

# The Testing Time!

Russia Prospers

During the first eight months of Prohibition in Russia the Savings Banks reports show savings increased 5,000 per cent. (net).

## Help to Enforce Prohibition

Permanent Prohibition in New Brunswick demands strict enforcement between now and the day when Prohibition may again be voted upon after the war. The whole task of enforcement must not be left to the officers of the law alone. Everyone should help. Eternal vigilance is the watchword.

## Dominion Temperance Alliance

### NEW BRUNSWICK BRANCH

DONALD FRASER  
President  
Plaster Rock, N.B.

REV. THOS. MARSHALL  
Vice-President  
Fredericton, N.B.

W. G. CLARK  
Treasurer  
Fredericton, N.B.

REV. H. C. ARCHER, Executive Secretary  
Fredericton, N.B.

WHEN the test of the world-conflagration called for every ounce of strength in every available man to stem the tide of destruction, one of John Barleycorn's greatest friends, Russia, was the first to abolish the Traffic because it could not meet the test. In good time, when her hour of test arrived, New Brunswick banished the great Drink curse let us hope forever!

After the war, in his turn, John Barleycorn is going to put New Brunswick to the test. Prohibition may again be voted upon after the war.

Every bit of lax enforcement and indifference is just so much ammunition for him to use against us. How does Prohibition meet the test?

## Russia—

Some idea of the enormous effect of Prohibition is afforded by the wonderful example of Russia. In spite of the fact that millions of producers are in the army the savings of the people enormously increased. In 1912 and 1913 they were saving, per year, about \$20,000,000. In the first five months under Prohibition they saved \$60,000,000. In 1915 the banks took in \$265,000,000. For the first half of 1916, the Russian people saved \$300,000,000!

## The Dakotas—

Town and city population in South Dakota under License increased 168 per cent. in 20 years. In the Prohibition state of North Dakota it increased 494 per cent.!

In "dry" North Dakota, for the year 1909, 2,789 men produced \$19,137,000 worth of manufactured goods. In the "wet" Dakota it required no less than 3,602—813 more men—to produce only \$17,870,000 worth of manufactured goods, or \$1,267,000 less!

In 1890 commitments to Insane Asylums in "dry" North Dakota were 40 persons per 100,000 more than South Dakota. After twenty years of Prohibition they were forty less! And the Prohibition State began the period with only about half the population of its neighbor!

South Dakota has since adopted Prohibition.

## PAYMENTS TO DIRECTORS OF VALLEY RAILWAY

Hon. Mr. Foster in reply to Mr. Murray's inquiry in reference to the Valley Railway directors in the House, said:

Q. What are the names of the Directors and Secretary of the Saint John and Quebec Railway Company to whom travelling expenses have been paid and what amount has been paid to each?

A. Travelling and other expenses, including services, have been paid as follows:

Pres. I. R. Todd	\$688.47
Pres. F. W. Sumner	3,679.30
Director W. S. Fisher	935.00
Secretary E. Girouard	2,197.62
Treasurer J. D. Palmer	1,695.40
Director R. O'Leary	3,363.63

\$12,559.42

May 17th, 1917, W. P. Jones, President, E. S. Carter, Secretary-Treasurer, C. O. Foss, Director, received an advance of \$100 each on expense account, and on June 18th, 1917, President W. P. Jones received

check for expenses \$38.48  
Check Engr. C. O. Foss for expenses 59.93  
Advance to H. Ryan, Secretary 150.00

Sec'y to Board, E. S. Carter, expenses 75.36

\$314.77

Q. What are the other expenses referred to in answer to inquiry No. 95?

A. Telephone tolls, freight, etc.

## NORTHCLIFFE ON THE WAR

Boston Mass, June 20.—The war in the opinion of Lord Northcliffe, British commissioner to the United States, is just beginning. In the communication from him read to a meeting to further the Red Cross fund, Lord Northcliffe said he based his opinion on the result of "Much experience at the Front."

