

APPLES, ORANGES, FIGS AND PRUNES

Are The Four Fruits Used in Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives", is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

A SLUGGISH LIVER CAUSES LOTS OF TROUBLE

When the liver becomes sluggish it is an indication that the bowels are not working properly and if they do not move regularly many complications are liable to set in.

The symptoms are a feeling of fullness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, heartburn, waterbrash, etc.

Milburn's Laxa-Liver Pills gently unlock the secretions, clear away all effete and waste matter from the system, and give tone and vitality to the whole intestinal tract, and are by far the safest and quickest remedy for all diseases or disorders of the liver.

Mrs. A. Cummings, Manchester, Ont., writes: "I have used Milburn's Laxa-Liver Pills some time, and can faithfully recommend them to anyone suffering from heartburn and liver trouble. I tried a great many other remedies, but they only relieved me for a time. I believe Laxa-Liver Pills to be a valuable remedy for all sufferers from liver troubles."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers, or mailed direct on receipt of price by the T. Mulburn Co., Limited, Toronto, Ont.

HE HAD JUST TO KNOW WHEN A MELON WAS RIPE

(Chicago News.)

"Excuse me," observed the young man who had formed the habit of leaning over the garden wall, "but how do you tell when a watermelon is ripe?"

"That old chap who sells garden truck around here is supposed to know something about fruit and vegetables, so I asked him. He scratched his left eyebrow and thought it over until the conversation changed its course and he didn't have to commit himself. But I kept right after him and finally he muttered something about the stems turning black."

"That sounded like a reasonable symptom of ripeness to me, so I waited for some of my melons to develop a black stem, but they didn't. I started out then for some other advice on the subject and laid for the iceman."

"Watermelons and ice are inseparable companions, you know, in summer time, so I asked the iceman how I could know when a melon was ripe. He likewise endeavored to avoid the issue, but I held onto him and in the

The professor explained: "All my lifetime, it seems, Public sentiment surely has run to extremes."

Now phonetic spelling's the fad; as a rule,

I was flogged years ago when I used it in school."

GOOD ADVANCE WORK.

(Taylorville Breeze.)
D. E. Bulpitt, the mortician, has presented a handsome fern, which ornamented his front window, to St. Vincent hospital.

NO GRATITUDE THERE.

Teacher — Now Charley, ought you not to be very much obliged to the cow for the milk she gives you every morning?

Charley—Oh, I don't know, she has no use for it herself.

ELEVATING THE WEEK. . . .

Lewis Taylor's back was sprained while lifting the fore part of last week. —Hancock Herald.

Lewis should have lifted it a day at a time.—Roy K. Moulton.

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" fixes sour, gassy, upset stomachs in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now this minute, and rid yourself of stomach misery and indigestion in five minutes.

Probably the world's marrying record for men was created by George Witzoff, whose bigamies astounded the world some years ago. His marriages were variously estimated at from 200 to 800, and it was reported that in the space of a single week he went through marriage ceremonies with ten different women.

course of time he said that when the seeds were black the melon was ripe. Then he broke away.

"That didn't help me much, because by the time I saw the seeds I would know beyond a doubt by several other signs whether the melon was ready. I in my dire extremity I remembered that there is a colored cook from Georgia in the neighborhood and I consulted her. She told me to thump the melon and if it sounded 'ker-bloork!' it was ripe and ready for the ice."

"I went out to my watermelon patch and sounded the melons to see whether any of them had the right tone and every blessed one of 'em sounded ker-bloork when I thumped 'em."

"I knew they couldn't all be ripe, so I looked the matter up in the encyclopedia. According to the encyclopedia a melon has arrived at its highest degree of efficiency when it comes off the vine without being pulled very hard, also, when the melon is scraped a whitish rather than a greenish tint should be disclosed just below the skin."

"I went back to the melon patch and applied these two tests, but there wasn't a melon that could be pulled off the vines without a struggle and there was nothing in evidence but greenishness. It looked as if I would never get a melon at all, so in sheer desperation I selected one at random. It pulled off terribly hard. Its stem wasn't black. I scraped it with my thumbnail and it didn't show any whitish tint, and I can add that its seeds were spotless in their whiteness—but it was the ripest and most tasty watermelon I ever ate in my life!"

"If you have eaten the melon why ask me about it?" asked the young lady on the other side of the wall.

"Because," declared the young man, "when I was picking a melon for myself I could afford to take a chance. But now I wish to make sure of it. I must have a perfect melon this time. You see, I hoped I could get you to accept it."

What are Canada's Victory Bonds?

CANADA'S Victory Bonds are the solemn promise of the Dominion of Canada to the holders that Canada will repay, at the time stipulated in the bonds, their full face value in money, and will pay interest at the rate stated in the bonds, every six months.

As a financial investment Canada's Victory Bonds are in the first rank of the world's investments because:

—the security of the principal and interest is certain as anything human can be, being nothing less than the entire assets of Canada, the pledged honor of the people of Canada and all the assets of all the people of Canada.

—they are the most "liquid" form of investment; they can be promptly turned into cash at any time.

—they bear interest which, if saved and compounded, at ordinary bank interest rates would double the amount of the original investment in about fourteen years.

They are also free from Dominion taxation, present or future.

FOR the investment of estate funds, trust funds, sinking funds and all other funds which by law or other necessity must be invested in unquestioned securities, Canada's Victory Bonds are the premier investment.

Executors, trustees, municipalities and public service corporations and all others with trust or sinking funds to invest, can render to Canada valuable patriotic service by investing their funds in Canada's Victory Bonds.

AND because of the high rate of interest they bear, coupled with their supreme security, there is every reason to expect that Canada's Victory Bonds will increase in value, when peace is declared.

The English Rothschilds laid the foundation of the fortune of that branch of the family by buying British war bonds before the battle of Waterloo, thereby making huge profits from the increase in value which followed the declaration of peace.

BUT Canada's Victory Bonds are much more than merely a sound money investment; they are Canada's renewed pledge to fight the war to a finish, till victory is with the Allies and lasting peace is secured to the world.

Every one of Canada's Victory Bonds bought by you is a new assurance to every Canadian soldier that Canada stands behind him ready to send him food and munitions, and to care for those he has left in Canada.

Canada's Victory Bonds guarantee that Canada will keep on producing the food, the munitions and machines to bring victory to the Canadian soldiers in France, and that Canada will keep the home-fires burning for their loved ones while they are fighting for our freedom.

SO when you buy Canada's Victory Bonds you help Canada finance the war, —you help to maintain the production of food, munitions and supplies which our soldiers must have,

—and the money paid for those products helps to maintain business and industrial conditions by which the productive efficiency of Canada can be kept at high pressure.

Your investment in Canada's Victory Bonds will be a link in the complete chain of helping our soldiers, helping the country and thereby also helping yourself.

Investment in Canada's Victory Bonds is Sound Business Patriotism

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.
