

PALE CHEEKED WOMEN TOLD ABOUT RESTORING A ROSY COMPLEXION

A few years ago the girl with pale, drawn cheeks scarcely knew what to do in order to restore her fading appearance. At that time there was a blood-food medium made that would put color and strength into systems that were more or less worn out.

Today it's different. The blood can be quickly nourished, can be made rich, red and healthy. All you have to do is to take two Ferrozone Tablets with a sip or two of water after meals. The effect is almost magical. Mothers, look at your children. Are they ruddy and strong—do they eat and sleep well, or are they pale, weak and anaemic?

FERROZONE will rebuild them. Take your own case—is your blood strong and rich? Have you that old-time strength and vigor or are you somewhat under the weather? FERROZONE will supply the strengthening elements you require. It is a blood-forming, nourishing tonic that makes every ailing person well.

FERROZONE is a marvellous remedy, it contains in concentrated form certain rare qualities that especially fit it in cases of anaemia, poor color, thin blood, tiredness and loss of weight.

Every day you put off using FERROZONE you lose ground. Get it to day, sold in 50 cent boxes by all dealers, or by mail from the Catarhzone Co., Kingston, Ont.

SUGGESTION FOR TRACING MAIL. New York Merchants' Association Has a New Plan.

New York, March 2.—To remedy in a measure the present chaotic condition of the mail service between the United States and Europe, the Merchants' Association of New York has suggested to the Postmaster General that foreign mail be forwarded in units duly registered so that sender may know in what unit his letter has been placed and if the unit is lost will be certain as to fate of his mail.

WHEN MOTOR CAR RATTLES

How Best to Locate Troubles and Cure Them

There are many unpleasant noises heard when the motor car is in operation and which may be remedied without very much trouble. A hood rattle is most annoying and usually is caused by the holding down device having loose springs. There are so many different types of hood fasteners that specific instructions cannot here be given, but it will be worth the owner's trouble to investigate this small part and determine just how the fasteners can be made to hold the hood more firmly in place. Door rattles and floorboard hums are easily removed by using felt inserts and, although these soon become compressed and the noise returns, they constitute a good temporary remedy. Tools under the front seat often rattle, giving rise to the belief that some part of the car is causing it.

POST NUPTIAL RECEPTION.

An Edmonton, Alta., paper of recent date has the following: The sunny weather brought many callers to the home of Mrs. Willis E. Kitchen, nee Miss Kathleen R. Gillmor, formerly of Esdras, N.B., when Mrs. Kitchen received for the first time since her marriage. Mrs. Kitchen, sr., assisted her daughter-in-law in receiving. Mrs. G. E. Kitchen also assisted in the drawing room, while little Miss Lola Mode opened the door. In the tea room a large candelabra with yellow shaded candles resting on a mirror base, surrounded by smilax, caught with tiny bows of yellow ribbon, formed an attractive centre for the tea table. Yellow chrysanthemums were also effectively used in the table decoration. Mrs. Mann poured the tea and Mrs. H. R. Gill cut the ices. Assisting in the tea room were Mrs. R. Scully, Mrs. J. W. Bateman, Miss Anna Kitchen and Miss Cora Grant.

JEWELERS URGED TO ADVERTISE AT HOME

The Local Newspaper Called the Best Weapon Against Mail Order

Competition.

(Minneapolis Journal.)

"You have in the local newspaper an advertising medium in your home town far better than any mail order concern has," Norman R. Williams, of Chicago, told the convention of Minnesota and North Dakota Retail Jewellery men at the Radisson hotel today.

"There is the perfected means for the retailer to distribute information about his goods and store with consistent regularity and at minimum cost."

Mr. Williams was speaking of mail order competition and catalogues.

"The retailer who is not using his local newspaper for advertising is overlooking the biggest trade building possibility available to him," he said. "There is nothing that equals newspaper advertising for the retailer. It makes it possible for him to keep up that eternal pounding away which must be kept up at an outlay he can meet."

"If you are going to advertise your store right you will use the newspapers consistently the whole year through. You can afford to do it. What you can't afford is not to do it, if you are looking for the greatest possible profit from your business."

Jewelers have about given up hope of getting men to wear wrist watches, Col. J. H. Shepherd of New York, told the convention. Ridicule on the vaudeville stage has had much to do with the case, he said.

When You Can't Sleep

YOU SHOULD USE

MILBURN'S HEART AND NERVE PILLS

Sleeplessness is caused by the nervous system becoming deranged.

Perhaps too much worry has gotten on your nerves, perhaps you have overworked yourself, or have been excessive in your use of tobacco, but whatever the cause, the nervous system must be built up again before restful sleep can be assured.

