

# Have Your Job Printing Done At Home

The Mail now has every facility for turning out High Class Job Printing work and there is no longer any reason why manufacturers, merchants and others should send their orders out of town.

Give us a trial order and be convinced.

We have a new office and up-to-date machinery, all run by electric power, and can turn out work promptly and efficiently. If you have a job of printing call up No. 67 and we will do the rest.

## Important Bills

(Continued from page 2.)

incurred in attending meetings of commissioners from other provinces. MR. McGRATH was pleased to learn that there were some lawyers in the province willing to work for nothing.

MR. BURCHILL thought that under the terms of the bill it might be possible for the commissioners to incur considerable expense for printing and clerical assistance.

MR. MERSEUR thought the bill safeguarded the public interests.

MR. BURCHILL wanted to know if similar legislation was being enacted by other provinces.

HON. MR. BYRNE said he was unable to speak positively on the subject but he presumed it was being done. For some time there had been a feeling in the different provinces that there was greater need of uniformity in laws concerning insurance, companies, partnerships, probate of wills, etc., and the bill was being promoted with the object of bringing about that uniformity.

MR. BAXTER said that if other provinces did not pass similar legislation no conferences would be held, consequently there would be no expense.

MR. MAGEE thought that the bill might satisfy the ordinary layman, if it fixed a maximum sum of expenses to be incurred.

MR. BAXTER thought his hon. friends opposite should be willing to trust the Government a little longer. The bill was satisfactory to his side of the House and the expense to be incurred would be a mere bagatelle in comparison with the great saving that would be effected by having uniformity of legislation.

The bill was agreed to.

The Committee then went into consideration of the bill to amend Chap. 166 of the Towns' Incorporation Act.

HON. MR. MURRAY explained that the object of the bill was to give Town Councils power to better regulate the sale of coal and wood.

MR. BAXTER said that the bill would not interfere with Dominion jurisdiction as to weights and measures but he wanted information as to how the selling of coal and wood would be regulated.

HON. MR. MURRAY said that Town Councils now had authority to appoint

weighers of straw, hay and fodder, and the bill proposed to give them the right to add coal and wood to the list.

The bill was agreed to.

An Annuity Bill.

The Committee then took up the consideration of the bill to provide an annuity to G. Hudson Flewelling. The amount of the annuity is to be fixed at \$360 per annum, to be paid monthly from the first of March, 1918.

HON. MR. POSTER explained that Mr. Flewelling had for many years been a valued official of the House. He had also served in the old Legislative Council and as a member of the

Legislature, and it was felt that his long service should be recognized by the province.

The bill was agreed to.

The Committee next took up the consideration of the bill relating to the Boys' Industrial Home.

HON. MR. POSTER said as a result of the increased cost of living the Board of Governors had found themselves without sufficient revenue to enable the home to be carried on. Under the proposed amendment the governors would be allowed to collect
