TIMBER SALE

The lands which were advertised for sale on the 5th of September, 1918, and postponed, will now be held at the Crown Land Office, Fredericton, N.B., on THURSDAY, the third day of OCTOBER, 1918, commencing at 12 o'clock noon, under the following conditions, viz:

Berths to be sold on a STRAIGHT STUMPAGE RATE per thousand superficial feet, the upset rate of which will be announced at the time of sale, conveying the right to cut and carry away the merchantable lumber as advertised for the term ending August 1st, 1919.

Ten per cent. of the bid stumpage price on the estimated quantity of merchantable lumber standing on the berth to be paid as each berth is sold. The lands to be sold embrace in all about four hundred square miles, as advertised in the Royal Gazette September 18th, 1918.

For further particulars, printed estimates of the timber on each block, plans, etc., apply to the Deputy Minister, Crown Land Office, Fredericton, N.B.

E. A. SMITH,
Minister of Lands and Mines.
Crown Land Office, Fredericton, N. B.,
September 13th, 1918.

AMUSEMENT TAX ORDER

ALL PERSONS promoting or directing entertainments of whatever sort or description, are requested to observe carefully the following addition to the rules and regulations passed by the Lieutenant-Governor-in-Council with regard to the collection of the Amusement Tax:

"No entertainment of whatever sort or description to which an admission fee is charged and the proceeds of which are not wholly for patriotic, church or charitable purposes, shall be held without a permit allowing the said entertainment to be held and providing at the same time for a supply of amusement tax tickets necessary in connection therewith. If such entertainment is held without a permit from the Amusement Tax Inspector, the promoters of the same shall be liable to the penalties provided for in the 11th section of the Theatres and Cinematographs Act."

Applications for Amusement Tax Tickets, Receipts and Permits for entertainments to be held should be made to

William H. McQuade,
Provincial Tax Inspector,
P. O. Box 684,
St. John, N. B.
Sept. 25, 26, 28; Oct. 1, 3, 5.

NOTICE

NOTICE

ANTHRACITE COAL.

Notice to Consumers of Anthracite Coal in Fredericton and Vicinity. The public will please take notice that, according to the Order-in-Council of 15th March, 1918, all consumers of Anthracite Coal are required to register with the Fuel Commissioner, not only coal ordered or required, but all those who have been already supplied, or partly supplied, for the coming season of 1918-19, are required to report to the Commissioner immediately.

The necessary form may be obtained at any of the Drug Stores, Factories, or at the office of the Commissioner, Board of Trade Rooms, 608 Queen street.

Anyone neglecting to comply with the instructions or requests of the Commissioner is subject to a very heavy fine.

R. H. SIMONDS,
Fuel Commissioner
for Fredericton.
Fredericton, N. B., Oct. 3rd, 1918.

DEAD HEAT IN 2.15 MIXED RACE ON THURSDAY

LA COPIA AND JENNY FRISCO FINISHED EVEN

Tommy Cotter, the Favorite, Won the Next Three Heats —Bavius Won the 2.22 Trot.

With the track heavy and a drizzling rain falling the greater part of the afternoon the spectators who attended Thursday's racing on the local track were treated to some fine sport. Chief among the good things of the day was the dead heat between Jenny Frisco and La Copia in the first heat of the 2.15 Trot and Pace. It was a great heat but affected the final position of neither horse as Tommy Cotter a heavy favorite went out and won the next three heats without any difficulty, and the division of the money depended upon the positions of La Copia and Jenny Frisco in the subsequent heats. The 2.22 Trot was won by Bavius in straight heats. Barium was second. Harvest Hope, the only Fredericton horse, got only fourth money.

The attendance was not large, but was good considering the weather. The temperature was higher than on Wednesday which made it more comfortable for the spectators. The rain however made it disagreeable, and made the track which was bad after the night's rain worse as time went on. The final heat was trotted with the track cut up in all parts and the time in all races was good. In the 2.15 trot Boutiller drew Belmont Miller on account of the condition of the track. All the drivers after each heat looked as if they had masks on so well were they plastered with mud.

Bavius' best time in the 2.22 was 2.27½ in the first heat. Similarly the best time of the 2.15 was in the first the dead heat between La Copia and Jenny Frisco being timed in 2.23¼.

SOME COMMENTS ON THE PATRIOTIC POTATO SCANDAL

The Public Entitled to Know Where the Money Came From Which Was Used to Cover Up the Loss -- Lawyer Taylor Showed Wisdom in Getting Out of the Case--Mr. Sumner's Position

(Moncton Transcript)

A royal commission duly and legally appointed is now inquiring into certain features connected with what is known as the "Potato Scandal." It is unnecessary so far as the general public is concerned to defend either the character, legal standing, honesty of purpose and gentlemanly course of Mr. James McQueen, who constitutes that commission. He can afford to treat with contempt the vicious and embittered attacks made upon him by absolutely unscrupulous newspapers supporting the provincial opposition.

The evidence brought out, however is so extraordinary that it is not surprising the opposition journals are opposed to its being made public. Circumstances surrounding the transaction brought out are such that already

the act of the provincial government in appointing a royal commission for this purpose is fully justified.

The public is entitled to know the original source of the money employed in connection with the payment for a portion of these potatoes.

From whence did it come? Did or did it not come directly or indirectly from a public source?

The fact that the counsel for the defence threw up his client's case is not remarkable.

