

## INTESTINAL PARALYSIS

"Fruit-a-tives" Quickly Relieved This Chronic Trouble

589 CASGRAIN STREET, MONTREAL.  
"In my opinion, no other medicine is so curative for Constipation and Indigestion as 'Fruit-a-tives'."

I was a sufferer from these complaints for five years, and my sedentary occupation, Music, brought about a kind of *Intestinal Paralysis*; with *nasty Headaches*, belching gas, drowsiness after eating, and pain in the back.

I was induced to try 'Fruit-a-tives' and now for six months I have been entirely well". A. ROSENBERG.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

## OBJECTORS WERE TRIED

Niagara Camp, Oct. 19.—Two conscientious objectors, Johnston Marks and Norman Day, of the 2nd C. O. R., were tried by general court martial here today under the M. S. A. Marks' explanation of his defiance of military authority was as follows:

"The teachings of the Lord Jesus forbid me from putting on the uniform and doing military service either as a combatant or non-combatant." Marks said he did not belong to any sect but belonged to Christians gathered under the name of the lord.

Day took different grounds for his refusal to do military service.

A Beautiful Spot.  
I'm gazing at a limpid pool  
Where everything is calm and cool,  
A most delightful place to be,  
There are no bugs that I can see.

There are no briars, no empty cans,  
No broken glass to mar your plans,  
There is no mud—you needn't laugh,  
I'm gazing at a lithograph.

## WOMEN ARE AS COOL AS MEN UNDER SHELL FIRE

(New York Sun)

With the American Troops in Lorraine, Aug. 17.—This is proof that women can be just as cool under shell fire as men. Maybe they can be cooler.

The heroines of this bombardment are Mrs. W.G. Hammond of New York City, Miss Helga Ramsey of Goodrich, Minn., and Miss Lulu Lawyer of Schenectady, N. Y. They make doughnuts, pies, cakes and chocolate for hungry doughboys who flock to the Salvation Army hut in—but that would be telling.

One fine morning the soldiers and civilians of the town in which this hut is located were startled when a huge German shell lit on a building and blew it to pieces. The town had not been shelled for years.

Every one took to dugouts, while more shells continued to come in with disconcerting regularity. Every one stayed in the dugouts, and after a few hours every one began to get real hungry. It was past meal time and as yet no lunch.

Shortly after noon Mrs. Hammond told her assistants, "We've got to make some chocolate and biscuits for these boys around here or they'll starve. We can fix up the chocolate heater in a dugout, but the only way to make biscuits is to bake them in an oven."

The rest agreed and with help of some hungry doughboys they got the chocolate boiler working, well protected by a strong wall. Then the girls began figuring. The shells came in very regularly. Chances were that the methodical Boche mind would never slip a cog.

"We'll go up to the kitchen after each shell arrives, mix biscuits for eight minutes, and then come down here until the next shell comes in," said Mrs. Hammond. "We'll fool these Germans."

So they did, and soon had a batch of biscuits under way, and then another. As they put them in the oven of

the girls said, "Believe me, if these Boches throw a shell in here while the biscuits are baking it's going to be something to pay!"

The Boches didn't hit the kitchen with any of their eighty big shells, and the doughboys surely enjoyed hot biscuits and chocolate. The girls moved only when the soldiers did to another town, where they continued their work.

## DESPICABLE WORK OF HUNS

Boston Mass., Aug. 19.—A concerted attempt by German agents to supply soldiers in the various army cantonments with health and character-wrecking drugs has been discovered. Federal authorities here said tonight. Two men named Nathan Simalouitch and Jacob Schanasky, were taken into custody at Brockton today, and more arrests are to follow, the authorities announced. Reports by surgeons in widely separated army camps of a marked increase in the number of drug users among the soldiers, caused an investigation to be made, in which a private at Camp Devens, formerly a detective was employed. According to the federal authorities the drugs were sold at surprisingly low prices.

The Kaiser deprecates the fact that the Allied nations are "ruled by lawyers." Which is natural in one who knows no law.

### Wood's Phosphodine.

The Great English Remedy. Tones and invigorates the whole nervous system, makes new blood in old veins, cures Nervous Debility, Mental and Brain Worry, Lasciviousness, Loss of Energy, Palpitation of the Heart, Failing Memory. (Foreign, U.S.A.)

## Thought She Would Lose

Her Little Girl With

## DIARRHOEA

Thousands of infants die annually who could be saved by the timely use of Dr. Fowler's Extract of Wild Strawberry.

There can be no doubt about it. During the seventy-two years that this wonderful remedy has been on the market, it has been proved conclusively that it is the best for diarrhoea, dysentery, colic, cramps, cholera infantum, and all looseness of the bowels, especially when the children are teething.

Many of the imitations of "Dr. Fowler's" being offered to the public today are positively dangerous, as they often check the diarrhoea too suddenly, cause inflammation and leave the bowels in a constipated condition. "Dr. Fowler's" will not do this but will impart a healthy tone to the mucous surface, and stop the diarrhoea in an easy and natural way.

Mrs. M. Tyler, Orland, Ont., writes "I have used your wonderful medicine for nine years with great satisfaction. My little girl was only five months old and she was so sick with diarrhoea I thought she would die. I was advised by a friend to try Dr. Fowler's Extract of Wild Strawberry, and it gave her quick relief. I have used it ever since for the whole of my family, six in all, and can praise it more than anything I ever used."

The genuine is put up by The T. Milburn Co., Limited, Toronto, Ont. Price 35c.

