

**WIFE AND LITTLE BOY
SAVED BY
DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY
BOTH HAD DYSENTERY**

Dysentery comes on very suddenly and is one of the worst and most dangerous of all bowel troubles. The pains in the bowels become intense, the discharges occur with great rapidity, and are very often accompanied by blood. Unless these discharges are checked the sufferer becomes weak and languid, and very often death ensues. There is only one remedy to use in all cases of dysentery or any other looseness of the bowels, and that is "Dr. Fowler's Extract of Wild Strawberry."

It will cure where all others fail. It has been on the market for 73 years. Don't accept a cheap substitute and thus endanger your health.

Mr. W. J. Metcalfe, Tofield, Alta., writes: "I wish to state that we have used Dr. Fowler's Extract of Wild Strawberry with good results. I will say that it can't be beat. It saved my wife and little boy, last summer, when they were very low with dysentery. We always have a bottle of it in the house, and would not be without it if it cost five dollars a bottle."

The genuine "Dr. Fowler's" is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price 35c.

DRIVING OUT THE BOLSHEVIKI.

Kandalask, Monday, Aug. 5.—Volunteer detachments of White Guards are giving aid to the Allied units pursuing the Bolsheviki forces southward from Archangel. The new Archangel government has arrested most of the Bolsheviki leaders who had not fled. The Bolsheviki commissioner of war, M. Sankevich, was killed; otherwise the change in government was bloodless. Before the Allied troops landed at Archangel the local Bolsheviki issued a proclamation to the troops urging violence toward Allied citizens.

AMERICAN OFFICE GIRLS ARE DOING FARM WORK

Over a Thousand Hands Gone From New York to the Tobacco Fields of Connecticut --- Created a Favorable Impression and Proved Very Efficient --- Paid \$2 a Day for Their Work

(New York Post)

The suggestion that young women employed in New York offices devote their vacation time to work in the Connecticut tobacco fields, thereby releasing men for war work, insuring an adequate tobacco supply to American soldiers and sailors, and at the same time gaining the full recreative benefits of country life, is advanced by Mrs. Elizabeth B. Coleman, farm-labor specialist at the State Public Employment Bureau, 9 East Eighth Street.

"We already have sent out so far this year more than 1,000 young women to do this work and our list of applicants is exhausted," said Mrs. Coleman today. "To Hartford tobacco plantations we recently sent 129 young women in one day, and they created such a favorable impression and proved so efficient that proprietors of neighboring farms are constantly imploring us over the long-distance telephone for young women. All of the women we have already sent are so enthusiastic over their work that they write and tell us of the great benefit they received working in the open. Many of them, on their return to the

city, cannot help coming into the office and telling us how much they enjoyed the outing and the work. You see they consider they are doing a patriotic work, and so they are, for they release men for other war work where they are badly needed. It would be a splendid thing if many of the young office women who have from three to four weeks' vacation coming to them now would jump in and take a hand in this healthy work.

It's Not All Play

They must realize of course that they are required to work and not play all the time. For their work they receive \$2 a day. Every unit is under the charge of an elderly woman as supervisor or superintendent, and each unit has its own daily schedule. For instance, the units now working near Hartford rise at 5:30 A. M., work from 7 until 12:30 and from 1:30 until 6. They do all their own housework except cooking and washing dishes; the girls buy their own provisions, and unanimously describe their fare as the fat of the land. Large mess halls are provided, sleeping dormitories and good shower baths. And the only outlay is about \$4 a week

CONSTANT PAIN AFTER EATING

**The Tortures of Dyspepsia
Corrected by "Fruit-a-tives"**

St. MARTIN'S, N.B.

"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-tives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

U-BOAT SINKS A LIGHTSHIP.

Washington, Aug. 7.—The Diamond Shoals lightship, off Cape Hatteras, N. C., was shelled and sunk by an enemy submarine late yesterday, the Navy Department was today informed. The crew have reached shore. The submarine came within half a mile of the shore, according to the brief report which reached the Navy Department.

for good hearty meals and 50 cents for attendance.

"It is a pleasure to see how greatly improved all the girls who return are, some of them have gained fifteen pounds in three weeks, while others anxious to reduce their weight, have done so. Nevertheless they all present pictures of glowing health.

When asked if some of the farm work did not prove too heavy for some of the young women, Mrs. Coleman replied:

"All of the young women undergo a free physical examination by a woman doctor, and we see to it that they are not given work beyond their strength. Naturally it takes a week or ten days for their muscles to become accustomed to the work, but all of them write of the wonderful time they have and how much they enjoy the work and living on such a co-operative basis. Besides the call for women to work on the tobacco plantations near Hartford, we have an urgent call also for forty to pick beans for canning on a large farm at Highland, N. Y., and when the bean season is over they will be wanted for picking tomatoes on the same farm. So far most of the women employed have been school teachers on vacation but we want all the intelligent women we can get."

Women are Appreciated

Mrs. Coleman said her organization had sent this year so far more than 400 berry pickers to Ulster County. They were established in 26 camps in all, over each of which we had a super intendent.

