

THE CRISIS!

JUST an ordinary cup of coffee! Surely nothing could be more commonplace to you. But—

To wounded, broken and exhausted Canadian men staggering out of a furnace of shells, at Vimy Ridge, with nerves torn to pieces, that little refreshment in the moment of crisis—who can measure its significance? For it may mean life itself!

Canada-Wide Appeal

Here is an officer's picture of the need: "I wish you and the people supplying free hot drinks could see the men coming in after a big action. They would look like grotesque scarecrows if you couldn't see the pathos of it. Their shoulders and heads sag forward and they slouch slowly along with never a glance to left or right. The strangest thing about them is their faces. If the tension is not broken the brain may snap. I certainly believe that in thousands of cases it was that first hot coffee that dragged the man back to life and sanity."

Is there a man, woman or boy in all Canada to whom these heroes would appeal in vain? Will you help the Y.M.C.A. supply the coffee and the thousand and one other needs of body, mind and spirit "over there?"

Can proud Canadians send a more heartening, more practical message to Canadian heroes now amid the perils of the greatest battle in history than this: "that the Canadian people responded to the Call of the Y.M.C.A. with magnificent, abundant whole-hearted Generosity!" Will YOU Help?

GOT WET FEET TOOK AWFUL COLD

Could Not Sleep for Cough.

A bad cold accompanied by a distressing cough that keeps you awake at night is most aggravating, and unless it is attended to at once may develop into something very serious.

Dr. Wood's Norway Pine Syrup is the remedy you should take. It heals the mucous surfaces, relieves oppression and tightness of the chest, removes the accumulation of phlegm, quiets the most obstinate and distressing coughs, and secures rest and sleep at night, not only to the sufferer, but to others whose rest would otherwise be broken.

Mrs. Ezekiel Acker, Lake Pleasant, N. S., writes: "I got wet feet and took an awful cold; could not sleep at night, and would do nothing but cough. My husband got me a bottle of medicine, but it was not worth bringing home. I was going to call the doctor in when a friend asked me to try Dr. Wood's Norway Pine Syrup. I told her I had not faith in it, but she urged me to get a bottle. I did, and I must say that of all medicine I ever took, it is the best, and relieved me the quickest of anything I ever saw."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

IRISH SOLDIER GUARDS MANGER OF BETHLEHEM

(Canadian Press direct wire.)

London, May 3.—From Bethlehem a youthful Irish soldier writes to a friend here: "I am on guard at present and it is a great honor, I can tell you, that I am guarding the birthplace and manger of our Lord. It is a wonderful place, and I never thought as I used to read about it that one day I should stand and guard it. The birthplace is marked by a fourteen pointed silver star, pressed by the French government. The stable is hung with lamps from all different countries, and they look beautiful; and I might add they are always alight. "The manger itself it cut in natural rock, but marble has been put in to strengthen it and is in a good state of preservation."

HIGH FEELING OVER ELECTION

(Canadian Press direct wire.)

Dublin, May 3. — Relations established recently between the Nationalists and the Sinn Feiners by the conscription question have been subjected to severe tension the last few days though the determination of the Sinn Feiners to nominate Arthur Griffiths, vice president of the Sinn Fein organization, to the parliamentary seat in East Cavan against Mr. O'Hanlon, Nationalist, intense feeling has been aroused and it threatens awkward consequences. John Dillon, Nationalist leader, visited East Cavan today in an attempt to obtain an audience. He joined the local bishops in an appeal for compromise and said that the Irish party could not agree to abandon the seat to the Sinn Feiners. If the splinter resistance by the Sinn Feiners incident to the attempt to capture the seat prevailed, he said, national unity was impossible. The issue was whether there were any men who were left in Cavan that believed in the methods of Parnell. Mr. Griffiths, who is editor of the Sinn Fein paper, Nationality, maintains in Thursday's issue an unbending attitude. The Sinn Feiners profess confidence in their ability to win the seat. De Valera, head of the Sinn Fein, is supporting Griffiths.

ARTFUL DODGER HAS NO CHANCE

Put a few drops on that old touchy corn then lift it out without pain

Ouch ! ? * ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. A delightful surprise awaits all who try this.

He says freezone is a sticky substance which dries immediately and never inflames or even irritates the surrounding skin. A quarter of an ounce of freezone which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.
