PREMATURE EXPLOSION OF SMITH'S GAS BOMBS

Did Not Have to Wait Long for Replies to Insinuating Questions Reflecting Upon The Integrity of the Premier--Member For Carleton Still Making "Trouble for the Party."

Mr. B. Frank Smith, of Carleton, is not a happy man these days, and the reason is not far to seek. In September last he was appointed Minister of Public Works, and held the office until February 24th, when the people voted the government of which he was a member out of office. Mr. Smith feels that he lost a golden opportunity to make a name for himself, and naturally he has not a very friendly feeling for those who were instrumental in landing him into the cool shades of opposition. It seems that recently he had a pipe-dream to the effect that Mr. James Burgess, who resigned his seat in favor of Premier Foster, was to be paid \$5,000 for doing so, and that Mr. LeBlanc, of Restigouche, who offered his seat to the Premier, was to be paid the sum of \$2,000 as a consideration. The member for Carleton lacked the courage to get up in his place in the House and prefer a charge against the Premier, but he hoped that by means of an insinuating enquiry his object would be accomplished. There is an old adage that a lie will travel around the world while the truth is getting its boots

on. But Premier Foster was determined that nothing of the kind should happen in this case. He informed the House that inasmuch as Mr. Smith's enquiries reflected upon his integrity, the usual two days' notice would be waved and answers given forthwith. He then had Mr. Smith repeat the questions, to all of which he gave an emphatic and unqualified denial. He said that Mr. Burgess had voluntarily resigned and that there had been no promise or agreement made to pay him any sum of money. In the case of Mr. LeBlanc, he declared that there had been no offer or inducement whatever made to him, but Mr. LeBlanc had, in the presence of witnesses, generously offered to resign his seat in favor of the Premier. Mr. LeBlanc, from his place in the House, corroborated the denial made by the Premier. Mr. Smith in reply denied that he had made certain statements attributed to him reflecting on the Academics of the province. Mr. Michaud, of Madawaska, who followed, said he would accept the denial made by Mr. Smith.

RETAIL MERCHANTS CONTINUE CAMPAIGN

Committee Appointed Last Night to Further Increased Production in City--Meeting Well Attended.

A meeting of the Retail Merchants' Association was held in the Board of Trade rooms last evening with Mr. C. H. Edgecombe in the chair. There was a large attendance both of merchants and clerks. The subject of food production was fully discussed. Messrs. D. E. Crowe and R. Grover Lee spoke and outlined the work that had already been done concerning increased food production. They announced that several pieces of land about the city had been secured and that they would be worked so as to grow more food stuffs. Mr. H. S. Campbell spoke of the general food shortage throughout Canada and of the imperative need of increased production during the present time. Mr. Tweeddale, Minister of Agriculture then entered the meeting and gave a very instructive and interesting address as to the proper method of procedure. He outlined the assistance which the Department of Agriculture was prepared to give in this important movement.

Dr. B. C. Foster, principal of the High School, spoke on behalf of the high school. He suggested that the scholars would be allowed to co-operate with the merchants in the work. He announced that both the girl and boy students were very willing to do whatever they could to help. This expression was heartily approved by all who were present.

Mrs. M. F. Harvey then entered and spoke of the assistance which the Daughters of the Empire and the Women's Institute would give to help this along. This offer was accepted. A committee was then appointed to look for land and other important affairs. The committee consists of C. H. Edgecombe, Dr. B. C. Foster, R. Grover Lee and Joseph Cain.

Messrs. Ross, Burden and Doherty were appointed on the committee from among the clerks. The meeting then adjourned.

A VIOLENT BATTLE ON FRENCH FRONT

PARIS, May 16.—A violent battle is raging near Moulin de Laffaux, on the French front, where the Germans have attacked in force after an artillery struggle which lasted throughout the night. The official statement of the War Office says the French are maintaining all their positions.

The attack is on a front of four kilometres. The statement follows: "Artillery fighting continued during the night. After a violent bombardment the enemy this morning delivered a powerful attack on a front of four kilometres in the region of Moulin de Laffaux. We maintained our positions in spite of his repeated efforts, and the fighting continues at various points."

"Surprise attacks undertaken by the Germans in the region of Auberville, Avrocourt and Barrenkoht were broken by our fire."

TENDERS FOR CONCRETE CURB AND GUTTER.

Tenders will be received at the office of the City Clerk, City Hall, where plan and specifications may be seen, until 12 o'clock noon, Saturday, May 19th, 1917, for such concrete curb and gutter as the city may require during the present summer.

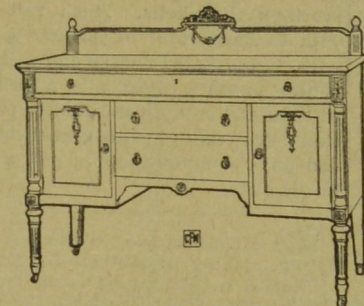

G. R. PERKINS,
City Clerk.

SPECIAL NOTICE.

Fredericton, N. B., May 16, 1917
We, the undersigned committee appointed at a meeting of those interested in greater food production, held in the Board of Trade rooms, May 15th, request a list of those who will volunteer their services, giving in detail the hours of time in each week they are willing to devote to this necessary work. Please communicate immediately with any member of this committee in order to have the list completed. Anyone desiring to assist in undertaking by contributing money, seed, horse labor, use of farm machinery or fertilizer, will please communicate with the said committee.