## A CHEERING MESSAGE

Ottawa, Aug. 19.—"The victory was the most magnificent which the old corps has achieved." This is the text of a cablegram which Hon. Mr. Rowell received from Sir Arthur Currie, commanding the Canadian Army in France.

### TEMPERANCE VALE

Temperance Vale, Aug. 10.—Among the young men who have returned from Sussex Camp for thirty days leave of absence are Marvin Murdoch, Hazen Thornton, Henry Tapley, Everett Stairs, James Hamilton and Manzer Turner.

Mrs. George Manuel and daughter Pearl are guests of Mr. and Mrs. Joseph Lockard.

Miss Bessie McDonald and Miss Constance Williams of Fredericton are spending two weeks with Miss Isabel Draper.

Miss Rea Hunroe of Lower Southampton is a week-end visitor with Miss Lena McElwain.

Mr. William McElwain, Mr. and Mrs. Medley McElwain, Mr. Clifford Henry and Miss Laura Pike motored to Magaguadavic for the week-end.

Mr. and Mrs. William Briggs entertained Mr. Briggs' mother and sister of Bangor for a few days this week.

Mrs. William Foster, Lower Windsor, Carleton County, is the guest of her niece Mrs. G. A. Bartlett for a few days.

Miss Alma Lockard is now visiting friends and relatives at Woodstock and Houlton.

Mrs. George Schriver and Miss Mary Schriver of Campbell Settlement are the guests of Mrs. Schriver's daughter Mrs. Eunice McElwain.

Mr. Coy Tompkins of Peel, Carleton County spent the week end with friends in this place.

Miss Winchester of Woodstock is in the Vale spending a week with Miss Bessie Woodman.

Mr. John Corey of Peel, Carleton County is spending the week with relatives in the Vale.

## THE FIRST LINE OF DEFENSE

Pure blood is the body's first line of defense against disease. Strong, healthy blood neutralizes the poisons of invading germs, or destroy the germs themselves. That is why many people exposed to disease do not contract it. Those whose blood is weak and watery and therefore lacking in defensive powers are most liable to infection. Everybody may observe that healthy, red-blooded people are less liable to colds and the grippe, than pale, bloodless people. It is the bloodless people who tire easily, who are short of breath at slight exertion, who have poor appetites, and who wake up in the morning as tired as when they went to bed. While women and girls chiefly suffer from bloodlessness the trouble also affects both boys and men. It simply affects girls and women to a greater extent because there is a greater demand upon their blood supply.

To renew and build up the blood there is no remedy can equal Dr. Williams' Pink Pills. They tone up the entire system, make the blood rich and red, feed and strengthen starving nerves, increase the appetite, put color in the cheeks, give refreshing sleep and drive away that unnatural tired feeling. Plenty of sunlight and wholesome food will do the rest.

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams Medicine Co., Brockville, Ont.

## PALMER'S Summer Packs

for the **50c**

## SHIPPING AND SHIP BUILDING IN FULL SWING IN CANADA

Who would think of finding a busy seaport one thousand miles from the sea? Canada, that land of marvelous development, has one—it is Montreal, its metropolis—Built on the Island of Montreal that lifts Mount Royal where the waters of the great St. Lawrence and Ottawa Rivers mingle, its site is admirable. This marks the head of ocean navigation and here the great ocean-crossing ships meet the lake and river boats. The cargoes brought from the west by boat and rail are transferred to ocean carriers and start on their way to faraway ports by an initial voyage down the mighty St. Lawrence, thirty feet deep at this point.

During 1917 Montreal witnessed the sailing away from her wharves of more than sixty-five million bushels of grain. Over two-thirds of this grain came into Montreal by rail, chief in the tracks of the Canadian Pacific Railway and was handled with little or no congestion. This was accomplished through a co-operative arrangement. The representatives of all transportation lines met in conference with Montreal's Harbour Commission and

after discussion decided that 650 cars of export freight should be delivered daily by the lines, the Commissioners undertaking to handle that amount without congestion. This they have done successfully.

Because of secrecy entailed by the war, little has been heard concerning movements of vessels and it will surprise many to learn that 647 ocean vessels came into Montreal harbour during 1917. Naturally passenger travel has been greatly curtailed. The war demands nearly all available ship space for the transport of supplies. These have been going forward in immense quantities and landed on the other side with comparatively few losses—thanks to the efficient convey system maintained by England. In addition to the great grain shipments, other products of the fruitful Prairie Provinces—meats, fresh and cured, butter and cheese—are going forward in a steady stream to feed the hungry millions of Europe and our armies overseas.

This volume of shipping means unceasing activity in the elevators, warehouses and along Montreal's

waterfront. It has given an added stimulus to shipbuilding, the 1917 output of one firm being 9 steel trawler hulls, and installed supplied boilers and machinery; 8 steel trawler hulls complete with boilers and machinery; 26 wooden drifter hulls; installed machinery and boilers in 16 drifters; built and launched one 7,000-ton cargo boat; docked and repaired 30 vessels—a creditable showing. There are many more yards and they have all been correspondingly busy. Recently a new departure in shipbuilding was initiated when a concrete vessel was launched. If developments justify the use of this sort of craft, Montreal shipyards are ready to embark in the new industry. Such an event would call for more laborers and the installation of new machinery, all adding to Montreal's prosperity. There have been no labor troubles and work goes on week days, holidays, and Sundays, without interruption. Not one of the 214 days—May to November, inclusive—was an idle day in the shipyards. These busy, well-paid workers spell good business for Montreal's merchants.
