**SIR WILFRID CONFERS WITH FRIENDS IN MONTREAL**

Was the Guest of the Reform Club at an Informal Luncheon at Noon--Important Developments are Expected Soon at Ottawa---Life of Parliament Expires on Sunday Next

Montreal, Oct. 1. — Sir Wilfrid Laurier returned to Ottawa tonight, after having had conferences today at the Windsor Hotel with prominent members of the Liberal party, presumably with reference to the coming general elections. Nothing was divulged as to what took place. It is generally understood that the party leaders here have no thought of any other chief at present than Sir Wilfrid. The opposition leader was the guest of the Reform Club at noon at a quiet luncheon, at which there were no addresses.

**Premier Back in Ottawa.**

Ottawa, Oct. 1. — Sir Robert Borden's first day in the capital after his brief holiday was not productive of any definite announcements in regard to government reconstruction, the formal dissolution of parliament or government appointments.

The cabinet council was in session for two hours in the late afternoon. Subsequent to the meeting Sir Robert said he had no announcement of any kind to make, but he intimated that there might be something of interest to make public in a day or two. It probably will be Wednesday or Thursday before there are important developments at the capital. Formal dissolution of parliament, which otherwise would die a natural death on Sunday next, is not expected until towards the close of the week.

**INVENTION MAY REDUCE TOLL OF SUBS**

(Canadian Press direct wire.)

Salt Lake City, Oct. 2.—Intimation that the invention of a Salt Lake City man will reduce the toll of German submarines is made today by officers of the navy recruiting here. The inventor is James Fenton, and the invention consists of a projectile which can be fired at a moment's notice and strike an object submerged eighty feet or less in water.

Other than making this statement, Capt. Edwin Guthrie, of the naval recruiting force, refused to comment on the invention. He said that full particulars would be sent to the government and that for obvious reasons it was best that secrecy should prevail.

**Cases of Illegal Fishing.**

Six cases of violation of fishery regulations will be heard before Police Magistrate Limerick tomorrow. All are from Kingsclear and the offense alleged is fishing for salmon with nets during the prohibited season. There are two cases of assault, two of the poachers throwing rocks at the warden who caught them. This morning Samuel Kelly of Kingsclear, pleaded guilty in the police court to a charge of illegal netting of salmon. He was remanded to jail until tomorrow.

**2,500 MEN FROM MCGILL.**

(Canadian Press direct wire.)

Montreal, Oct. 2.—McGill University has sent almost 2,500 men overseas since the war began, so Principal Peterson stated yesterday in his opening address to the students who are enrolled for the winter season.

**AN IMPORTANT FIND.**

(Canadian Press direct wire.)

Regina, Oct. 2.—Word comes from Gouverneur, Sask., of the discovery of flint pebbles, a material used in the manufacture of cement, and which has hitherto been imported from Sweden.

Meanwhile a number of appointments are likely to be put through. In addition to one vacant senatorship in Ontario which can be filled before dissolution, and certain vacancies in the judiciary, there are a couple of important posts in the house of commons staff to be filled. These are the clerkship of the house, made vacant by the retirement of Dr. T. B. Flint, and the post of sergeant-at-arms, which was held by the late Lieut.-Col. Smith, who died suddenly at Kingston a few days before the house adjourned. The western senate appointments, designed to give the west a group of twenty-four representatives in the upper chamber, cannot be filled until after the dissolution of parliament.

**Election in January?**

While plans are being made for the holding of the general election in December, the impression is growing that it may be found impossible to have the voting take place before January. The revision of the lists, in accordance with the provisions of the war time elections act, the printing of the same and all the other necessary arrangements for the contest at the polls may consume so much time that nominations cannot take place until December with the voting four weeks later.

**Endorsed by Conservatives.**

Guelph, Ont., Oct. 1. — At a meeting of the executive committee of the South Wellington Liberal-Conservative Association held here today the resignation of Lieut.-Col. Kelly Evans as standard bearer for the riding, which had been in the hands of the secretary, was accepted. Col. Kelly Evans, who was in attendance, expressed his pleasure at the attitude of Hugh Guthrie, M. P., on the questions of the day, stating that he could not oppose the Liberal member and that he would do all in his power to secure Mr. Guthrie's re-election.

steadily improving and his friends hope to see him home before long.

The school at Pemberton Ridge was without a teacher until September 17, when it reopened under the management of Miss Florence McNeilin, who has taught in the same school twice before.

Mr. and Mrs. Matthew Cropley went to Bancroft, Me., on Tuesday to visit their daughter.

Miss Tressie Lewis left on Friday for Bath, Me., where she will visit her brother until the Gordon Bible school at Boston, which she attends, reopens.

The home of Mr. and Mrs. Hanford Gould at Pemberton was the scene of a happy event on Wednesday, September 26th, when their eldest daughter, Leah May, was united in marriage to Lester E. Wood of Fosterville, N. B. Rev. C. N. Barton performed the ceremony which took place on the verandah in the presence of about seventy invited guests, relatives of the contracting parties. The bride's sister, Miss Grace, played the wedding march while the bride party took their places under an arch of Autumn leaves. The bride who was charmingly attired in a dress of white silk carried a bouquet of sweet peas and

fern. Supper was served shortly after the ceremony. In the evening after the bride and groom had received a generous shower of rice, and the assembled crowd had made the usual racket refreshments were served and the guests, young and old amused themselves for some time playing games in the moonlight. The bride was the recipient of many beautiful and useful presents, chief among them being the gift of fifty dollars from her parents. The happy couple left on Friday for a trip by auto to Fredericton and other places
