## Row in the Black Hills.

There was trouble in the Black Hills last night, said to have resulted from over-indulgence in election booze distributed at the Gibson poll by Government workers. A colored gentleman called upon a colored lady. The colored gentleman's wife objected and to force her spouse to return home she broke all the windows in the other lady's house. The landlady objected to the whole proceedings and everybody concerned visited the police magistrate this morning. His Honor let them go on condition that the damage was made good.

## Mr. Mr. Daggett's Case.

The case of Mr. J. B. Daggett, the partizan Secretary of Agriculture, is causing some amusement in political circles about the city. In a political speech at the Sunbury convention he said: "Let me say that the Opposition will have no more right to dismiss me on the morning of February 25th than they have today. If by a miracle they should come into power, they would not have the privilege of dismissing me. I would resign and walk out with my friends." It would appear from this that the resignation is nearly due.

## Believed Killed in Action.

The name of John F. Dolan, Fredericton, appears in the casualty list today as believed killed in action. Private Dolan was with the 6th Mounted Rifles. Last summer, when that corps met with heavy casualties, he was announced to be missing. Since that time he was believed to be a prisoner in Germany, although letters from men who had been taken prisoner stated that he had been killed in action. The casualty list now appears to confirm that report. He was a son of Mr. and Mrs. James Dolan of this city, and a brother of Mr. D. Leo Dolan and Mrs. E. G. Colby.

FRANK SMITH SENT TO INDUSTRIAL HOME ON TWO YEARS' TERM

Alex. Thompson Further Remanded---Magistrate Strongly Criticizes Conditions at County Jail---Boys Both in Vermincus State

Frank Smith, of this city, was sentenced to two years in the Boys' Industrial Home this morning by Police Magistrate Limerick. The sentence was for a break and robbery at the drug store of Alonzo Staples early in January. Alex. Thompson, who is held for the same offence, was further remanded.

When the two boys were brought from the county jail this morning the police found that their bodies were infested with vermin. To avoid the danger of making the cells verminous, the boys were kept in the guard room and were not taken into the court room for hearing.

At the request of the Magistrate, Mayor Mitchell and Ald. Walker, chairman of the Administration of Justice Committee, were present at the hearing. His Honor made some caustic reference to conditions at the jail when prisoners were allowed to get in such a state. Young Smith's statement that adult prisoners had been placed in the same cell with him on two occasions, caused the Magistrate to say that the Dominion Statutes distinctly forbade adult prisoners being placed with juveniles.

Ald. Walker said there would be a joint meeting of the Administration of Justice committees of the city and the
