### BIG CATCH OF ALASKA SALMON

Washington, Dec. 16.—Food added to the nation's war time storehouses by the 1917 catch of Alaskan salmon was the largest amount in the history of the territory and far exceeded in value that of any other season. The pack of canned salmon will aggregate 5,300,000 cases, the bureau of fisheries announced today, value at \$40,000,000—nearly twice that of the record catch of 1916.

Edarwd Worthington, aged 78, of Portland, has knit 200 mufflers and sent them to soldiers on the battle front.

### "A PINE FOREST IN EVERY HOME"

That is what the Peps treatment amounts to. It is no longer necessary to go to the Swiss Mountains to breathe the health-giving Pine air which doctors so highly recommend for throat, bronchial and lung troubles. With the aid of science these Pine vapors have been condensed into tablet form so that the treatment can be taken at home.

All you do is to dissolve Peps in the mouth. The rich Pine vapors are then set free and breathed down all the minute air passages to the lungs, destroying all harmful germs and soothing and healing the inflamed membranes.

Peps are unequalled for coughs, colds, bronchitis, asthma, sore throat, laryngitis, hoarseness, etc. All dealers. 50c box.

## ACADIANS OF TO-DAY

An Acadian Home.

**R**ICH in its history of strong men and heroic women—whose stirring adventures by land and sea set the imagination aflame, appealing in its wild scenery of lakes and streams and wooded hills, charming in the lawns and hedges and shady streets of its villages and towns, the country from Yarmouth to Digby, Nova Scotia is the Mecca of the historian, the sportsman, the painter, the geologist, and the vacation seeker. In this land, which even to-day abounds in rivers and lakes teeming with lusty, leaping fish, and is clothed with forests of fir, pine, hemlock and spruce, home of deer, moose and bear, the Indians must have lived from time immemorial. Such a paradise for the huntsman must have been the subject of song and story among the redmen.

And here too the Norsemen came full five hundred years before Columbus set out in his three tiny ships. Urged on by their dauntless spirit, the wild Norsemen drove their war galleys far south and west from Iceland till they reached the land which a no less hardy race were later to name Nova Scotia. It was at Yarmouth they landed; and two mighty boulders, bearing inscriptions in Runic, now may be seen near the town of Yarmouth—lasting evidence of that daring adventure made near one thousand years ago.

And then came those intrepid adventures from France, De Monts and

Partridge Island, Parrsboro, N.S.

Champlain in 1604; Charles de la Tour and his Huguenot wife—"a woman, who by her gentle breeding and built up mighty fortunes which now show themselves in magnificent residences set in beautiful surroundings of lawns, hedges and trees.

But the Acadians returned; and to-day for miles the neat villages of their descendants skirt the shores of Fundy Bay, from Yarmouth to Digby. The descendants of the Acadians have cultivated the soft marsh lands and fresh water meadows, preserving the simple manners, customs and language of their ancestors.

And here one finds fifty miles of rugged storm swept coast, lofty beetling cliffs, coves like volcanic craters—wilder than the dreams of a mad poet.
