### NEW TREATMENT NOW ADVOCATED FOR BRONCHITIS

Is Having Wonderful Success, and is Making Most Remarkable Cures.

For bronchitis a different form of treatment is now advocated. It consists of a scientifically devised vapor that penetrates to the uttermost recesses of the lungs and bronchial tubes. Every spot that is sore, every surface that is irritated is at once bathed with soothing balsams and healing essences that make chronic bronchitis an impossibility.

This treatment now so universally employed in bronchitis, throat troubles, colds, etc., is called CATARRHOZONE. It acts just as air of the pine woods acts, as a healing antiseptic remedy for all diseases of the breathing organs.

Just think of it—a remedy that can be carried with the very air you breathe to the seat of bronchial or catarrhal inflammation. A remedy powerful enough to kill germ life and yet so healing that disease flees before it. Catarrhozone is truly a wonderful remedy. In many lands it has won its way, and is affording grand results to sufferers from colds, catarrh, throat weakness, asthma and bronchitis. There is no sufferer from a grippy cold or any winter ill, that won't find a cure in Catarrhozone, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months and costs \$1.00 and is guaranteed; small size 50c., sample size 25c., all storekeepers and druggists, or The Catarrhozone Co., Buffalo, N. Y., and Kingston, Canada.
