## BY-LAW NO. 50

A by-law to regulate the destruction, pulling down or repairing of any dilapidated, dangerous or hazardous building, fence or other erection or structure.

Be it enacted by the Mayor, Alderman and Commonalty of the City of Fredericton, as follows:

1. In case any building, fence, scaffolding or other erection or structure erected or being in the City of Fredericton is, in the opinion of the City Engineer, in a dilapidated condition, or is dangerous by reason of its hazard, or is dangerous to the safety of the public, or is dangerous to the public health, the City Engineer may, and he is hereby required, when ordered so to do by resolution of the City Council, authorize and order the destruction, pulling down, repairing or renewing at the expense of the owner, any such building, fence, scaffolding or other erection or structure in such manner and at such time or times as the City Engineer in writing addressed and delivered to the owner or occupant may direct, and in case the owner of such building, fence, scaffolding or other erection or structure is a non-resident of the City of Fredericton, or cannot be found, then such notice shall be given by registered letter addressed to the owner's last known address, or served on the tenant thereof, if, any, or by posting the same on such building, fence, scaffolding or other erection or structure.

2. In case of the refusal or neglect of any owner of any such building, fence, scaffolding or other erection or structure to carry out any such directions of the City Engineer, the said City Engineer is and he is hereby authorized, directed and empowered to destroy, pull down, repair or renew at the expense of the owner of any such building, fence, scaffolding or other erection or structure.

3. In case any such owner of any such building, fence, scaffolding or other erection or structure shall neglect or refuse to carry out any such direction of the City Engineer, given by virtue of and in pursuance of any provision of this by-law or any resolution of the City Council of the City of Fredericton hereunder with respect to the destruction, pulling down, repairing or renewing of any such building, fence, scaffolding or other erection or structure within the time limited therefor in writing by the City Engineer as hereinbefore provided, such owner or occupant shall be guilty of a breach of this by-law and liable on summary conviction to any penalty herein imposed.

4. Any person convicted on summary conviction of a breach of any of the provisions of this by-law shall be liable to a penalty not exceeding fifty dollars for each and every such conviction.

## Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and clear, soft and white the skin becomes. Yes! It is harmless.

## TO ESCAPE THE SPANISH INFLUENZA

Rules for Avoidance and for the Preventive Care of Those Who May be Taken Ill.

1. Live as much as possible in the open air, and have houses well ventilated. Admit all the sunlight possible.  
2. Avoid all in-door assemblies, and travel as infrequently as possible.  
3. If the disease appears in the family, put the patient at once to bed, preferably in an upper room, well aired, but so that the patient be not in a draft.  
4. Keep patient by himself, permitting only the nursing attendant, the doctor, and the clergyman to see him.  
5. Have whoever enters his room to wear a mask of simple gauze over the mouth and nose. The same gauze should not be used for more than two hours, and then burned.  
6. Insist upon the patient using a handkerchief to cover coughing or sneezing (paper ones will do); these handkerchiefs should be burned at once after use.

7. Do not permit patient to mingle with his family or the public until all fever is gone, and until all discharges from mouth, nose and throat have dried up.

8. Patient, after recovery, should take particular care to avoid exposure to chills and dampness, as pneumonia is quite frequent under these circumstances and constitutes the gravest danger connected with the disease. Remain in house three or four days after feeling well, as this is a critical period after recovery.

9. Call a doctor upon the occurrence of suspicious symptoms as unusual back-ache, head-ache, chills followed by fever, etc., as it is dangerous to depend upon house-hold treatment in this disease.

10. Do not be too anxious, that is, do not worry respecting the danger of contracting the disease. Such worry serves no good purpose and sometimes renders one more liable to contract it. Follow the above preventive and the advice of the physician.

11. If, in the family affected, there be no suitable provision for proper isolation of the patient, it is strongly recommended that he be removed to some hospital, or other place temporarily established, for the proper isolation and care of those affected.

## MINARD'S "KING OF PAIN" LINIMENT

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

## Best Liniment Made

MR. A. E. LAUNDRY, EDMONTON, writes: "I fell from a building and received what the doctor called a very bad sprained ankle, and told me I must not walk on it for three weeks. I used MINARD'S LINIMENT and in six days I was out to work again. I think it the best Liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain. It gives instant relief.

## LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison, are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or calus.

You are further warned that cutting at a corn is a suicidal habit.

Spring Calf—E. Jarvis, 1st. (Only entry).

Heifer—1 year: John Harvey, 1st; J. Blair, 2nd.

The judges were S. Wade, W. Scott and John Young.

It might be said in connection with the two year old colt class, that the colt bred by Bruce Miller of Tay Settlement was a beauty weighing 1490 lbs, which is unusual for a 2 year old. The sire was Charming Lad a bay Clyde Stallion.

The judging of the roots, fruits, grain, seed and domestic manufacture will be carried on Wednesday.

During the afternoon Mayor Hanson Col. H. F. McLeod, M. P., Dean Neales and C. D. Richards of Fredericton delivered addresses in the interests of the Victory Loan.
