

TAXATION OF NON-RESIDENTS AGAIN BEFORE CITY COUNCIL

Finance and Assessment Appeals Committee to consider Matter in Joint Meeting --- Weight of Bread and Proper Methods of Marking Discussed --- Stands for "Jitney" Cars Likely to Be Established --- Phoenix and Court House Squares Suggested

The regular monthly meeting of the City Council held last night was short. One of the principal matters considered was the protest of residents of Devon, who are employed in Fredericton, to playing an assessment for the Patriotic Fund in both places. The Finance and Assessment Appeals Committees are to meet together and discuss the matter. Another matter was the weight of bread and its marking. It was decided that the weight may be marked on either loaf or wrapper. All bread now offered for sale in the city was reported to be of correct weight.

Those present at the meeting were Mayor Mitchell, Ald. Barker, Ald. Burnett, Ald. Wilkinson, Ald. Shea, Ald. Lemont, Ald. Reid and Ald. Walker.

Auditor's Report.

The report of the auditor on the monthly expenditure was passed as follows:

C. C. Camp's Account.

An account of Mr. C. C. Camp of \$2.45 for repairing the sidewalk on York street in front of Gunter's livery stable, caused some discussion.

Ald. Shea said the account should be paid. It was necessary for Mr. Camp to make repairs and he had a just grievance.

Ald. Wilkinson objected to passing a bill over the head of a chairman. It should go through the proper channel.

City Clerk Perkins pointed out that the Road Superintendent refused to O. K. the bill on the ground that he did not order the work and knew nothing of it.

Ald. Burnett agreed with Ald. Wilkinson that the chairman should O.K. the bill. Mr. Camp should be thankful that he was allowed to have an approach to his stable door out on the sidewalk.

Ald. Lemont was favorable to passing the bill.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy and beautiful at once.

Immediate?—Yes. Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's hair: a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Beside beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

The motion of Ald. Shea to pay the bill was carried.

Assessment of Non-Residents.

Ald. Reid informed the council that non-resident ratepayers were complaining that they should not pay taxes for the Patriotic Fund on income both in the city of Fredericton and in their place of residence. Possibly the matter should go to the Assessment Appeals Committee, although the Finance Committee had considered the matter.

Ald. Reid, Mayor Mitchell and Ald. Walker all expressed the opinion that this assessment was hardly fair to the non-residents.

Ald. Burnett said that there were

many non-residents and he believed that a license should take the place of assessment on income, the non-residents to have no vote in city affairs. The Finance and Assessment Appeals Committees should meet jointly and consider the matter.

On the motion of Ald. Walker the matter was referred to the two committees for joint action.

Stamping of Bread.

City Clerk Perkins asked for a definition of the required stamping of bread with the weight of each loaf. Bakers both inside and outside Fredericton had asked for such definition.

In response to Ald. Lemont Bread Inspector Roberts stated that loaves sold in Fredericton weighed one pound and a half, were of good weight and good quality.

Ald. Burnett bore out the statement of the inspector. He did not believe there was short weight in bread and the consumer was getting full value.

It was decided by resolution that weight of bread could be stamped on either the loaf or its wrapper.

Stands for "Jitneys."

The City Clerk informed the council that merchants had objected to "jitney" cars standing in the streets and the Chief of Police had asked that the council decide whether a stand be appointed for these cars or the present system be followed.

Ald. Walker suggested Phoenix Square as a suitable place for a stand except on market days.

Ald. Wilkinson suggested that Court House Square also be used.

It was decided to refer the matter to the Administration of Justice Committee to report.

THE PRICE OF HOMAGE

ONCE when King Edward VII. paid a visit to Sheffield, all the fires in factories and plants were allowed to die out. Not a wheel in Sheffield turned for twenty-four hours. The primary object of this was to lift the pall of smoke that hovers over that wonderful steel-producing city, and to ensure, as far as man was able, a bright day and a blue sky for an auspicious occasion. It was Sheffield's expression of respect.

BUT the action was unique—it was unprecedented—it was unthought of that those hundreds of mighty furnaces, raging night and day, and those seething boilers, with quivering valves, should ever be allowed to cool. This extinguishing of fires cost Sheffield hundreds of thousands of dollars—the price of the effort to get back again to high-power efficiency.

SOME business men in Canada pay an unwitting homage, not to a king, but to a superstition—the superstition that hot weather justifies letting the fires of business energy go out. They stop Advertising in the Summer months. By paying homage to tradition, custom, superstition, they have allowed Summer to become their "dull" season. You know how dull it can be when you don't advertise. Do you know how brisk it can be made by Advertising? Do you realize how much momentum you now lose in the Summer that must be regained in the Fall?

DON'T LET YOUR ADVERTISING FIRES DIE OUT THIS SUMMER.