### For Belgian Children.

Rev. J. J. Colter acknowledges following donations for Belgian children who have been deported from Belgium: Taymouth school, per A. M. Flewelling, \$20.64; the ladies' auxiliary of the A. O. H., Fredericton, per Miss Wynn, \$11; Mrs. L. Ada Alexander, Milltown, Charlotte county, \$2; total, \$33.64.

J. C. MACHUM,  
Secretary School District No. 2,  
St. Mary's and Gibson. 4ins

## LAST CALL TO WATER CONSUMERS.

Persons owing Water and Sewerage Rates for one or more terms will please take notice that if payment of the same is not made on or before June 23rd, the water will be shut off without further notice.

G. R. PERKINS,  
Collector Water and Sewerage Rates. 2ins

## AN IDEAL TONIC

When your head is dull and heavy, your tongue furred, and you feel done-up and good for nothing, without knowing what is really the matter with you, probably all that is needed to restore you to health and vigour is a few doses of a reliable digestive tonic and stomachic remedy such as Mother Seigel's Syrup. Take it after each meal for a few days and note how beneficial is its action upon the stomach, liver and bowels—how it restores tone and healthy activity to these important organs, and by so doing enables you to gain new stores of vigour, vitality and health.

## MOTHER SEIGEL'S SYRUP

The new 1.00 size contains three times as much as the trial size sold at 50c per bottle.

up a piece of fresh paper and ram it into the spout to prevent the passing off of the least amount of good smell.

## HOW AMERICA IS HELPING

London, June 20.—A despatch to the Daily Mail from British headquarters in France says:

The supply of doctors, anaesthetics and nurses has been immensely increased during the last week or two by the rapidity of the American organization, which already has taken over the complete work of a number of our general hospitals, leaving the staffs of the hospital free for work nearer the front.

"I know of no finer example of American promptitude and thoroughness" the correspondent adds.

Mrs. Eneal Wood Linney of Prescott, Ariz., has passed the examination for admission to the bar with one of the highest averages ever made by an applicant in her state.

## Suffered With Heart For Ten Years

WOULD NEARLY SMOTHER.

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask. in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt writes: "I am not much of a believer so much better that I kept on using them, and can truthfully say I feel like a new woman."

"I would advise anyone with heart trouble to use them." Milburn's Heart and Nerve Pills are 50c., or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Red, Toronto Ont.

## OF INTEREST TO WOMEN.

### LESSON IN COFFEE MAKING.

What Makes Coffee Good is the Very Same Thing That Makes it Smell Good.

Did you ever hear the old saying that coffee that smells delicious in the drawing room always tastes abominable in the dining room? And did you ever stop to reason why it was true?

The fact is, the thing that makes coffee good is the very same thing that makes it smell good. Scientists say that are only four fundamental tastes—bitter, sweet, acid and salt. The thing that gives us pleasure in drinking coffee is its aroma, its smell or its taste—if you will—and this is contained in a highly volatile oil. If we permit it to evaporate or go off in the cooking it is quite clear that there will be less taste in the beverage when it is ready.

For this reason it is really essential to grind your own coffee. Don't give the grocer the privilege of smelling away the flavor from your coffee when he grinds it for you. Get a grinder—a little inexpensive one if you like—it will last a lifetime.

Don't be "Too Previous."

Then, don't do what so many women do—grind the coffee ahead of time. It should be ground the minute before you need it, and it should not even be allowed to stand around for five minutes before you put it into the pot and begin to boil it.

There is one sort of percolator—a very new sort—that makes coffee by means of a little glass globe that contains the water and another glass container with a funnel that contains the coffee. The point is that in making coffee by this device you may be disappointed, for it doesn't smell at all. You could hardly tell that coffee was being made.

But the result is that the beverage made on this type of percolator is full of flavor and requires a minimum amount of coffee.

If you have a coffee pot, or even a clean stew pan with a cover you have the means of making the best coffee you ever drank. That is, if you grind it fresh, make it from freshly boiled water, do not permit the coffee to boil more than three minutes by the clock, drink it just after it is made, and do not permit the smell to go off in the air. If you use a pot with a spout, roll
