## PRESIDENT WILSON COMES OUT STRONG FOR WAR

Congress in Joint Session Listened to Notable Address by the Chief Executive--German Barbarism a Challenge to all Mankind--Advises Congress to Formally Accept the Status of Belligerent--Principles of Justice Must Vindicated.

Washington, April 2.—President Wilson tonight urged Congress, assembled in joint session, to declare a state of war existing between the United States and Germany.

In a dispassionate but unmeasured denunciation of the course of the Imperial German government, which he characterized as a challenge to all mankind, and a warfare against all nations, the President declared that neutrality no longer was feasible or desirable where the peace of the world was involved; that armed neutrality had become ineffectual enough at best, and was likely to produce what it was meant to prevent, and urged that Congress accept the gage of battle with all the resources of the nation.

"I advise that Congress declare the recent course of the Imperial German government to be, in fact, nothing less than war against the government and people of the United States," said the President; "that it formally accept the status of belligerent which has thus been thrust upon it, and that it take steps not only to put the country in a more thorough state of defence, but also to exert all its power and employ all its resources to bring the government of the German Empire to terms and end the war."

#### Resolutions in Congress.

When the President had finished speaking, resolutions to declare a state of war existing were introduced in both Houses of Congress, referred to appropriate committees and will be debated tomorrow. There is no doubt of their passage.

The objects of the United States entering the war, the President said, were to vindicate the principles of peace and justice against "selfish and autocratic power," without selfish ends for conquest or dominion, seeking no indemnities or material compensations for the sacrifices it shall make. The United States must enter the war, the President said, to make the world safe for democracy, as only one of the champions of the rights of mankind, and would be satisfied those rights were as secure as the faith and freedom of nations could make them.

The President's address was sent in full to Germany by a German official news agency for publication in that country. The text also was sent to England and a summary of its contents was sent around the world to other nations.

To carry on an effective warfare against the German government, which he characterized as "a natural foe to liberty," the President recommended:

The utmost practical co-operation in counsel and action with the governments already at war with Germany.

The extension of liberal financial credits to these governments, so that

### WELL KNOWN FARMER GIVES HIS EVIDENCE

SAYS DODD'S KIDNEY PILLS CURED HIM OF GRAVEL.

Mr. William Wood, of Hadlington, Ont. is Added to Long List of Cures by the Great Canadian Kidney Remedy, Dodd's Kidney Pills.

Hadlington, Ont., April 2.—(Special) Mr. William Wood, a well known farmer living near here, is shouting the praises of Dodd's Kidney Pills. He claims they cured him of two of the most painful and dangerous forms of kidney trouble, bladder trouble and gravel.

"Yes, I was troubled with gravel and bladder trouble," Mr. Woods said when asked about his cure. "But since I took four boxes of Dodd's Kidney Pills my troubles are gone. I also had heart flutterings and shortness of breath. There were flashes of lights and specks before my eyes and I was very nervous. All these troubles have gone too since I used Dodd's Kidney Pills."

Others in this neighborhood have used Dodd's Kidney Pills and found that they are the greatest of all remedies for kidney troubles of any kind. Dodd's Kidney Pills are specialists. They cure sick kidneys and that is all they claim to cure. The reason they are given credit for curing rheumatism, lumbago, dropsy, diabetes and Bright's disease is that all of these diseases are caused by sick kidneys. Dropsy, vagabond, tooth, ovbkgkcmfwbk

the resources of America may be added, so far as possible, to theirs.

Organization and mobilization of all the material resources of the country.

Full equipment of the navy, particularly for means of dealing with submarine warfare.

An army of at least 500,000 men, based on the principle of universal liability to service, and the authorization of additional increments of 500,000 each, as they are needed or can be handled in training.

Raising necessary money for the United States government so far as possible, without borrowing, and on the basis of equitable taxation.

All preparations, the President urged, should be made in such a way as not to check the flow of war supplies to the nations already in the field against Germany.

Measures to accomplish all these ends, the President told Congress, would be presented with the best thought of the executive departments which will be charged with the conduct of the war, and he besought consideration for them in that light.

#### Scenes of Enthusiasm.

President Wilson's appearance before Congress was marked by a scene of the greatest enthusiasm ever shown since he began the practice of delivering his addresses in person. Crowds on the outside of the Capitol cheered him frantically as he entered, and as he left.

Congress roared cheer after cheer in an outburst of patriotic enthusiasm. The only members who appeared not to be joining in the demonstration were some Senators in the group who the President branded as "wily men" who, by preventing a vote of the armed neutrality bill, had made the "great government of the United States contemptible."

Chief Justice White was among those who cheered loudly, and there was no division of spirit between Republicans and Democrats.

### HOSPITAL EXTENSION LIKELY TO BE DELAYED

Hon. Judge Crockett presided at the monthly meeting of the Hospital trustees yesterday afternoon, and the other members present included Vice-President Hawkins, His Worship Mayor Mitchell, Coun. Harry Smith, Dr. Kierstead and the Secretary-Treasurer.

Miss Murray, the superintendent, in her report shows that the contagious wing, after a brief time in use, is again unoccupied and nurses released for work in the general department where the nurses are feeling the strain of caring for a number of typhoid patients. During the month sixty-three cases were treated, several of which were surgical cases. There was one death.

A carefully prepared financial report showing the securities held by the board was submitted through Mr. Hawkins, and was satisfactory to the members. This important committee is composed of the president, Mr. Hawkins, and Mr. Gregory. It was shown that the secretary-treasurer holds cash in trust for heirs of two persons who died in the hospital, and the amounts are on deposit in the savings department of the Bank of Montreal.

The failure of any person to administer on either estate has kept the money in custody of the hospital.

These cases have been handed to Mr. Hughes to look into with the hope of satisfactorily adjusting the same.

The president made a further report from the by-law committee, but it is possible legislation will be necessary before the committee's work is completed.

The President also made a statement respecting the projected construction of the new Fraser hospital. It is possible Mr. Fraser will not proceed with the work the present year, owing to the unsatisfactory condition of the markets.

#### FILIBUSTERS AT WORK.

Washington, April 3.—The adjournment of the Senate today was marked by a stormy scene in which Senator La Follette, by objection, forced consideration of the war resolution over until tomorrow, and Democratic leader Martin then forced an adjournment to cut off La Follette.

#### SEATTLE WON LAST NIGHT.

San Francisco, April 3.—The Seattle Metropolitans defeated the Montreal Canadiens last night in the second of the post championship games, 5 to 2.

### Baby Carriages, Go-Carts

Guaranteed to do the work or money refunded. Waterproof dyes in thirty minutes. Call in and talk COLORITE.

## LAWLOR and CAIN

OPPOSITE NEW POST OFFICE

### SUITABLE HORSES HARD TO FIND IN THIS SECTION

Horses suitable for the cavalry and artillery of the French army appear to be scarce in this section. Capt. de Belleville, who represents the French authorities, inspected a large number at P. S. Watson's livery stable yesterday afternoon, but passed so few that it was not considered worth while buying any. The showing made by the horses gathered in this section of New Brunswick was so disappointing that all other inspections in this province were cancelled and Capt. de Belleville and his associates left for Wolfville, N.S.

It is expected that they will return to New Brunswick shortly and buy horses in smaller lots than they first intended.

#### Donations to Fire Dept.

Chief H. C. Rutter, of the Fire Department, is in receipt of a cheque from Mrs. Charles N. Clark as a token of appreciation of the work of the firemen at a recent fire at her residence. Chief Rutter also has received from Mr. A. Sherwood a cheque which is a token of appreciation of the firemen's services rendered on Saturday last when there was a fire at his home.
