THE CZECHO-SLOVAKS.

While the Austrian armies are being beaten and becoming demoralized, Austria politically is going to pieces. The Bohemians and the Moravians are at work organizing a government, and have taken over all the national services within their boundaries. Dr. Masaryk, the intellectual and political head of the race, is resident in the United States, and has from this distant point of vantage been directing matters. Perhaps the most romantic incident connected with the whole matter was the formal reading and adoption of a Declaration of Independence in the old and venerable Independence Hall in Philadelphia, where the American Declaration was drawn up and adopted by the revolting colonies. It is not such an elaborate document as that of Jefferson, but it nevertheless sounds the right note. The national platform runs as follows:

"The Czechoslovak State shall be a Republic. In constant endeavor for progress it will guarantee complete freedom of conscience, religion, science, literature and art, speech, the press and the right of assembly and petition. The churches shall be separated from the State. Our democracy shall rest on universal suffrage; women shall be placed on an equal footing with men politically, socially and culturally. The rights of the minority shall be safeguarded by proportional representation; national minorities shall enjoy equal rights. The government shall be parliamentary in form and shall recognize the principles of initiative and referendum. The standing army will be replaced by a militia. The large estates will be redeemed for home colonization and patents of nobility will be abolished."

All this is genuine democracy, and all the Allied peoples will rejoice with these Slavic folk in their new found freedom and wish the new nation a happy and prosperous career.

The suggestion of the Attorney General of Great Britain that an international tribunal be appointed to try offenders for inhuman acts committed during the war, is one that will probably be acted upon. The world has been repeatedly shocked by brutal acts committed by the Huns, and the perpetrators of these outrages should not be allowed to get off without some punishment. Hanging is too good for the monster who shot Edith Cavell and the barbarian who murdered Captain Fryatt, to say nothing of the pirates on U-boats who turned their guns on helpless sailors in open boats on the high seas. As for the fiend who sank the Lusitania, he was taken from earth and landed in hell nearly two years ago.

That milk producers in Kings and Queens counties who have united in their demand for an increase for milk, and the merchants or local dealers who have decided to boost the price of this commodity have violated an act which is punishable by a fine not exceeding \$5,000 and a term of imprisonment, was a statement made by Commissioner Fisher at a meeting of the Common Council at St. John on Tuesday. He strongly advocated action by appointing an investigating committee, or fair price commission, to go into the matter thoroughly and report to the authorities at Ottawa and have them deal with the violation. The dealers who recently boosted the price of milk in Fredericton may in the end find it an expensive job.

The German military lords may try to bluff it out a few weeks longer by an attempt to argue the point with the Allied nations, but in the end they have got to bow to the inevitable. The end of the war is going to come much sooner than was expected a few months ago. The Huns started a "peace drive" in March last, but it slipped a cog. The peace drive started by Marshal Foch in July is still going strong.

It will probably take the Huns sev-

eral days yet to digest the Allied terms for an armistice submitted to the mon Monday. If they have any sense left, they will accept the Allied terms with gladness. If they do not accept them, they will be mighty sorry for it before they are many weeks older. The Allied troops were never in better shape to mop up the Huns, than they are at the present moment.

The City Council at its regular meeting last night took time by the forelock by appointing a committee to arrange for a peace celebration. A victory that is worth winning is certainly worth celebrating in a fitting manner. There should be a hot time in the old town when the joyful news comes that the Germans have thrown up the sponge.

Those who have the means but not the will to subscribe to the Victory Loan can scarcely be said to be picking up the torch from the "falling hands" of our boys in Flanders fields.

Don't forget that the Victory Loan campaign closes on the 16th inst. Better place your order now before it is too late.

Now is the time to prove your faith in your country by more than the mere word of mouth. You can do it by buying a Victory bond.

THROUGH OUR SIEVE

Brussels would be a good place to call the Kaiser on the carpet.

Scarcity does not always give value. There are thrones, for example.

The small boy wonders if his mother will ever get over being surprised at the things he does.

They are cutting off the tail of the imperial German dachshund an inch at a time to mitigate its pain.

There are plenty of things to talk about besides war, but the trouble is we never can think what they are.

There are other things which work toward happiness just as much as the habit of chumming around with an undertaker out of business hours.