Those whose rest is broken into by frightful dreams, nightmares, sinking and smothering sensations, who wake up in the morning as tired as they went to bed, can have their old, peaceful, undisturbed, refreshing sleep back again by using Milburn's Heart and Nerve Pills.

Mrs. John Sloan, Haley Station, Ont., writes: "Over a year ago I was very nervous. I could not sleep at night, and I would faint at the slightest fright. I tried several doctors, but they did me practically no good. I noticed your advertisement and immediately tried Milburn's Heart and Nerve Pills, and I am proud to say they cured me."

Milburn's Heart and Nerve Pills are 50c. a box or three for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CABINET COUNCILS

How British Affairs of State Are Strictly Guarded

In England Cabinet Councils are conducted in the strict privacy, although very occasionally important officials and other outsiders have attended a meeting for the purpose of giving information or advice on specific matters; while the remarkable step was taken of inviting Sir Robert Borden, as Prime Minister of Canada, to attend one of the meetings while he was in England. Otherwise the most stringent measures are adopted to secure the inviolability of Cabinet proceedings. Trusted janitors keep watch outside to guard against the possibility of eavesdropping, while the very blotting pads are destroyed after each meeting lest they should betray anything that has taken place.

Touching this matter of Cabinet secrets, by the way, Mrs. Lloyd-George remarked in a public speech that she, at least, could not disclose any, since her husband never told them to her, but it is well known that other Cabinet Ministers have not always been equally discreet. In this connection it may be recalled that the famous Lady Holland once asked, at one of the Whig consultations at Holland House, why her husband should not be Foreign Secretary. "Why, ma'am," said Lord John Russell, bluntly, "they say you open all Holland's letters." Mr. Gladstone, on the other hand, was of opinion that a Minister need have no secrets from his wife, and how nobly Mrs. Gladstone justified his confidence is well known.

Another aid to the preservation of Cabinet secrets is the system of communication between the members which is adopted. This is effected by the circulation of special despatch boxes, and one of the most important possessions of each Minister is the "key" which unlocks all these boxes. In all memoirs of Ministers will be found constant reference to "sending round a box," groans at the arrival of "piles of boxes" from other departments, and so on. When a Minister wishes to circulate some memorandum among his colleagues for information or comment he does it in this way. Altogether the Cabinet is a very wonderful institution.

If a girl wants a man to think her superior she shouldn't flirt with him; if she wants him to think her perfect, she shouldn't fall in love with him; if she wants him to think a lot of her she shouldn't marry him.

TEething TIME A TIME OF WORRY

When baby is teething is a time of worry to most mothers. Baby's little gums become swollen and tender; he becomes cross, does not sleep well; is greatly troubled with constipation; colic or diarrhoea and sometimes even convulsions seize him. During this period nothing can equal the use of Baby's Own Tablets. They regulate the bowels and stomach and make the teething so easy that the mother scarcely realizes baby is getting his teeth. Concerning the Tablets, Mrs. Arthur Archibald, New Town, N. S., writes: "I used Baby's Own Tablets when baby was getting his teeth and I found them an excellent medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

There's no fun like work. This is painted in letters of gold on a large sign which hangs on the office wall of one of New York's eluding dry goods houses.

WIRELESS RECEIVED CON- CERNING GERARD

London, March 2.—A wireless despatch received from Spanish steamer Infanta Isabel, on which James W. Gerard, the former American ambassador to Germany, and his party are passengers, says:

"Finisterre, 8.30 p.m. Wednesday—Passed German danger zone without incident. Weather delightful."

The despatch was sent by the Daily Mail correspondent, who is on board the steamer.

DEPRESSION IN LACE INDUSTRY.

Berne, Switzerland, via Paris, Mar. 2.—Great Britain's ban on importations is expected to affect very seriously the Swiss lace industry. A large number of manufacturers at St. Gall announce suspension of operations on account of a great diminution of output. Many employees have been served with legal notice of discharge.

"WORKS BOTH WAYS."

The getting of two distinct values when purchasing one article applies pretty generally in the field of merchandise these times, extending even unto liniments. While most articles of this nature are intended for external use only, a notable exception is the famous Johnson's Anodyne Liniment. Powerful enough for every requirement of outside application when needed for sprains, strains, muscular rheumatism, all aches, pains and soreness, it is, in addition, a wonderfully effective preparation for internal use in the cases of colds, coughs, sore throat, cramps, chills, etc., when necessary that its remarkable soothing and healing qualities go direct to the seat of an inward trouble. Thus, in Johnson's Anodyne Liniment you get two in one—internal and external use—the double value liniment, as it is known. Over 100 years of splendid service to humanity has made Dr. Abner Johnson's prescription a household word, and present day users speak of it as "an angel in disguise."

Figures may not lie, but estimates are often misleading.
