MAKING COTTAGE CHEESE

Food Administration Recipe. Unit, 1 gallon. For lesser amounts neasurements to be divided accord-

Take 1 gallon of sweet skim milk, add 34 cup of clean sour milk and stir as it is put in. Raise the temperature in hot water to 75 degrees Fahrenheit, using a dairy thermometer. Remove from heat and place where it is to remain until set. Add 1/8 of a junket tablet thoroughly dissolved in 4 tablespoons of cold water; stir while addng. Cover with cloth and leave from 12 to 16 hours in even temperature about 75 degrees Fahrenheit. At the end of this period there should be a slight whey on the top and when pour ed out the curd should cleave sharply Drain through cotton cloth, not cheese cloth. When whey has been drained out, work in 1 or 2 teaspoons of salt to the cheese, according to taste; 11/2 to 2 pounds of cheese should be ob tained from a gallon of milk.

For table use it is advisable to work in 1 or 2 tablespoons of cream to the pound. For use in cooking, this is not

(New York Sun)

The report of the murder of Nich olas Romanoff sends a thrill of pity throughout the civilized world. The thing is so senseless. The Bolshevik Government has nothing to gain by this crime, for the counter revolution when it comes will not need the name of the former Czar any more than i required the name of Louis XVI, to overthrow the French Jacobins. The Russian people will find a better leader than poor Nicholas when they finally tire of anarchy and turn upon the Bolsheviki.

The world pities the former Czar because fate was hard to him. Fate always is merciless to a royal weakling. Whatever may be the case with ordinary mortals, for monarchs weakness is the unpardonable sin whose keep your mind off your salary so wages is death. Charles I., Louis XVI. and Nicholas II. paid the final penalty because they had not the strength of character and intellect demanded or them by their position. Under their

You pay the same war tax on a pound of cheap, poor tea that you pay on Red Rose. In other words you pay 10 war tax on a cheap tea which will make perhaps 150 cups to the pound and you pay the same 10 tax on a pound of Red Rose which easily makes about 250 crips.

You will find today more value, more economy, more real satisfaction in Red Rose Tea than ever before.

It is truly a war time tea.
