Emslie here to assist in handling today's games. Quigley was behind the plate, while Byron and Emslie officiated on the bases.

TY COBB HAS LEAD ON SPEAKER

Cobb now has a pretty good lead on Tris Speaker for the batting honors in the American league, and the Cleveland swatter will have to go some to catch him. "Ty" had his off spell early in the season, but he is going right now.

Next year will mark the silver jubilee of the first introduction of motion pictures.
