MIDDLE HAINEVILLE

Middle Hainesville, Sept. 16—The frost of last week did considerable damage to the gardens in this locality. The farmers are all very busy gathering their grain, oats and wheat being very good crops but buckwheat is a decided failure. Potatoes are also very good but threatened by rot.

The school has reopened after the vacation with Miss P. Price of Ludlow, Northumberland County as teacher. Most of our summer visitors have left us.

Mrs. William C. Jones on Saturday received a letter from her son Pte. Randolph Jones who is in hospital England suffering from shrapnel wounds in left leg and arm. His many friends will be pleased to hear that he is resting quite comfortably and feels cheerful as to his recovery.

Miss Maggie Nason of Upper Haynesville is spending a few days in

INDICATIONS OF WEAKNESS

Rome, Sept. 16—The Austrian peace proposal is received here as an indication of the weakness of the central powers.

The trend of opinion is that the note will remain unanswered, as too vague and that the proposal is being made to allow the Austro-Hungarian Government to assure the people that it has done its best to bring about peace, but that the allies refused to listen.

Somehow it is difficult to make a hit with the man who has been at his desk all summer by telling him about the good time you had on your vacation.

Mr. Duncan Nason and Mrs. Walter Campbell have returned from a very pleasant visit at Island Falls, Maine. Quite a number of the people from here attended the baptism at Brewers Mill, Sunday Sept. 15th.

Miss Mary Whitehead returned from a very pleasant auto trip to Burr's Corner and vicinity.

THE AMERICAN PRESS ON AUSTRIAN PEACE NOTE

Recent Utterance by President Wilson is Freely Quoted---Peace by Negotiation is Not Considered Possible --- The Huns Must be Beaten to Their Knees --- Gott is Now Failing the Huns

New York, Sept. 16—Force, force to the uttermost; force without stint or limit," is the slogan adopted by all of the responsible New York papers this morning in their comment on the Austrian peace note.

Under the caption "Force as a Finality," the New York World says: "Earlier proposals by Austria-Hungary for direct peace negotiations having been rejected, the present suggestion of 'non-binding' discussions be entered into by all the belligerents will hardly be more favorably received. No one but a German or a vassal of Germany could imagine that, with the responsible leaders of Prussian militarism almost as false and boastful as ever, a peace by negotiation is possible."

"However Washington may view the invitation," says the Sun, "it is certain that the bid from Vienna will bring no change—short of the imminence of real peace—in the American purpose to keep the war at its present good speed. The Austrian framers of the invitation appear to have anticipated any suspicion of an attempt to cause a cessation of hostilities, for that point is touched upon in the note."

Germany Has Lost

The Tribune in a scathing editorial arraignment of Germany for her attempt to use Austria as a catspaw, says: "The force we have pledged—all that is in us—to destroy the intolerable German thing has touched the enemy's frontier. American shells have begun to fall upon that myth of invulnerability which is Metz. Gott is failing the Huns and now Austria says 'Come let us all sit down together in a neutral place and have peace discussions.'"

"Germany has lost the war. The peace offensive is now her most dangerous weapon."

"The answer to Austria is ready. It will be taken from Mr. Wilson's Baltimore speech: 'Force, force to the utmost; force without stint or limit,' until the enemy is willing to lay down his arms and surrender unconditionally."

The New York Herald says:

"The answer will be a firm and decisive negative. There will be no calm exchange of views. President Wilson has specifically stated and repeatedly affirmed the main conditions of peace. These conditions and principles have been fully endorsed by Entente statesmen in every country concerned. Nothing short of full compliance with them will satisfy the nations now fighting together for freedom—and a condition precedent to their consideration at a peace conference is that the Central Powers and their accomplices shall lay down their arms, withdraw from occupied territories, including Russia and that the shameful Brest-Litovsk treaty be abrogated. Until these conditions are complied with the answer to Austria-Hungary is 'no'—and this is backed

CURING SKIN TROUBLES

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritation that a word of advice is necessary. It is a great mistake for such sufferers and those with bad complexions to smear themselves with greasy ointments. Often they could not do anything worse, for the grease clogs the pores of the troubled skin and their condition actually becomes worse.

