## RECOVERS HIS SIGHT; BACK TO THE TRENCHES

Experience of an Anzac Youth,  
a Veteran of the Gallipoli  
Campaign, Reads Like  
Fiction.

Washington, June 3.—The gas cloud, the bayonet and the bullet have caused many a repetition in the war of the familiar story of the "Light that failed." But among the thousands of combatants whose blindness will ever

throughout their lives prove a poignant sacrifice is one who almost miraculously has recovered his sight.

And, as an inspiring sequel to the story of his physical rehabilitation, the victim has announced his intention of going back to the trenches.

It was in the fierce fighting before Gallipoli in 1915 that Thomas Skehill, a signaller in the Anzac forces, was instantly blinded by the blast of an exploding shell.

"Freezone" is Magic! Lift any Corn or Callus right off with fingers—No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few

cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of ether discovery of Cincinnati genius.

## PARTICULARS OF STANDING FIELD CROPS COMPETITIONS

Provincial Department of Agriculture Has Arranged for Four Competitions in Each County—Entries and Fees to be Forwarded to the Superintendent of Agricultural Department—Liberal Prizes Afforded

Standing Field Crops Competitions will be held in the various counties of New Brunswick during the season of 1918 on the following basis:—

There will be four competitions in each county viz:—

Wheat, 1 acre; Oats, 2 acres; Turnips, 1 acre; Potatoes, 2 acres.

The variety must be named when making entry.

An entry fee of fifty cents will be charged for one crop and twenty-five cents for each additional crop entered by any one farm.

Entries will not be received for more than one variety of wheat, oats, turnips or potatoes from one farm.

Entries accompanied by the stipulated entry fees must be lodged with the Secretary to each Agricultural Society on or before July 20th.

The Secretary of each Agricultural Society will forward all entries and fees thus received to M. A. MacLeod, Supt. Agricultural Societies, Department of Agriculture, Fredericton, on or before July 25th.

Entries not lodged with the Department of Agriculture before August 1st and entries not accompanied by the specified entry fees will not be judged.

The minimum number of contestants necessary to constitute a competition in any one crop in a county will be five.

A prize will not be awarded on any crop that does not score 80 points out of a possible 100 points.

The number of prizes in each competition will be based on the number of competitors and the score they make as follows:—

5 entries scoring 80 points	or over .....	\$15.00.
6 to 10 entries scoring 80	points or over .....	30.00.

11 to 15 entries scoring 80	points or over .....	45.00.
16 to 20 entries scoring 80	points or over .....	60.00.
21 or more entries scoring 80	points or over .....	75.00.

The sum of five dollars will be deducted from each of the foregoing amounts and the balance will be divided pro rata among the contestants scoring 80 points or over.

To the highest awards will be added an additional sum of three dollars and two dollars respectively (these amounts constitute the five dollars deducted as above mentioned as a special inducement to aim for first prize.

First and second prize winners will be required to exhibit their grain and roots at the Provincial Seed Fair, Fredericton, before the above mentioned additional amounts are paid.

The judging will be done by representatives of the Department of Agriculture.

Prize winners in the Standing Field Crops Competitions will find it to their advantage to select, clean and grade their surplus good grain and offer it for sale for seed purposes and buy their feed oats if necessary. The growing of good seed grain is a profitable side line for the progressive New Brunswick farmer.

Establish a reputation for good seed and square dealing.

Sell no grain for seed that you would not wish someone else to sell to you and all your seed grain surplus will readily sell at remunerative prices.

An entry in the field crops competitions will start you on the right track.

Supt. Agricultural Societies.
