Lovely White Skin!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

By all means, girls, prepare a lemon lotion to keep your skin flexible and young looking. You will soon realize that true loveliness does not mean the powdery look or waxen colorlessness of some hot-house flower, but is typified by the velvety softness of your skin, your peach-like complexion and rosy-white hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and hidden beauty of any skin. It is simply marvellous to smoothen rough, red hands.

FRENCH HUMORISTS

If the Englishman takes his pleasures sadly, he certainly takes his hardships with a smiling face, and a cheerfulness that never fails.

The human instinct to write things on the wall lives in the front-line trench. "Do not feed the sentry" is a favorite notice to be found near the man at the periscope. At one of my posts the men rigged up a weird little affair. It was a tiny piece of metal, suspended from a short length of wood which was stuck into the wall of the trench by some string. Underneath was this inscription:

THE PEACE GONG

To be rung on the declaration of peace.

Do not ring loudly, for fear of waking the sentry. Here is another notice that faced me in a different sector:

THE YSER RESTAURANT TODAY'S MENU.

Whiz-bang soup.
Boiled Camouflage, Egg Bomb Sauce
Skilly, with Liquid Fire
Pineapples Almondre
N. B.—The rats have eaten the cheese.

But the gem of the lot was perpetrated by a boy of 19, who had one of those angelic faces one always suspects. He was on a gas guard, with instructions to ring a gong affixed to the side of the trench in case of a gas attack by the enemy. I was visiting posts one day, and when I reached his I discovered a small wooden board alongside the gong. It was neatly lettered as under:

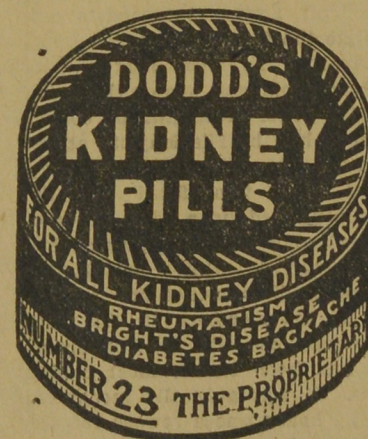

If you sniff a funny smell,
Ring this gong like blinking hell!
The cplonel discovered that notice on his rounds the next day, and he was so delighted he brought the brigadier to have a look at it.

Ye Modern Polonius.

"Never mind about beauty my boy, marry some girl who is good—"

"Good?"

"For a couple of hundred thousand."
