AN IMPORTANT ADDRESS BY LORD SHAUGHNESSY

President of the C. P. R. Opens the Toronto Exhibition --- Says He is Not Opposed to the Nationalization of Railways --- A Strong Plea for Unity Among Canadians---After the War Expansion

Toronto, Aug. 27.—Lord Shaughnessy is not opposed to the nationalization of railways. He said so, but in rather mild words when he officially opened the 41st Canadian National Exhibition yesterday afternoon. His reference to the Canadian transportation problem was very brief.

"I don't want it to be understood that I am opposed to the nationalization of railways. When the people want it—we are a democracy, and they must have it."

"But when the time comes for us to formulate a policy on that important matter, we should be very sure, or we may come a cropper."

He said that the experiment of the United States in taking control of all its railway systems should be of interest and value to Canada.

Lord Shaughnessy also made a plea for the unity of Canada. Canadians were made up of many creeds and races and mutual good will and co-operation were necessary to build up a happy and prosperous Canada.

A Plea for Unity.

He also pleaded for a better understanding between capital and labor.

In welcoming Lord Shaughnessy, Mr. Russell said he hoped the C. P. R. head would visit Toronto oftener.

Lord Shaughnessy, in reply, referred to the twenty-five years of Canadian development, in which the great enterprise he represented, the Canadian Pacific Railway, had been so instrumental a factor. Foreshadowing post-bellum expansion, he said:

"I am grateful to be able to say that our ocean tonnage is almost as great now as it was at the beginning of the war, although we have lost eleven or twelve ships. On the conclusion of the war, I expect a substantial increase in our tonnage, as we are looking towards Siberia and part of the new Russia as markets for Canadian industrial products."

Speaking before a crowded audience at the Dairy Building, Lord Shaughnessy said, in part:

"In the past thirty-six years I have had some opportunity to assist in the development of Canada, to bring immigrants to her shores, and to cultivate large areas of her territory. An unselfish directorate and a loyal staff made all these ventures possible. The success of Canada has been the success of the C. P. R."

LORD SHAUGHNESSY

standing between capital and labor. The Railway War Board was setting a good example in this regard. He hoped other industries would follow the lead of all the railways in arriving at an agreement with their employees.
