Difference of Opinion.

Upon the preparatory national apeal it is understood that Sir Wilfrid Laurier and Mr. Pardee were in accord. Upon the question of the immediate passage of a conscription measure they differed. The leader believed that to be true to his position and bledges the voluntary appeal and educational campaign must be made before any compulsory measure was placed upon the statute broks. The conscription bill will, it is understood, provide for conscription being brought into operation only by order-in-council "as need arises." The classes to be called out will be called in order, according to the need for reinforcements, as determined from time to time.

All males of military age are liable to be called, but the Premier's statement will, it is expected, make it plain that comparatively few men need fear any immediate "call."

PATENAUDE RESIGNS FROM THE CABINET

Ottawa, June 10. - Hon. E. L. Patenaude, secretary of state in the Borden government has resigned and his resignation has been accepted by Sir Robert Borden. Just when Mr. Patenaude's resignation was placed in the hands of the premier is not definitely known but it was probably late Saturday afternoon. When the cabinet council broke up early in the afternoon Sir Robert Borden was asked as to the adian members of the cabinet had resigned and he said that there was nothing in it. It is understood that a few hours later Mr. Patenaude's letter of resignation was sent to the office of the premier and that it was almost immediately accepted.

It has been known since the aniouncement of the government tion to introduce conscription that Mr. Patenaude has been vigorously opposed to it and that he had on a number of occasions asserted that he would in all probability drop out of the government. It is understood that the reaered his present position untenable in view of the opposition to conscription in the province of Quebec

Financial Field.

Sir Robert Borden has returned from the councils of the Empire with a direct message to the manpower of the Dominion. The soldiers at the front must be supported and the Can adian divisions must be maintained. Every recruit increases the country's war bill. Money is essential to the maintenance of our armies. Those who cannot fight must serve by giving. Every man and woman in Canada has a war work to perform. All can help in the struggle for victory by investing in the Government's War Savings Certificates. Canada has surprised the world with its military and finacial response to war demands. New victories have been won in France by the Canadian divisions. New victories can Miss Margaret Black of Sackville.
