Russians Are Continuing Their Successful Advance

The Galician Town of Kaluiz Has Fallen to Them---Many Prisoners Captured---Surprise Attacks on the Western Front Beaten Off by the French Troops.

PETROGRAD, July 12.—The Russians have captured Kaluiz, the headquarters of the enemy in Galicia, according to a semi-official announcement made today. According to information received, the Russian troops are continuing their successful advance and have captured a large number of prisoners. Kaluiz is a city of 8,000 population 28 miles from Sty.

PARIS, July 12.—After violent bombardment, the Germans tried several surprise attacks during the night on both banks of the Meuse, but were repulsed according to the War Office statement, which reads as follows: "The artillery fighting was quite spirited in the Champagne and on the Aisne frontier and the Laffaux mill sector. Enemy attacks in the region of the Triangulaire plateau and south of Kusincourt were easily repulsed. On the two banks of the Meuse in the sector of Hill 304 and north of the Hardaumont work, the Germans, after a violent bombardment, made a number of attacks, none of which were successful."

The French mine sweeper Jupiter struck a mine in the British Channel on Tuesday and sank. Eleven lives were lost.

LONDON, July 12.—"A raid attempted by the enemy last night south of Lombaertzyde was successfully driven off," says today's official communication. "There is nothing further to report."

PLACING OF NEW MINE FIELDS IN NORTH SEA

IS DICTATED BY MILITARY CONSIDERATIONS

LONDON, July 12 (via Reuter's Ottawa agency).—Regarding Anglo-Dutch communications concerning the placing of a new British mine field in the North Sea, Reuter's learns that the Dutch government has been fully informed that the action of Great Britain is solely and specially dictated by military considerations, and is not directed against the economic interests of Holland. The Netherlands government has also been reminded that there is no similarity between the measures taken by Great Britain and those taken by Germany, for the latter denies the use of the seas to all neutral shipping.

Great Britain, therefore, maintains that it would be more reasonable for Holland to protest to Germany against the latter's illegal action than to complain of the action taken by Great Britain.

VON BETHMANN-HOLLWEG REPORTS TO THE

KAISER ON THE GERMAN POLITICAL SITUATION

AMSTERDAM, July 12.—Emperor William had an interview lasting several hours with Chancellor Von Bethmann-Hollweg yesterday and received his report on the political situation, according to a semi-official despatch from Berlin.

The Chancellor also received various party leaders yesterday afternoon, says an official despatch from Berlin.

A semi-official despatch from Vienna says the report in the Vossische Zeitung of an audience that Herr Mathias Arberger the leader of the Centrist party in the Reichstag, had with the Austrian Emperor, is a pure invention. The Crown Prince arrived in Berlin on a special train from the front and yesterday noon attended the crown council at which the Emperor presided.

WILL HAVE NO EFFECT ON FUTURE OF THE WAR

This is the Opinion of Experts in Regard to the German Success on Belgian Front--Shortage of Airplanes Feared.

LONDON, July 12.—The respective official statements furnish the only available details of the German blow against the British front in Belgium. Editorial comment and expert criticism, which is restricted and unilluminative, treat the incident as disagreeable and troublesome, but without great importance intrinsically, and as unlikely to have any effect on the future of the war. It is assumed that, owing to the gale on the Belgian coast, British naval support was impossible temporarily, while the Germans were in a particularly favorable position for such a coup, owing to their formidable coast batteries all along the dunes, which they can move with comparative ease from one point to another.

One comment is that it appears the mishap was preceded by a considerable local display of German superiority in the air, suggesting that the British are suffering from a relative shortage in airplanes.

GLORIOUS 12TH IS OBSERVED

Orange Excursion from Woodstock to Gagetown—Picnics at Nashwaaksis and Geary.

