NEW MOVE IN LOCAL C.T.A. CASE IN POLICE COURT

Prosecuting Counsel Wants Sentence Made Cumulative--Decision on Monday--Activity in Connection With Hop Beer Sales.

Argument in a C. T. A. case against a local hotel man who is serving a sentence for violation of the Canada Temperance Act was completed yesterday afternoon in the police court.

Mr. R. B. Hanson, counsel for the prosecution, argued that the sentence in the event of a conviction being made should be made cumulative and begin immediately on the expiration of the sentence now being served.

Mr. P. J. Hughes, for the defence, replied to this with the argument that a previous offence had not been proved, nor had it been proven that the accused was serving a sentence and that as the case had been closed evidence to prove these matters could not be brought in by the prosecution.

Mr. Hanson then stated that the police magistrate could call such evidence if the prosecution could not, and applied to His Honor that such be done. Magistrate Limerick will give a decision on the point on Monday.

A C. T. A. case against a local druggist was postponed until Monday.

Hop Beer Question.

It is expected that prosecutions against persons selling hop beer will begin. Four barrels labelled "hop beer" shipped from St. John to the Enterprise Bottling Co. in this city were (Continued from page 3.)

PROTEST RE PATRIOTIC FUND APPORTIONMENT HAS BORNE FRUIT

Mayor Mitchell Notified That Apportionment Has Been Reduced \$3000 --Now at Former Figure Of \$22,000

The protest made by the City Council to the Provincial Government against the increase of the Patriotic Fund apportionment of Fredericton from \$22,000 to \$25,000, has borne fruit. His Worship Mayor Mitchell has been notified by the Provincial Executive that the original apportionment of \$22,000 will be the one required of this city, a reduction of \$3,000 having been made.

The announcement of the reduction will be received with pleasure by citizens of all classes, as it has been generally considered that Fredericton was receiving unjust treatment from the government in regard to the Patriotic Fund apportionment. The protest to the Provincial Government, which resulted in the reduction was made by the entire City Council at a conference arranged by Mayor Mitchell. The chief ground of protest was that Moncton, though more populous and with a higher property valuation than Fredericton, was required to raise only \$16,000. The sum which Fredericton must raise in 1917 for the Patriotic Fund will be about \$26,500, as there is a deficit from 1916 to be made up.

Mr. A. C. Fraser, of St. John, district superintendent of the C. P. R. telegraphic service, is in the city.
