## SHOULD KEEP COOL.

The Brockville Recorder does not see any reason why the people of Canada should lose their heads during the impending political contest. It points out that the feeling already engendered in some quarters rather confirms the view expressed by many that the formation of a union government would not in any marked degree mitigate the bitterness that was sure to characterize the election. In fact, if the present frame of mind of the party newspapers be any indication, this contest will produce greater animosity than would have a straight party fight. The Canadian people as a whole are united in their determination for war effort, and for any man or set of men to arrogate to himself or themselves a monopoly of this patriotic ambition, shows lack of sincerity, and is not conducive to the attainment of the object which is uppermost in every mind. The true citizen will in this time of national stress and personal nerve tension be considerate of the honest views of his fellows. Weakness is generated by disunion, and it should not be forgotten that we have to live in harmony if Canada is again to resume her onward march to greatness. Demagogues will endeavor to climb to the eminence of fame by taking advantage of the disturbed conditions which are world-wide, but such success, based on a foundation of treachery to the state and to society, cannot be of permanent duration.

When the war is over, and the public tension eased, we will all wonder why any man had the audacity to charge his brother with disloyalty. Keep steady.

## TOO MUCH CLAPTRAP.

The Montreal Journal of Commerce, an independent paper edited by Hon. W. S. Fielding, a supporter of union government, hands out a sensible piece of advice to certain newspapers when it says:

The Union Government movement does not, in the eyes of sensible men, gain any strength from the announcement so often made nowadays that somebody has been or is to be nominated as a "win-the-war candidate." The phrase is foolish, offensive and grossly misleading. If the announcements of such nominations reach the German lines they will afford much aid and comfort to the enemy, for they clearly convey an intimation that the Canadian people are divided into two parties, one desiring to win the war and one desiring to lose it, a piece of news that may well be part of a situation that encourages the Kaiser and his advisers to persist in the conflict. It is a pity that what to so many people is a good cause has to be supported—if the word can be correctly used—by such foolish methods. There is nobody in Canada, outside of the internment camps, or of possible German spies who have not yet been rounded up, who is not as sincerely desirous as his neighbor to win the war. There are differences of opinion as to the best methods of accomplishing the purpose. Some of our fellow citizens have views which do not commend themselves to our judgment. But the questions on which these differences arise are legitimate subjects for free discussion in a democratic country. There is no reason why any man should assume for himself and his political associates a monopoly of the patriotism of the country. Such action smacks too much of the flag-waving "no truck or trade with the Yankees," policy of not very long ago. The candidate who to win votes resorts to such claptrap will not strengthen himself among fair-minded men.

The capture of Passchendaele by the Canadians is described as one of the most glorious achievements of the present war. The position was of great importance to the Germans and was stubbornly defended by them. Over and over again during the past few years our Canadian boys have demonstrated one thing—that they are more than a match for the famous Prussian Guards and other crack corps of the German army.

"How well they fought, those citizen armies—the ready, resourceful courage of the Canadians, how it saved France and the British army at the second battle of Ypres. How on the heights of Vimy they swept the foe from a position where he had defied the greatest armies of the Allies for two or three years."—Lloyd George, in offering the nation's thanks to the warriors of the Empire.

Field Marshal French, commander of home defences, in a speech yesterday, warned the people of England to be prepared for any eventualities. He intimated that the next surprise might be an invasion of the country.

Sir Wilfrid Laurier will open his campaign by a public meeting in Quebec on Friday evening. He will afterwards go to Winnipeg and upon his return to the east will likely address three or four meetings in the Maritime Provinces.

It has been quite clearly demonstrated during the past week or two that Sir Wilfrid Laurier's friends and admirers are not by any means confined to the province of Quebec.

Hon. C. W. Cross, Attorney General of Alberta, and one of the ablest political generals in the West, will speak at a Laurier Liberal convention in South Winnipeg this evening.

ACIDS IN STOMACH  
SOUR THE FOOD AND  
CAUSE INDIGESTION

"Pape's Diapepsin" fixes sour, gassy, upset stomachs in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now this minute, and rid yourself of stomach misery and indigestion in five minutes.

MARYSVILLE  
TOWN COUNCIL  
IN LONG SESSION

Criticism of Town Treasurer and Tax Collection Resented—Provincial Road Assistance Promised.

Marysville, Nov. 7.—The Town Council, in monthly session Tuesday evening, disposed of considerable business. The full board was present with the exception of Coun. Fullerton. The Mayor presided. Coun. Stafford, for the Finance Committee submitted a report showing the receipts and expenditures for the month, which was adopted. It was decided to take immediate action against the owners of the old telephone line which passes through the town with a view to having the poles put in a respectable condition. An account against the parish of McAdam for maintenance of a resident of that place was ordered placed with the magistrate for prompt collection.

Coun. M. V. Dennison introduced a resolution in support of the movement for turning to the right in passing on the highway. This motion was seconded by Coun. Stafford, who stated that the movement was a good one, and the resolution passed.

Coun. Finnamore, chairman of the Roads and Streets Committee, reported the result of an interview with the Minister of Public Works, stating that he had met with success in his efforts to obtain a grant from the Provincial Government for road purposes, and he anticipated some aid in this direction in the near future.

The Town Clerk was instructed to prepare an agreement to be signed by the Nashwaak Pulp and Paper Company with reference to the matter of connecting their sewer with the one recently installed by the town. Coun. Finnamore drew the attention of the board to the necessity for road repairs on the main highway in the lower section of the town. The necessary repairs were ordered to be proceeded with immediately.

Coun. M. V. Dennison addressed a few remarks to the Council with reference to an article which recently appeared in the press reflecting quite seriously on the capacity of the town treasurer. Coun. Dennison stated that the writer of the article had apparently not taken time to verify some of his statements, as they were in many respects completely erroneous. The writer had rendered an unintentional service to the town by giving publicity to the matter which would undoubtedly result in the elimination of eleventh hour payment of taxes. He also stated that in some unaccountable manner his name has become associated with the affair as being responsible for its inception, and that he had been the target for considerable abuse as a result. He disclaimed any responsibility in the matter, but stated that the action was not unwarranted, and that judging from the bitterness which characterized the wording of the article referred to, it was no doubt the result of jealousy and a tendency on the part of certain individuals to take advantage of the opportunity to "knock" the present town council.

The meeting adjourned at a late hour.

A WARNING  
TO GROCERS

Canadian Press direct wire.)

Ottawa, Nov. 8.—Dealers who have advanced the price of sugar to their customers during the past month are taking an improper advantage of the present temporary shortage, and exacting an unfair profit. Such is the effect of a statement issued last night by the food controller. Mr. Hanna added that there was no excuse for retail prices today being higher than they were a month or six weeks ago. He pointed out that for the month of September the prices of sugar in all parts of Canada were between ten and eleven cents per pound.
