Sound Advice

THE best information obtainable at present indicates plentiful supplies of raw sugar for the year 1918, and, PROVIDED THAT SHIPS ARE AVAILABLE to transport the raw sugar, everybody should be able to obtain a reasonable supply.

This is a great big "I F" however, to overcome, and therefore it would be safer for consumers and dealers to make plans only for eighty to ninety per cent of last year's consumption.

It will be well on in February before any large supplies of raw sugar reach Canada, and in the meantime the supply will be limited owing to the small stocks on hand.

During 1917 this Company has operated its Refinery continuously, the only interruption being two days at Christmas time. We believe this record has not been equalled by any refinery in the United States or Canada.

During the whole year it has been our constant aim to keep the Canadian public supplied with "LANTIC PURE CANE SUGAR" at reasonable prices.

In order to accomplish this extraordinary feat in view of the actual sugar shortage that occurred, we were obliged at different periods, to purchase raw sugar at highest prices when such action was most unprofitable.

During 1918 we will continue our Advertising Campaign of our celebrated "LANTIC SUGAR" and, in addition, will make a feature of our Old-Fashioned Brown Sugars, known to the trade as soft or yellow sugars.

These sugars are available in three different grades, under the names of

Light Yellow Brilliant Yellow Dark Yellow

Such sugars as these have a pronounced flavour all their own that adds richness to everything for which they are used.

Try "LANTIC OLD FASHIONED BROWN SUGAR" for Cooking and Cereals and on homemade bread for the kiddies. Its rich deliciousness and melting goodness will induce you to USE IT DAILY.

For sale by all first class grocery stores in any quantity. The Red Ball Trade Mark appears on each 100 lb. bag and your grocer will be very glad to show you that the sugar you are getting is out of a "LANTIC" bag.

We thank our friends, the people of Canada, for their generous approval of the quality of our Products and the liberal share of their patronage given us during the three years of our existence.

We assure them that in the future the same high standard of quality will be maintained so that our Red Ball Trade Mark will always be recognized as the "SEAL OF PURITY":
