CIVIL SERVICE ACT IS DISREGARDED BY GOVT.

Liberals Ask Many Questions in the House Of Commons---Tinsmith and Plumber Gets a Job as Superintendent of Advertising---Col. John Standfield's Alleged Resignation Discussed.

Ottawa, April 20.—Before any progress was made in the House with individual items of supply this afternoon the Liberals opened a general discussion in the procedure of appointments to the civil service. Hon. Chas. Murphy used the term "revolutionary" in referring to them and laid emphasis upon the fact that appointments could now be made without reference to the civil service commission and without regard to age. The minimum age of 18 and the limit of thirty-five had been wiped out. He thought some explanation was due the house.

Hon. Dr. Reid, whose customs estimates were before the committee of supply, pointed out that as the regulations stood formerly it was necessary for the government to take into its services men between eighteen and thirty-five.

"I thought it was hardly fair for us to fill positions in the government service with men qualified for overseas service," he said. "The change had been chiefly made to enable the government to fill positions with men who had seen service overseas."

"I have since then filled every position with a returned soldier," he added, explaining that in small positions with nominal salaries there were exceptions since they were not places that could be offered to an ex-soldier who had to make a living.

When the estimates for the printing bureau were under discussion, J. C. Turritt asked an explanation of the appointment of G. Francois Dugas, a former Bank street grocer, to the position of superintendent of distribution, and E. J. Laverdure, a former tinsmith and plumber, as superintendent of advertising.

Hon. E. L. Patenaude promised the information at a future date.

The method of conducting business on the Transcontinental from Toronto to Winnipeg was condemned by Mr. Turritt. He described the difficulty he had had in securing a sleeping car

berth at Toronto and the miscarriage of a telegram he had filed at Cochrane.

The I. C. R. Policy.

John Sinclair, of Guysboro, questioned Hon. Mr. Cochrane as to the truth of reports that the resignation of Frank Stanfield in the Nova Scotia Legislature and the resignation of John Stanfield as chief Conservative whip, had forced him to change his policy of insisting upon a business administration of the Intercolonial, regardless of politics and patronage.

The minister declared that his policy always had been to get the best men for the posts to be filled.

"The minister has not said that it is not his intention to change his policy" put in Mr. Sinclair.

For a moment or two it looked as if Mr. Cochrane was not going to reply—then he remarked bluntly, "I said exactly what I meant."

Then W. E. Knowles, of Moose Jaw, tried it. He paved the way by a tribute to the business-like manner in which Mr. Cochrane had administered the railway, but in view of the possibility that the Dominion might take over other railways, it was important that the minister should—if he could—give a categorical denial to the statement credited to Mr. Frank Stanfield, that the minister had had to capitulate.

"I do not know what statement Mr. Stanfield made in the provincial house and I do not care," said Mr. Cochrane, shortly. "And I am not going to contradict any statement I have not seen."

In reply to a question, Hon. Dr. Reid stated that for some time past all requisitions of ships of Canadian registry needed by the British government for the war had been made through the Canadian government. The request was made by the British authorities and the Canadian government itself requisitioned the ships, then turning them over to the Imperial government.

The House adjourned at 6 o'clock.

REPLENISH YOUR BLOOD IN THE SPRING

Just now you are feeling "out of sorts"—not your usual self. Quite exhausted at times and cannot devote real energy to your work. Sleep does not rest you and you wake up feeling "all tired out." Perhaps rheumatism is flying through your muscles and joints or may be your skin is disfigured by rashes, boils or pimples. Headaches, twinges of neuralgia, fits of nervousness, irritability of temper and a disordered stomach often increase your discomfort in the spring.

The cause—winter has left its mark on you. These troubles are signs that your blood is poor and watery, that your nerves are exhausted. You must renew and enrich your blood at once and restore tone to your tired nerves, or they may be a complete breakdown. The most powerful remedy for these spring ailments in men, women and children is Dr. Williams' Pink Pills for Pale People, because these Pills cleanse and blood and strengthen weak nerves.

New, rich, red blood—your greatest need in spring—is plentifully created by Dr. Williams' Pink Pills, and with this new, pure blood in your veins you quickly regain health and increase your strength. Then your skin becomes clear, your eyes bright, your nerves strong, and you feel better, eat better, sleep better, and are able to do your work.

Begin your spring tonic treatment to-day for the blood and nerves with Dr. Williams' Pink Pills—the Pills that strengthen.

These Pills are sold by most dealers, but do not be persuaded to take "something just the same." If you can't get the genuine Pills from your dealer they will be sent you by mail, post paid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

TUG EVA JOHNSTON

(Continued from page 8.)

The larger driving operations will begin next week. Mr. J. M. Scott, the operations manager for Fraser Limited, will send crews to the Clear water and the Miramichi on Tuesday next. Mr. Guy Morrison said today that there was no word from the head of the St. John river, it being too early for driving to begin, but that there would be something started within a few days.