When there are pimples or eruptions, or an irritating or itching rash, a soothing boracic solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from an impure condition of the blood and will persist until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have effected the best results in many forms of skin disorders and blemishes. This is due to the fact that these pills make new, rich blood, and that this new blood attacks the impurities that give rise to skin troubles and disperses them; so that Dr. Williams' Pink Pills cure skin disorders from within the system—the only sure way. It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure diseases that arise from impure blood.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville Ont.

up by force 'without stint or limit.' We have just begun to fight."

Times Favors Meeting

The Times says: "From Vienna, the quarter in which for three years the Allies have felt that the movement for peace would originate, comes the first veritable peace offer and it comes in a form which the Allies may honorably accept in the confident belief that it will lead to the end of the war. The Vienna invitation to conference is not of the kind that victors send forth."

"Upon that we need not dwell. All the belligerents desire the end of the war. The stricken world longs for peace. While no armistice precedes the proposed conference, we are justified in entertaining the hope, the belief, even, that fighting will cease this year as the fruit of this 'nonbinding' discussion of terms."

"It would be the worst of blunders for us, or for any of the Entente Allies, to abate war preparations now. But reason and humanity demand that the Austrian invitation be accepted."

Comment from other cities, along similar lines, follows:

Boston Herald says: "The bait thus offered is not attractive and not even fresh. As a factor of the anticipated peace drive it will be of no avail. A peace by negotiation has been impossible by those who planned and kindled the world conflagration."

Boston Globe:—"In all this there is one real danger to the Allies. The German diplomatic offensive finds the Allies with a divided diplomatic front. England, France and Italy have never yet officially endorsed President Wilson's war aims. It is plainly the German Government's plan to make a specious peace offer which the Allies are bound to reject, then go back to its people and make a successful bid for consequence of support."

Philadelphia Record:—"A sufficient reply to Austria-Hungary's peace overtures was made in advance by the recognition by the United States and its Allies of the Czechoslovaks as an Allied nation. We cannot make peace and betray them, and their country must be carved out of the Dual Monarchy."

Peace Talk Idle

Chicago Herald and Examiner:—"Talk of peace is idle until the war ends by a decisive victory."

Washington Post:—"Germany started this war; civilization will finish it. Cleveland Plaindealer:—"Germany has failed to conquer the world with her arms now she proposes to conquer the world with her wits. We shall reply to his whippers with machine guns. Against his flimsy structures of whining deception we let loose our armies with renewed vigor."

St. Louis Globe-Democrat:—"General March, our chief of staff, voices American sentiment when he says that we're going right on. We are now talking in the language the Germans can understand—the language of force. We can borrow a motto from General Grant. If Germany is ready to surrender unconditionally, let it speak. It would be to its advantage to do so for we are going right on. It may check our programme for a time, but it can never turn the tide."

Must Cry Enough

The Omaha Bee:—"If the Central Powers recognize the military situation the hopelessness of their case and are willing to submit to terms, the approach will be without essential difficulty. But they cannot be admitted to a conference on a status other than that of the vanquished."

The Louisville Courier Journal:—"If Austria-Hungary, so selfishly victimized by Germany, wishes to sign a separate peace, that is a different matter. Let her indicate her desire to do so and it will receive due consideration. But under her present government that is hardly more possible than Saxony or Bavaria should sue for a separate peace."

Indianapolis Star:—"Any non-binding parleys now would serve only to belabor the issues and be productive of no good. The enemy should understand that peace is not to be merely a matter of trading. We are fighting and we cannot compromise right or justice."

Everybody's sugar allowance may be cut down, but the world will be sweet enough with the German armies on the retreat.
