LIVER TROUBLE  
AND HEARTBURN  
MILBURN'S LAXA-LIVER  
PILLS.

When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and costive.

The symptoms are a feeling of fullness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, floating specks before the eyes, tongue coated, bad taste in the morning, heartburn, water brash, etc.

Milburn's Laxa-Liver Pills gently unlock the secretions, clear away all effete and waste matter from the system, and give tone and vitality to the whole intestinal tract, and are by far the safest and quickest remedy for all diseases or disorders of the liver.

Mrs. A. Cummings, Manchester, Ont. writes: "I have used Milburn's Laxa-Liver Pills some time, and can faithfully recommend them to anyone suffering from heartburn and liver trouble. I tried a great many other remedies, they only relieved me for a time. I believe Laxa-Liver Pills to be a valuable remedy for all sufferers from liver troubles."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FARMERS IN  
WAR ZONE MUST  
BE HELPED

In February circulars and small envelopes were distributed throughout the province with a request that consideration be given to the farmers in Belgium, France and Serbia who have lost everything because they lived where the battles have been and are being fought. The fund is to assist these men to re-establish when the war is over.

Dr. James W. Robertson of Ottawa, is in charge of the work in Canada and at his request the Provincial Department of Agriculture is urging that New Brunswick maintain her position among the provinces in Canada. This is only preparatory in order to prevent very heavy calls coming at the close of the war.

"The farming population of the British Empire who have not suffered are being invited to help their unfortunate brethren in Allied countries who have lost everything in the common cause. They need seeds, live stock, agricultural machinery and tools to enable them to resume farming operations."

"Donations have been made of much needed agricultural implements and tools. The Germans in their retreat during the Battle of the Marne gathered field implements in heaps and put bombs under them. They burned farhouses wantonly as a deliberate part of their policy to leave the war area utterly desolate."

"Recently the overseas dominions have been invited to join in the work of relief. Thus the farmers of the whole British Empire will be able to render friendly and much needed help to the stricken farmers in the regions which have been devastated by the enemy. When the occupied territories of France, Belgium and Serbia have been cleared of the invaders the task of reconstruction will be too great for the peasants who have lost everything except the land itself."

"We ought to help our stricken brethren as the enemy is pushed out of their territories. We want to do that for several reasons. The object is humane and we are a humane people. They are our Allies, our neighbors and our friends. We want to help them for the sake of the good name of Canada. It would be a good thing in our international relations to have it known that the dairymen of Canada gave something, a good thing to have it known that the grain growers gave something, a good thing to have it known that the live stock men gave something, that our poultrymen and fruit growers have given something, and above all that our country women have remembered their sisters whose farm homes have to be re-established out of ruins. We want for Canada a place among the nations on behalf of our farmers which will be in keeping with what our sons and brothers have done and won on the fields of battle."

Up to date less than \$1,000 has been received by the treasurer of the "United W. R. Reek, Fredericton. Agricultural Societies" if they have not already done so, would do well to consider this as organized bodies. Many perhaps did not receive envelopes but contributions will be welcome in any form.

Complete lists of subscriptions will be published very shortly.
