

For thorough sanitation in every nook and corner.

Economical to use—contains no acids,
alkali, or caustics to harm the hands.

Education Pays

Young man, young woman, get all the education you can. The Night Schools will help you. What you learn there means money in your pocket. A little less time given to pleasure this winter, a little more time given to the training of brain and hand, will mean larger wages for you every Saturday night for the rest of your life.

For information concerning the **FREE EVENING CLASSES** which begin January 15th, apply to C. A. SAMPSON, Secretary of the Schol. Trustees, at his office at the York Street School Building.

Buildings Committee Report.

Coun. Everett presented the report of the Buildings Committee which was adopted as follows:

To the Warden and County Council of the Municipality of York:

Gentlemen—Your County Buildings Committee beg leave to submit the following report:

During the year our committee and the two representatives of the City Council found it necessary to make substantial and permanent improvements in the county jail.

An estimate of the cost of making such repairs was obtained before proceeding and no more work done than was absolutely necessary.

A large number of accounts amounting to some \$800 for the year 1916 were not handed in until after the close of our fiscal year; these were passed and paid during the present year, making a much larger outlay than usual.

As you are all well aware, the cost of material for repairs, supplies, etc., has advanced rapidly in price. We were obliged to pay about \$800 more for coal this year, and wood has doubled in price.

No permanent repairs were made at the Court House during the year, although it will be necessary to do something in regard to the heating system in the near future.

All of which is respectfully submitted.

T. C. EVERETT,
Chairman.

Coun. Pat Graham's Kick.

Coun. Pat Graham stated that two years ago he had asked that an inventory of county property at the Court House, County Jail, etc., be taken. He was laughed at, then, for suggesting such a matter. Now there was a story in circulation throughout the county that the county jail was short of blankets.

Coun. Everett replied that he never had heard of any blankets being taken. Blankets had worn out and had been replaced. He had no objection

LIVER TROUBLE AND HEARTBURN CURED BY MILBURN'S LAXA-LIVER PILLS.

When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and costive.

The symptoms are a feeling of fullness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, tongue coated, bad taste in the morning, heartburn, water brash, etc.

Milburn's Laxa-Liver Pills gently unlock the secretions, clear away all effete and waste matter from the system, and give tone and vitality to the whole intestinal tract, and are by far the safest and quickest remedy for all diseases or disorders of the liver.

Mrs. A. Cummings, Manchester, Ont. writes: "I have used Milburn's Laxa-Liver Pills some time, and can faithfully recommend them to anyone suffering from heartburn and liver trouble. I tried a great many other remedies, they only relieved me for a time. I believe Laxa-Liver Pills to be a valuable remedy for all sufferers from liver troubles."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

to Coun. Graham or any other person taking an inventory. He invited all the councillors to inspect the jail at 7.30 p. m.

On the motion of Coun. Fox it was ordered that a new pound be erected on the land of Frank I. Goodine of Central Kingsclear.

On the motion of Coun. Pond a new pound district was created in the parish of Stanley.

Public Accounts.

Coun. Stairs presented the report of the Public Accounts Committee which was adopted. Warden Brewer commented on the fact that the bills before the committee made the smallest aggregate in years.

Road Damages Paid.

Coun. Stairs moved that the land damages on the new road from Springfield to Zealand Station amounting to \$424.80 be assessed equally on the parishes of Queensbury and Bright in order that the road might be opened. The motion was carried and the assessment ordered.

Kingsclear Assessment Trouble.

Coun. Fox stated that he and Coun. Everett had a difference of opinion about an assessor in Kingsclear. He wished to substitute Robert Gay for John McIntosh in the lower section of the parish and Mr. Everett did not wish to make a change. The speaker wanted to make the change because many ratepayers desired it. Coun. Fox gave him an instance of a difference of opinion between himself and Mr. McIntosh, the latter increasing his assessment by \$200. He then had told Mr. McIntosh he would run for councillor and turn him out of office.

Coun. Everett said that Mr. McIntosh was the assessor in the lower section of the parish and he did not think Coun. Fox, who belonged to the upper section, had the right to remove him for a personal grudge against the assessor. Coun. Fox could not point to an instance of over-assessment.

Coun. Fox made a reply asserting that Mr. McIntosh was arbitrary.

On the motion of Coun. Hugh Smith a committee of three was appointed to assist the Kingsclear councillors in settling the difficulty. Warden Brewer named as the committee Couns. Dougan, Stairs and D. B. Clarkson.

Protection of Sheep.

County Solicitor Feeney brought up

GOVERNMENT OPERATION OF U. S. RAILROADS

Only Under Government Control Can the Railways be Fairly Administered in Public Interests.

Washington, D. C., Jan. 4. — President Wilson today laid before congress, assembled in joint session, his recommendations for carrying out government operation of railroads. Bills to carry out the president's ideas already had been prepared under the supervision of the department of justice and were immediately introduced with plans for prompt consideration in both house and senate.