The celebration of the "Glorious Twelfth" in this section of New Brunswick was not ambitious. A picnic was held by the Orangemen at Nashwaaksis and a gathering with addresses took place at Geary. The largest celebration was that of the Woodstock Lodge which ran an excursion to Gagetown over the St. John and Quebec Railway. This was largely attended taking many people from points along the line. The weather was unfavorable, rain falling during the morning and affecting the attendance at all places.

In the city the field sports of the 236th Battalion were held on the square of the officers quarters and were witnessed by a large gathering.

THE BRITISH CASUALTIES NOT HEAVY

London, July 12.—The total British casualties resulting from the German success near Nieuport, Belgium, Tuesday, were about 1,800, including prisoners. These figures were given by Major General F. B. Maurice, chief director of military operations, at the War Office today. The section captured by the Germans, said General Maurice, who made his statement in his weekly talk to the Associated Press, was defended by only two battalions of British.

The German claim of 1,250 prisoners he considered probably accurate.

EAST CLARE ELECTION A POLITICAL EVENT OF MUCH CONSEQUENCE

Unionist Papers See Nothing But Rebellion in the Sinn Fein Movement---Prospects for Irish Convention Not Regarded as Very Bright.

NEW YORK, July 12.—An Associated Press cable from London this morning says: "The election of Edward de Valeria as member of parliament for East Clare, the third Sinn Feiner to be returned to parliament of late, is treated as an event of great political consequence by the morning newspapers, which devote considerable space to the victory."

The tendency of the Unionist press, reflecting their advices from Belfast and Dublin, is to emphasize what it always contended, the folly of the government in liberating Sinn Fein prisoners and refraining to deal with revolutionary talk and acts as such would be dealt with in England. These papers regard the situation as gravely threatening, for they see nothing in the Sinn Fein movement but rebellion.

The Liberal press also is attacked, but rather for the position of the official Nationalist party and for the prospect for the establishment of constitutional Home Rule.

One opinion seems common among all parties, namely, that the prospects of the convention in Ireland to consider Home Rule is seriously impaired if not entirely doomed.

Another view is that the election is an irreparable disaster for the Irish Nationalist party, which many Irish people complain was held together by rigid machine politics.

German Money Used.

The Chronicle says the Sinn Feiners received enormous sums of money from the United States, much of it doubtless from German sources, which enables them to conduct extensive propaganda.

THE GERMAN CHANCELLOR SAID TO HAVE RESIGNED

Resignation Said to be in the Hands of the Kaiser But Has Not Been Accepted--The Political Situation Very Serious.

BERNE, Switzerland, July 12.—The Vossische Zeitung of Berlin says the German Imperial Chancellor Dr. Von Bethmann-Hollweg, has resigned. Emperor William, the newspaper adds, has postponed his decision whether to accept the Chancellor's resignation.

An official communication issued in Berlin yesterday says Emperor William expressed the opinion that the political and constitutional reforms demanded by the Reichstag are such that they concern not merely himself, but his successors, inasmuch as they would be permanent. For this reason the Emperor summoned the Crown Prince to attend one or more crown councils, at which final decisions regarding the extent to which the crown and the government will make concessions to the Reichstag, will be reached.

Equal Voting Rights.

PARIS, July 12.—A despatch from Berne to the Havas agency says Emperor William has addressed to Chancellor Von Bethmann-Hollweg a rescript under the terms of which the bill to be submitted to the Prussian Diet, as a complement of the Imperial message of April 7, must be drawn up on the basis of equal voting rights.

and Hatt swore that the mare was known to be a kicker and that the latter had bought her previously from Mr. W. H. VanWart for such for \$37.50. On the other hand defendant and his witness Norrick, stoutly disclaimed all knowledge of such a fault in the mare before the sale. They protested that no warranty whatever had been given in confirmation of which defendant detailed how plaintiff when buying remarked that from her actions the mare must kick some, defendant replied, "Well, not much."

Some graphic descriptions were given about the circus stunts performed by the mare when the new owner after
