## OF INTEREST TO WOMEN

## THRIFT AND APPRECIATION.

For a year or more housewives have been working away at our campaign of war time food economy. Surely everyone has awakened to the fact that winning the war means in a large measure conserving the food supply, and the work of conserving food is in the hands of the housewives.

After several months of realization, what is your verdict? Have you been less fully nourished? Have you noticed any impoverishment, or have your meals been less palatable? Do you find that members of your family bring a duller appetite to the meals because they may not look forward to luxuries and dainties?

The answer is probably No, to all these queries.

## A New Interest Awakened.

The fact is that one of the most pronounced results of the campaign for food thrift has been the awakening of a new interest in food matters generally, a quickening of the appetite, and actually better nourishment for most persons.

Never before has cooking seemed so worth while to many housewives. If they have felt an interest in it they have at the same time felt a little bit ashamed of themselves for this inter-

est. The young bride boasted of the fact that she couldn't cook. If she could she envied friends who didn't and felt somehow her homely ability made her less entertaining.

## Cooking is Real Important.

But now cooking, buying and apportioning of food supplies and all the other activities connected with feeding mankind have gained a position of real importance. The bride feels she is doing as much toward making the family income as the husband. The wife of the soldier feels she can do almost as much to gain victory as he—for she can, by clever management, save enough in her kitchen to feed him.

The most enjoyable result of the food campaign is the fact that everybody nowadays has a good appetite. We are not over-supplied with luxuries and that makes us fond of plainer foods, which are more carefully cooked than they used to be. And when we do have a luxury we appreciate it more than we ever did before.

GIRLS! GIRLS! TRY IT!  
STOP DANDRUFF AND  
BEAUTIFY YOUR HAIR

HAIR STOPS FALLING OUT AND  
GETS THICK, WAVY, STRONG  
AND BEAUTIFUL.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through it your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.
