

# NOTICE

Finding it necessary to reduce all unnecessary expenses and losses in our business because of the increased cost of labor, gas and other materials, which costs are settled for by us on a spot cash basis at time of delivery, we the undersigned have decided to discontinue the practice of booking gas, oils and labor, and beginning with April 1st next, all charges for these items will be settled for at time of delivery.

## THE LEGISLATURE FAVORS GRANTING VOTES TO WOMEN

Resolution Declaring for the Principle of Extending the Franchise to Women Passes Without a Dissenting Voice-- Speeches by the Mover and Seconder and Hon. Messrs Foster, Veniot and Roberts--The Government's Attitude Defined.

The Legislative Assembly yesterday by resolution unanimously declared itself in favor of the principle of woman suffrage. The resolution was moved by Mr. J. A. Murray, leader of the Opposition and seconded by Mr. Tilley, of St. John. The debate which followed was brief, but interesting, and was greatly enjoyed by the people of both sexes who thronged the galleries. The speakers were the mover and seconder, Hon. Dr. Roberts, Hon. Mr. Veniot and Premier Foster. The latter declared himself to be in favor of woman suffrage, and intimated that the government would deal with the matter when the proper time arrived.

Assembly Chamber,  
March 21st, 1918.

The House met at 3 o'clock. MR. BURCHILL submitted report of the Committee on Standing Rules. In doing so, he took occasion to call attention to Rule 84, which has to do with the payment of fees. He said that a Company seeking incorporation with a capital of \$5,000, had to pay a fee of \$30, and it was claimed that only one-third of that amount should be paid when an amendment was sought to the charter. According to a strict reading of the rule, however, the company should pay \$30 in both cases. He had deemed it advisable to call the attention of hon. members to the matter, with the view of having the change made.

HON. MR. ROBINSON was of the opinion that the rule should be amended. He thought a company coming before the Legislature should pay at least as great a fee as one incorporated by the Governor-in-Council. He believed the fee should be fixed at \$50 and \$30 for an amended charter.

MR. TILLEY asked for the opinion of the hon. Attorney General as to whether under the rule the fee should be \$30 or \$10.33 for an amended charter. HON. MR. BYRNE said he had not looked into the matter very closely, but in view of the suggestion by the hon. member from Moncton, it might be advisable to change the rule. MR. BAXTER said that the last clause of the rule was not quite clear and it might be the result of a clerical error. He did not think an ordinary amendment to a charter should call for the same fee as the original charter. Companies should be too heavily penalized when seeking amendments that do not increase their powers. HON. MR. ROBINSON pointed out that exceptions were made in case of companies having no capital or not incorporated for gain.

MR. TILLEY said that some hospitals, when seeking legislation, paid the fees, while others did not. He thought the rule should be more clearly defined.

HON. MR. BYRNE moved that a committee of five members of the House be named by the Speaker to deal with the matter under discussion and submit a report.

MR. MURRAY (Kings) seconded the motion and it was adopted.

HON. MR. SPEAKER stated that he would name the committee later.

MR. TILLEY introduced a bill to amend Chapter 182 of the Consolidated Statutes, 1903. He explained that the bill proposed to amend the Bastardy Act, but applied only to the Municipality of the County of St. John. HON. MR. BYRNE said that the hon. member was introducing a public bill. MR. TILLEY said he understood the bill had been approved by the Standing Rules Committee.

(Continued on page 6.)

You don't like the cheap tea you are using. Do you?

Before the war so increased the cost of living, many people used to drink better tea than they are now using.

Perhaps, this is true in your case?

Of course, you are not drinking poor tea because you like it, but because you think it necessary to save money.

But are you really saving anything?

Cheap, common teas only make about 150 cups to the pound. You are lucky if you can stretch them out to 185 or 200.

On the other hand, Red Rose Tea easily makes 250 cups. It goes further because of its fine quality, consisting chiefly of Assam teas, the richest and strongest in the world.

You may almost doubt if so many cups of tea can be made from a pound of even such good tea as Red Rose, but you can readily prove the economy of Red Rose without waiting for a package to be used up. Just use a few leaves less of Red Rose for a brewing than you use of common tea—the result we are sure will please and surprise you.