"I visited all of them," she continued, "and made all the arrangements with the farmers for the employment of the women, and in only two instances did we have any trouble. You know some men were not used to women workers and in these two cases the women working from daylight until dark without any stop. The girls could not stand such treatment so after I paid a visit to the two farmers in question, I soon had matters running smoothly and everybody content. The berry pickers were able to make an average of about \$8 a week, as they worked at so much a standard basket or pound, and as they were new to the work they could not pick as rapidly as experts but they made enough to make both ends meet and have a nice little sum on their return to the city. In some of the camps by cooperating, they manage to live well on \$2.40 a week.

"On my visit of inspection to the camps I received quite an ovation everywhere, so highly esteemed are our women workers in all communities. Many of the large farmers engaged only twenty helpers this year, but they have put in requests for from forty to sixty for next season.

"Please let it be known that we shall have plenty of work for women on farms up until the month of November. We shall want a great many for the potato season which begins about the end of August. You will recall that a great quantity of potatoes rotted last year for want of farm hands and helpers, and young women who have been working in the city all the year round, could do no better than spend three or four weeks in the country at farm work, where they are well paid, and get good healthy food.

"We don't want the girls to think this is a rest cure; it is good, healthy work and work that will benefit them. Living quarters, mess halls, cooking utensils, and cots are provided, and the girls have Saturday afternoons and Sundays to themselves for recreation, while after working hours they have their own amusements, moving pictures, music and games.

PROCLAMATION

GEORGE the FIFTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these presents shall come or whom the same may in any wise concern,—GREETING :

A Proclamation of conditional amnesty respecting men belonging to Class 1 under the Military Service Act, 1917, who have disobeyed our Proclamation of 13th October, 1917, or their orders to report for duty, or are deserters or absent without leave from the Canadian Expeditionary Force.

E. L. NEWCOMBE, } WHEREAS consider-
Deputy Minister of Justice, } able numbers of men
Canada, } belonging to Class I under our Military Service Act, 1917, called out on active service in our Canadian Expeditionary Force for the defence of Canada under Our Proclamation of 13th October, 1917, although they have thus become by law soldiers enlisted in the Military Service of Canada,

Have failed to report for duty as lawfully required of them under the said Military Service Act and the regulations thereunder, including the Order in Council duly passed on April 20 last,

Or have deserted,
Or absented themselves without leave from our Canadian Expeditionary Force,

And it is represented that the very serious and unfortunate situation in which these men find themselves is due in many cases to the fact that, notwithstanding the information and warning contained in Our Proclamation aforesaid, they have misunderstood their duty or obligation, or have been misled by the advice of ill-disposed, disloyal or seditious persons.

AND WHEREAS we desire, if possible, to avoid the infliction of the heavy penalties which the law imposes for the offences of which these soldiers have thus been guilty, and to afford them an opportunity within a limited time to report and make their services available in Our Canadian Expeditionary Force as is by law their bounden duty, and as is necessary for the defence of Our Dominion of Canada.

NOW KNOW YE that we in the exercise of Our powers, and of Our good will and pleasure in that behalf, do hereby proclaim and declare and cause to be published and made known THAT THE PENALTIES OF THE LAW WILL NOT BE IMPOSED OR EXACTED as against the men who belong to Class 1 under Our Military Service Act, 1917, and who have disobeyed Our Proclamation aforesaid; or who have received notice from any of Our registrars or deputy registrars to report for duty on a day now past and have failed so to report; or who, having reported and obtained leave of absence, have failed to report at the expiry of their leave, or have become deserters from Our Expeditionary Force, PROVIDED THEY REPORT FOR DUTY ON OR BEFORE THE TWENTY FOURTH DAY OF AUGUST 1918.

AND WE DO HEREBY STRICTLY WARN AND SOLEMNLY IMPRESS UPON ALL SUCH MEN, and as well those who employ, harbour, conceal or assist them in their disobedience, that, if they persist in their failure to report, absence or desertion until the expiry of the last mentioned day, they will be pursued and punished with all the rigour and severity of the law, SUBJECT TO THE JUDGMENT OF OUR COURTS MARTIAL WHICH WILL BE CONVENED TO TRY SUCH CASES or other competent tribunals: and also that those who employ, harbour, conceal or assist such men will be held strictly accountable as offenders and subject to the pains, penalties and forfeitures in that behalf by law provided for their said offence.

Provided however that nothing contained in this Our Proclamation is intended to release the men aforesaid from their obligation to report for duty as soon as possible or to grant them immunity from arrest or detention in the meantime for the purpose of compelling them to perform their military duty; Our intention being merely to forego or remit the penalties heretofore incurred for failure to report, absence without leave or desertion incurred by those men of the description aforesaid who shall be in the proper discharge of their military duties on or before the said twenty-fourth day of August, 1918.

Of all of which Our loving subjects and all others whom these presents may concern are hereby required to take notice and govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. Witness: Our Right Trusty and Right Entirely Beloved Cousin and Counsellor, Victor Christian William, Duke of Devonshire, Marquess of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley, Knight of Our Most Noble Order of the Garter: One of Our Most Honourable Privy Council; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of Our Royal Victorian Order; Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of OTTAWA, this FIRST day of AUGUST, in the year of Our Lord one thousand nine hundred and eighteen, and in the ninth year of Our Reign.

By Command;

Thomas Mulvey

Under-Secretary of State.
