ary 1st, 1918.

The Canadian Railway War Board
has extended the time for their recent
order regarding the early closing of
railway freight sheds until January 1st,

vised that on the Canadian Govern-
ment Railway lines the regulations at
present governing the opening and
closing of freight sheds will continue

OF INTEREST TO WOMEN

GOOD AUTUMN RECIPES.

Baked Cabbage.

Boil a firm cabbage 15 minutes, then
change the water and boil again until
tender; drain and set aside until per-
fectly cold. Chop fine and add 2 well
beaten eggs, a piece of butter size of
an egg, pepper and salt to taste, three
teaspoonfuls of rice, milk or cream.
Stir well, and bake in a buttered dish
until brown. Serve very hot.

Apple Dumplings.

Peel and slice four or five good sized
tart apples, place in a kettle, cover
with water and sweeten with part mol-
lasses and part sugar. When apples
are tender, then make a dumpling
dough of a heaping cupful of flour, two
teaspoonfuls of baking powder, a pinch
of salt, add milk to mix and then add
1 tablespoonful of melted lard or but-
ter.

Be sure that the apples have suffi-
cient water and add a little nutmeg
or cinnamon as preferred, and drop
the dumpling dough in by spoonfuls.
Cook without uncovering for ten min-
utes.

Ginger Apples

- 5 Qts. Firm Tart Apples
- 1 Oz. Preserved Dry-Ginger
- 5 Lbs. Brown Sugar
- 2 Lemons
- 5 Cupfuls Water

Core and pare the apples and cut
them into small pieces, about the size
of dice. Make a sirup of the water and
sugar; skim carefully and add the grad-
ed peel and juice of the lemons, and
the thinly sliced preserved ginger. Add
the apples to the sirup and boil till
the apples are clear and well cooked.
Put into glass jars and seal. This is
excellent served with meats.

HERE AND THERE.

To make a faded dress white, boil it
in two gallons of water in which a half
cupful of cream of tartar is dissolved.

When washing or rinsing colored
material, add a tablespoonful of ep-
som salts to each gallon of water and
even the most delicate shades will
neither fade nor run.

When working a pattern in crochet
work, first make the chain and whip
it to a piece of muslin. This is a great
help, as one can work much faster
and more easily than on the chain, it-
self. After starting the work it can
be ripped from the muslin.

Essence of peppermint applied with
a soft cloth and rubbed vigorously will
remove white spots from highly pol-
ished surfaces on furniture.

TROUBLE HAS BLOWN OVER

London, Nov. 19.—Latest diploma-
tic reports from Holland seem to in-
dicate that the threatened revolution
there has blown over. Crowds paraded
the streets of The Hague yesterday
wearing orange ribbons, says reports,
which are unconfirmed.

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and
snuffling! A dose of "Pape's Cold Compound"
taken every two hours until three doses are
taken will end gripe misery and break up a
severe cold either in the head, chest, body or
limbs.

It promptly opens clogged-up nostrils and
air passages; stops nasty discharge or nose
running; relieves sick headache, dullness,
feverishness, sore throat, sneezing, soreness
and stiffness.

"Pape's Cold Compound" is the quickest,
surest relief known and costs only a few
cents at drug stores.

ABLE SERMON

(Continued from page 6)

ermen that believed it could lick the
world now licks the dust of abject de-
feat. That people who espoused the
doctrine that might is right have been
broken by the might of the right.

The peace conference is ahead. A
more momentous gathering to con-
clude terms of peace never assem-
bled. The other day Lloyd-George said
"The destiny of civilization for the
next 500 years may depend upon what
is done at the Peace Conference." A
weightier responsibility was never
rolled upon human shoulders than that
to be committed to the delegates in
remaking the map of the world, in
meting out justice to all parties con-
cerned, and in forming some league
of Nations which shall guarantee the
future peace of the world. The wisest
and most far-seeing statesmanship of
the Allied world will be needed around
the council table. We should pray that
wisdom may be abundantly granted
unto those who sit around that table,
that the seeds of future wars may not
there be sown, that the principles of
the Christ may find application in ad-
justing international relationships,
and that the conference may result in
leading humanity and civilization
along the upward path of Christian
progress.

For all the rich blessings vouchsafed
to us during the year, and pre-emin-
ently for the cessation of hostilities,
we can say heartily with the Psalmist

"Bless Jehova, O my soul;
And all that is within me, bless his
holy name.

Bless Jehova, O my soul,
And forget not all his benefits."

APPOINTMENT FOR MR. BARNHILL

A Canadian Press despatch received
from Ottawa reads:

"Two new directors of the Cana-
dian Government railways are to be
appointed this week co-incidental with
an order-in-council placing the Inter-
colonial and the Transcontinental
railways under the jurisdiction of the
same board as manages the Canadian
Northern.

"The prospective directors, both
from the maritime provinces are Al-
exander P. Barnhill, K. C., of St. John
and Thomas Cantley, of New Glasgow
head of the Nova Scotia Steel Com-
pany. Nominally they will be elected
by the Canadian Northern railway
board but it will be on the recom-
mendation of the government."

They are cutting off the tail of the
imperial German dachshund an inch
at a time to mitigate its pain.
