The Peril
of the Moderate Drinker

Like the contemptible German Spy who lived upon our friendship while all the while he was stabbing in the dark, Alcohol in moderate doses is *poison*. Of course you know that the lining of your stomach is just as sensitive as the ball of your eye. Just try putting a drop of whiskey in your eyeball—keep on doing it off and on for years—think of the result!

If you want to know what is going on in the system of the moderate drinker, look at a man who is dead drunk. Scientists say the only difference is that the drunkard reaches the climax quicker than the tippler. The effects are alike; the first thing Alcohol destroys is the mental power of defence against the appetite for drink. All drunkards begin as moderate drinkers.

Above the falls of Niagara there is a point in the current where each man's strength can yet take him back to safety. Beyond that invisible point he is lost. No man knows where lies that invisible line in his make-up, where ends his ability to say, "I can" or "I can't" stop drinking liquor.

After seventy-four years of investi-
gation—economic, sociological,
medical, ethical—the Insurance
Companies ought to know. They
declare that Alcohol, even in the
smallest quantities, is a destructive
poison. They turn away hundreds
of thousands of dollars' worth of
business on the strength of their
knowledge. Taking two million
policy-holders as a test they know
that the teetotaler lives much longer
than the moderate drinker; "the
man who occasionally gets tight

suffers a death rate just one-half
greater than strictly temperance
men. Other men who drink more
than that, but still not enough to
bar them from insurance, show an
appalling mortality of almost double
that of men who were never intro-
duced to John Barleycorn."

Every man and woman in this
province shares the responsibility for
the proper enforcement of Prohibi-
tion—not the officers of the law
alone. *Your duty is clear.*

MODERATE
DRINKERSLife insurance men declare
that MODERATE drinkers
shorten life on an average
from 10 to 13 years by their
occasional alcoholic drink.**Help to**

We have enlarged and fitted up our PIANO SHOW ROOMS and have just received a very large stock of High Grade Pianos. These Pianos are well known throughout the Dominion as Leaders in the musical line. They are the Gerhard Heintzman, Gourley, Bell and Ennis Piano, and it will be a great pleasure to show this exceptional large stock of high grade instruments.

You will find our prices very low and our terms easy, as we employ no agents, no rent nor commissions, and the purchaser can save a very large amount of money. Call and look these over.