When a man is over 80 he has it on a lot of us guys. He is too old for influenza and too old for the draft, and look at all the years he has to the good.

No woman should give way to grief as they do in the movies with disheveled hair; let her keep her curls and everything has a greater chance of coming out all right.

COMMISSION ON ARMISTICE

Amsterdam, Nov. 5—Gen. E. V. C. von Gummel, Germany's military delegate to the Hague peace conference; Gen. H. K. A. von Winterfeld, Admiral Meunier and Admiral Paul von Hintze, former secretary of foreign affairs, have been appointed members of a commission to deal with the allied powers on armistice negotiations.

ITALIANS BEGIN OCCUPATION OF ENEMY LAND

Rome, Nov. 6—The conditions of the armistice between the entente nations and Austria are being carried out without delay. Italian forces have begun to occupy the territory which will be held as a guarantee that the clauses of the agreement will be observed.

ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

The reason Burdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities are carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. Geo. Monck, Arden, Ont. writes "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since."

B. B. B. is a purely vegetable remedy, and has been manufactured for the last forty years by The T. Milburn Co., Limited, Toronto, Ont.

WHY CAN'T I GET TO SLEEP?

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quietened except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation and sensation of sinking a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much needed night's rest by improving the tone of the nerves, strengthening the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peaceful as a child.

Mrs. Jas. Latimer, 39 Leinster St., St. John, N. B. writes:—"At night I could not sleep. I had to sit up in bed my heart beat so fast, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes, I can sleep all night and am not out of breath after walking."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUCCESSION DUTIES CASE AT OTTAWA

Ottawa, Nov. 6—In the Supreme Court today the appeal of Smith vs Provincial Treasurer of Nova Scotia was heard. This is an appeal from a judgement of the Supreme Court in Nova Scotia in an important case, respecting succession duties.

The appellants are executors of the estate of the late Wiley Smith, of Halifax. A part of the estate consisted of over 2,000 shares of stock of the Royal Bank and the province of Nova Scotia claimed succession duties on the value of that stock to the amount of \$20,000. The province of Quebec also claimed the right to this succession duty on the ground that the matter was governed by the situs of the property and that the situs of these shares was at the head office of the bank at Montreal.

The Supreme Court of Nova Scotia held that this legislation fixed the situs of the shares owned by the estate in Nova Scotia which has a share registry office in which these shares were registered. The province of Quebec claims that the right to register and transfer does not dominate the situs, that the transfer is always subject to the sanction of the directors and that other rights of shareholders are not affected.

Herny, K. C., appeared for the appellants. Newcombe, K. C., and Jenks, K. C., for Nova Scotia, Geoffrion, K. C., and Lanctot, K. C., deputy attorney-general, for Quebec.

NO ABATEMENT AT WINNIPEG.

Winnipeg, Nov. 5.—There is yet no sign of abatement of the spread of Spanish influenza in Winnipeg for during today 619 new cases and 20 deaths among civilians were reported to the health authorities.

LOCAL NEWS

Accident This Morning
 At the market this morning a team was standing a short distance from the curb facing west when a delivery team driven by a city youth attempted to pass between the curb and the team. The rear wheel of the country wagon had the spokes all splintered as a result and the woman owning it complained to the police who are rounding up the youth.

Millar-Cliffe
 A very quiet wedding took place at the Deanery this morning when Miss Gladys M. Cliffe of Fredericton daughter of the late Mrs. M. Gilmore was united in marriage to Mr. John Millar son of the late G. Millar of Moncton and foreman of the Daily Mail's composing room. Both the bride and groom were unattended. The ceremony was performed by Very Rev. Dean Neales. The young couple left for Moncton where they will spend their honeymoon. They will reside in Fredericton.

Will Meet Again
 Capt. A. B. Blanchard of No. 7 Military District Staff, St. John met with the Buildings Committee and the Secretary of Agricultural Society No. 34 yesterday and conferred concerning the repairing and fitting up of the Exhibition Building for possible occupation by troops. A certain number of troops are expected to be stationed here but the whole building would be necessary for them if the number expected arrive. This requires the decision of the whole board of directors and a meeting is called for Thursday to give a final decision in the matter.