In explaining his action in taking possession of the railway systems of the country, President Wilson said it had become unmistakably plain that only under government administration could the entire equipment of the several systems of transportation be fully and unreservedly thrown into a common service without injurious discrimination against particular properties. Only under government administration could absolutely unrestricted and unembarrassed common use be made of all tracks, terminals, terminal facilities and equipments of every kind. The president continued:

"Only under that authority can new terminals be constructed and developed without regard to the requirements of limitations of particular roads. But under government administration all these things will be possible, not instantly but as fast as practicable, which cannot be merely conjured away, give way before the new management.

Little Disturbance.

"The common administration will be carried out with as little disturbance of the present operating organizations and personnel of the railways as possible. Nothing will be altered or disturbed which it is not necessary to disturb. We are serving the public interest and safeguarding the public safety, but we are also mindful of the interest of those by whom these great properties are owned, and glad to avail ourselves of the experience and trained ability of those who have been managing them. It is necessary that the transportation of troops and of war materials, of food and of fuel, and of everything that is necessary for the full mobilization of the energies and resources of the country, should be considered, but it is clearly in the public interest also that the ordinary activities and the normal industrial and commercial life of the country should be interfered with and dislocated as little as possible and the public may rest assured that the interest and convenience of the private shipper will be as carefully served and safeguarded as it is possible to serve and safeguard it in the present extraordinary circumstances."

WILL SETTLE FISHERY DISPUTES.

New York, Jan. 4.—An Associated Press despatch from Washington today says:

"Amicable adjustment of long standing fishery disputes between United States and Canada is foreseen by officials who will represent this country in conferences to begin here on Jan. 15.

The paramount interests of the two countries in winning the war and the need of food supplies are expected to promote a spirit of accommodation on both sides that will smooth out all thorough places.

the matter of the act relating to the protection of sheep from dogs. A petition praying that a by-law be passed bringing into effect in York county that law, had been presented, and it was necessary to enact such a by-law.

Coun. Dougan thought that such a law would work a hardship on the people of McAdam as no sheep were raised in that section.

Coun. Hugh Smith said the law was a good one and he did not believe the people of McAdam would protest.

Coun. Jones was pleased that such a law had been passed. He regretted it had not been passed sooner. He had lost six sheep by dogs in August last.

Coun. White of McAdam protested against the law being made to apply to McAdam.

Warden Brewer said that the council would not have power to exempt.

Coun. Everett said the law was distinct and nothing could be done but pass the by-law.

The resolution putting such a by-law into effect was passed only the councillors from McAdam voting against it.

Jurymen's Fees.

Coun. Everett moved that a committee of at least three members be appointed by the warden to bring to the attention of the Legislature the necessity of readjustment of jurymen's fees.

The committee is composed of Warden Brewer and Couns. Allen and Everett.

The Council then adjourned.

Parish Assessments.

Parish assessments were passed as follows:

WRIGLEY'S

During convalescence,
and when appetite lags

WRIGLEY'S

brings to the hot, dry
mouth a freshness
and a soothing balm
that coaxes back the
enthusiasm of health.

Thousands of soldiers
in Europe have cause
to thank Wrigley's for
its tonic effect.

THE VALUE OF ADVERTISING in all cases must be based on the return for the outlay. No better opportunity in this respect can be found in this locality than

THE DAILY MAIL

This paper has a special value to the local advertiser, as the majority of its readers are in this city and the immediate surrounding country.

Our Advertising Rates will be found decidedly reasonable in view of the results.

PEOPLE READ OUR ADVERTISEMENTS

They are trying to buy
as wisely as they can. It
is necessary they should.

They are eager to know
what the local merchants
have to offer, and good
live advertising is inter-
esting reading to them.

Most of our enterprising
business men have already
realized this fact and their
advertising appears regu-
larly in the Mail.

If you are not a regular advertiser in the DAILY or SEMI-WEEKLY MAIL, you are overlooking an opportunity that no business man in this locality ought to be too busy to appreciate.

THE AD. AND THE MAN.

By James J. Montague.

He saw the ad from day to day
And muttered: "I use it;
The stuff may be just what they
say."

But I'm not going to buy it."

As time wore on he made re-
marks
It would not do to mention,
For he was mad because that ad
Was forced on his attention.

But in a week, or two, or three,
He said: "There's no denying.
The way that ad gets hold of me,
The stuff may be worth trying.
For just about a fortnight more
He dared mere words to win
him,
And then the ad completely had
Aroused the spender in him.

Next day he drifted in a store
And quietly expended
A few big iron dollars for
The stuff the ad commended.
He found it filled a long-felt need
Its excellence surprised him,
And now he's glad because the ad
So deftly hypnotized him.

Cook's Cotton Root Compound.
