

# SUFFERED WITH NERVES COULD NOT KEEP QUIET.

Diseases of the nervous system are very common. All the organs of the body may be sound while the nerve centres may be affected.

Many women become run down and worn out by household duties never ending, and sooner or later find themselves with their nerves shattered and the heart action weakened.

On the first sign of any weakness of either the heart or nerves, flagging energy or physical breakdown, do not wait until your case becomes hopeless.

Milburn's Heart and Nerve Pills will at once quiet the shaking nerves, strengthen the weak heart and build up the entire system.

Mrs. F. Bailey, 221 Earl St., Kingston, Ont., writes: "I was suffering very much with my nerves, so much so that I could not keep myself quiet at all. I was recommended to try Milburn's Heart and Nerve Pills so I bought three boxes, and I must say I have derived much benefit from them, so much so that my friends have all noticed the change in me."

Milburn's Heart and Nerve Pills are 50c per box at all dealers, or mailed Milburn Co. Limited, Toronto, Ont.

# SAYS U. S. WOMEN ARE LOAFERS

(Canadian Press direct wire.)

Chicago, June 11.—Germany, balked in its effort to destroy the manhood of France, is attempting to subjugate the women of the republic through motherhood, while the women of the United States, unheeding the call of their French sisters, are "loafers," going about in high-heeled shoes, wanting to be entertained by the story of the war," Dr. Esther Lovejoy declared in an address here today.

Dr. Lovejoy is a former poor commissioner of Portland, Ore., and was speaking before the Medical Women's National Association.

# BOYS HAVE VOLUNTEERED FOR WORK ON THE FARMS

Good Work in the Interest of Greater Production Has Been Carried on by the S. O. S. Organization---Boys From 15 to 18 Years of Age Have Enrolled and Many Are Now at Work---Farmers Urged to Avail Themselves of This Class of Help.

(St. John Globe)

The S. O. S. organization has about completed its recruiting, although scattered returns are still coming in. Farmers have within reach some one hundred and fifty boys, in ages from 15 to 18, some of them experienced. Enrollment has reached the total of 860.

Boys are now at work under their enrollment contract, on their own farms with their own people, or with farmers who have made special application for help of those boys. It is generally known that this class of help was uniformly successful last year, surely none of these boys will be refused a place. There is no desire to force a particular grade of help upon the farmer. He has demands beyond his ability to meet them. The S. O. S. organization aims to help him through with his summers work. These boys must in some way get training for the next ten years of shortage in crops. This is a direct appeal to farmers and to others who may reach them directly; to avail

themselves of this help; use it to the best advantage this year and train it for better service in the harder years yet to come. A study of the returns is interesting in showing the results attained so far in S. O. S. recruiting in the different counties throughout New Brunswick.

County	Placed.	Not placed	Total

# FOLLOW THE GOOD IMPULSE

Philadelphia Public Ledger

A friend of both men tell me the story.

William H. Page, now our ambassador in England, said to Edward Bok some years ago: "Do you ever write a letter to a man who does a conspicuously meritorious thing?"

On the spot they entered into a compact to try it.

At a famous New York church Mr. Bok heard a sermon that stirred him. He promptly wrote to the pastor, telling him so.

About six months later he went to the same church again. An official met him. "Are you Mr. Bok, of Philadelphia?" "Yes," "Well, sir, I want to tell you about the letter you wrote to our pastor. As it happened, it reached him on a 'blue Monday.' He was sitting in his study discouraged. "He had almost reached the conclusion that his ministry was a failure.

"Your letter came and it not merely his day, but his decision. It gave him a new heart of grace to go on."

Said the man who told me the story: "Both Mr. Page and Mr. Bok have derived incalculable happiness from their plan. The results have more than justified it. Never frown down a good impulse. If you fail to act on it at once, it may tantalize you for months."

# MORE COTTON GROWN.

Brisbane, June 11.—The cotton growers up till May 25 delivered to the department of agriculture nearly five times the amount of cotton as compared with the corresponding period last year.

A feature of the enrollment in Westmorland was the work of the Moncton teachers as part of the local committee. They not only enlisted boys to the number of 47 but they placed and started at work, 42 of these without calling on the central organization for particular help. Also a result of special appeal at a Boys' Conference at Campbellton, some 24 boys were recruited and will direct effort on the part of the central committee, were placed, all but two, on Restigouche farms.

Generally, throughout the province, local committees, teachers and clergy men have entered into the spirit of the campaign with a good degree of enthusiasm. This is shown in the enrollment of 860 boys. These would have been increased to 1,200 or more but the enrollment was unfortunately, delayed, and there was no assurance that places were ready or would be found the first year for so large a number.

Plans for the summer beginning next week, include two personal visits to each of these boys by supervisors and local committees. Also there will be a thorough canvass of the farm districts, seeing both farmers and boys, and gathering statistics of value now and later. This work will be in charge of Inspector F. B. Meagher in Eastern New Brunswick; George Skinner for the Western Counties, and Arthur M. Gregg in the Southern counties. These supervisors begin their work with definite ideas as to the need of helping both the employer and the boy and with a view to increased production in the years ahead.
