**SUFFERED
TERRIBLY
WITH HER HEART
Would Wake Up Smothering.**

The terrible smothering and choking up sensations and sinking spells, the feelings of dizziness and faintness that come over those whose heart and nerves are deranged causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills give prompt relief and effect a complete cure in cases of such severity.

Mrs. A. M. Powell, Norval Station, Ont., writes: "I cannot speak too highly of Milburn's Heart and Nerve Pills. I suffered five years with my heart and nerves, but the last two years I have suffered terribly. If I went to bed I would wake up as if I were smothering. I did not get one night's sleep out of seven. I got so very weak that the doctor was called in, and he said it was my heart, and that I must take great care of myself. I saw your advertisement in your almanac for Milburn's Heart and Nerve Pills, and said I would try them. I have taken only two boxes of them and I feel a new woman. I will recommend them to anyone afflicted with heart trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FACE COVERED WITH PIMPLES

ASHAMED TO GO OUT

Many an otherwise beautiful and attractive face is sadly marred by unsightly pimples, blotches, flesh worms and various other blood diseases.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost and their possessor rendered unhappy for years.

Why then, consent to rest under this cloud of embarrassment?

There is an effectual remedy for all these defects.

It is Burdock Blood Bitters. This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear.

Mrs. Katherine Henry, Port Sydney, Ont., writes: "Two years ago my face was so covered with pimples I was ashamed to go out at all. I tried several remedies, but they were of no use. At last a friend advised me to try Burdock Blood Bitters. I got a bottle, and by the time it was used, I could see a difference. I then got more, and when I had used them, the pimples were completely gone. I can highly recommend B. B. B."

British Tank Plays Part In Recruiting In U. S. A.

BRITISH CANADIAN HUSTLE IN U.S.A.

During one recent week in March the British and Canadian Recruiting Mission dispatched to Canada 1,089 volunteers for the British and Canadian armies. During the absence of Brigadier-General W. A. White, C.M.G., Col. J. S. Dennis, of the Canadian Expeditionary Force, is in command of the recruiting programme in the United States. Brigadier-General White is making a tour through the south in an effort to stimulate interest in recruiting.

The pictures accompanying this article illustrate the campaign that is being carried on in New York by the Mission. Brigadier-General White and Colonel Dennis have started a whirlwind campaign for recruiting Britishers and Canadians in the United States covering the next two months

(1) Mrs. Wheelock, "champion recruiter," asking for British and Canadian volunteers, from the deck of the tank "Britannia." Joe Taylor at the right. (2) Sgt. Major Bramhall, in charge of recruits of the Jewish Battalion, leaving British and Canadian Recruiting Depot, 220 W. Forty-second St., New York, Feb. 28th, to board the Fall River Line steamer for Yarmouth, N.S. This event bears evidence of the desire of the Jews to join England's forces to maintain control of Palestine. (3) Col. J. S. Dennis, C.E.F., in charge of the Canadian Contingent, British Canadian Recruiting Mission. (4) The kind of picture that fascinates recruits. (5) Lieut.-Col. F. C. Jamieson, in charge of the Eastern Division. (6) Brig. Gen. W. A. White, C.M.G., Officer Commanding the British and Canadian Recruiting Mission in the United States. (7) Standing: C. Broome White, Officer Commanding New York Depot of the British and Canadian Recruiting Mission. Seated (left to right): Mrs. Gordon Auchinclose, Mrs. James Auchinclose, daughters of Mrs. E. M. House, and Captain Richard Haight, of the "Britannia." (8) Capt. P. F. Sise, in charge of the Intelligence Section.

Their ambition is to secure 20,000 men from the United States, if possible, before the terms of the draft convention between the United States and Great Britain become effective. During the eight months the Mission has been at work in the United States it has secured 22,000 volunteers for the British and Canadian armies, and has examined about 16,000 more.

Brigadier-General White has made the point that if a Britisher or Canadian desires to aid the Allies he can do so by promptly volunteering, because the machinery of the British and Canadian armies for training men has been so well developed by three and a half years of experience that it can train a man and put him in the firing line in five months. This has actually been done in quite a number of cases. On the other hand, the United States Government, starting much later, has had its hands full in training the first contingent of the draft, numbering about 700,000 men, and the second draft will follow close upon the heels of the first.
