THAT NIGHT COUGH

Could anything be more trying or more exhausting? Peps will end it! The Pine vapor breathed down the air passages when a Peps is dissolved in the mouth relieves the irritation, soothes the inflamed place and stops the cough.

Mr. John Doussept of Little Current, Ont., says: "I was troubled with an irritating cough that kept me awake at nights. Nothing I took gave me relief until I used Peps. This wonderful breathe-able remedy, however, has entirely rid me of the cough."

For asthma, bronchitis, laryngitis, sore throat and colds use Peps. All dealers. 50c. box.

THE RUSSIANS WILL OFFER AN ARMISTICE

(Canadian Press direct wire.)

Petrograd, Nov. 21. — The formal offer of an armistice to all the belligerents which the council of people's commissaries of all-Russian workmen's and soldiers' congress proposes to make shortly, is not intended to forecast any effort toward a separate peace. On the contrary, it is declared definitely that not only is a separate peace not desired but that the rejection of the armistice proposed by Germany, even should it be acceptable to the Allies would mean a continuation

OFFICIAL STORY OF NAVAL FIGHT

(Canadian Press direct wire.)

London, Nov. 21. — The British admiralty this evening issued a report dealing with the engagement Saturday off Heligoland bight between British and German naval forces. The statement says:

"The British forces sighted shortly before eight o'clock in the morning four light cruisers, accompanied by destroyers and mine sweepers or patrol vessels. The latter made off to the northeast, a destroyer sinking one by gunfire. A number of the survivors were rescued.

"The enemy light cruisers and destroyers turned off toward Heligoland and were pursued by the British advanced forces through the minefields.

Huns Hid Behind Smoke Screen.
"A running engagement occurred under a heavy smoke screen until four enemy battleships and battle cruisers were sighted. The advanced forces then broke off the engagement and turned back to meet their supports outside the mine fields.

"The enemy did not follow our vessels outside the mine fields. Our vessels report that during the action they scored a number of hits on the enemy. One light cruiser was seen to be on fire, a heavy explosion was observed on another, while a third was dropping behind, evidently damaged, when the fight was broken off.

"The destruction of the ships was prevented by the presence of the enemy's large vessels and the proximity to Heligoland. The damage to our vessels was slight, but some casualties were caused to officers and men in exposed positions."

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores.

my Tea?

My! This certainly
IS good
Tea

The woman on the left bought some "cheap" tea. You can see she's not pleased. She's sorry now she tried to save a few cents by buying the "cheap" tea.

How different with the woman on the right. The fragrance of her tea tells her how good it is. She paid a few cents more for Red Rose Tea than the other woman paid for her "cheap" tea—and besides Red Rose will prove more economical in the end!

Because of the rich flavor and vigorous strength of the Assam teas of which Red Rose chiefly consists, it will make 250 cups to the pound, or about a fifth of a cent a cup. So cheap that the very poorest can afford it, so good that the rich can find nothing better.