Many a lawyer has done that in courts more than once when his case was indefensible and his clients refused to go on the stand and defend themselves, or to be in court as at the outset of this enquiry to instruct him.

Instead of abusing the counsel who withdrew from the case, The Transcript compliments him upon his honorable and proper course in withdrawing from the defense of a case which apparently so far as the evidence goes, is in the opinion of the average layman, difficult of defence.

Standard Scents Danger

That being the case then it is not surprising that a characterless newspaper like the St. John Standard scents danger in the probing.

Is anybody connected with the Standard connected with the scandal?

Nobody would accuse The Standard of supplying the money to finance the transaction, and why then is it so sensitive?

Is it afraid that because the potatoes were rotten, the taint of the rottenness will linger on its skirts or the skirts of those connected with it in a proprietary or a spasmodically editorial contributory relationship?

From the St. John Standard nothing better than abuse was expected.

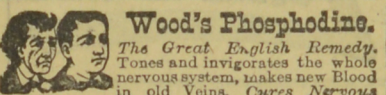

There is, however, an extraordinary feature of the journalistic abuse and that is that a newspaper largely owned by Mr. F. W. Sumner, who appears as a witness in the case, is editorially vilifying and abusing the royal commissioner, Mr. James McQueen.

It is beyond doubt that Mr. F. W. Sumner did not contribute the editorial and presumably he had no knowledge of its being inserted until he read it in the paper, but it is equally certain that knowing that Mr. F. W. Sumner had been a witness before this royal commission that the editorial writer should have personally consulted Mr. Sumner as a matter of courtesy before publishing the article.

The editor not having done so, places Mr. Sumner in a false position before the public, especially inasmuch as according to the published reports Mr. Sumner was treated by the royal commissioner in a most gentlemanly way.

The ill grace shown by the inconsiderate action of his editor places Mr. Sumner in a position open to adverse criticism which he does not deserve.

Despite this however, Mr. James McQueen the royal commissioner has the satisfaction of knowing that in public esteem his personal reputation legal standing and high business character never stood higher than at the present moment.

Wood's Phosphorine. The Great English Remedy. Tones and invigorates the whole nervous system, makes new blood in old veins. POLICE OFFICER WAS ACQUITTED

Victoria, B. C., Oct. 2.—Dan Campbell, of Victoria, the police officer who shot and killed Albert Goodwin, the draft evader, while Goodwin was alleged to be resisting arrest near Cumberland some months ago, is not to stand trial on a charge of manslaughter on which he was committed. The jury in the assize court this morning returned a "no bill" and Campbell, accordingly, was discharged.

The city of St. Quentin, the famous stronghold of the Hindenburg Line, was captured by the Allied troops. The Huns had hoped that St. Quentin would prove an insurmountable barrier for the Allies.

WEAK BOYS AND GIRLS

It is a mistake to think that anaemia is only a girl's complaint. Girls probably show the effect of weak, watery blood more plainly than boys. Delayed development, pale faces, headaches, palpitation, and a feeling of listlessness, call attention to weak blood in the case of girls. But many boys in their teens grow thin and "weedy" and have pimples on the face, showing that they have not enough blood. The anaemic boy is just as likely to become a victim of consumption as the pale, breathless girl with her headaches and worn-out look. Let the boy in this condition catch cold and he will lose his strength and his health becomes precarious.

To prevent serious disaster to those of the rising generation, let both boys and girls be given the new rich blood which Dr. Williams' Pink Pills are famous the world over for making.

When giving these pills watch how soon the appetite returns and how the languid girl or the weak boy becomes full of activity and high spirits. Remember that the boy has to develop, too, if he is to make a strong hearty man. Give both the boys and girls a fair chance to develop strongly through the new, rich blood Dr. Williams' Pink Pills actually make. You will then see active boys and girls, instead of weakly children around you.

Dr. Williams' Pink Pills are sold by all medicine dealers or may be obtained by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison, are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

LOWER PRINCE WILLIAM

Lower Prince William, Oct. 2.—The heavy rains of late have injured the grain to a great extent, but the potato and turnip crops are up to the average.

Rev. A. A. Rutledge returned last week from a very pleasant motor trip among friends in Albert County. He was accompanied by Mrs. Rutledge and children.

Mrs. James Miller and Mrs. W. A. McKenzie are visiting in St. John.

The school is progressing favorably under the management of Miss Kathleen Bates of Campbell Settlement.

Mr. Steeves of Riverside is visiting his daughter Mrs. A. A. Rutledge at the parsonage.

The monthly meeting of the Ladies' Aid Society will be held at the parsonage next Tuesday afternoon when a tea will be served by the members for the benefit of missions.

H. W. Boddy is busily engaged loading potatoes at Rosborough Station for B. F. Smith Co., Ltd.

The Red Cross is meeting this afternoon with Mrs. R. H. Graham.

Frank Saunders intends starting his lumbering operations next week for the York and Sunbury Milling Co.

Edwin Hoyt had the good luck to shoot a fine moose on Pokio Stream the first of the hunting season.

Mr. and Mrs. Lee Course of Queensbury accompanied Mr. and Mrs. Ludlow Hoyt on a motor trip to Union Corner recently.

Mr. Lee Boddy has commenced thrashing with his gasoline engine, and is giving great satisfaction.

German "international law experts" are making the plans for a league of nations! Wouldn't that stop your grandfather's clock?

MINARD'S "KING OF PAIN" LINIMENT

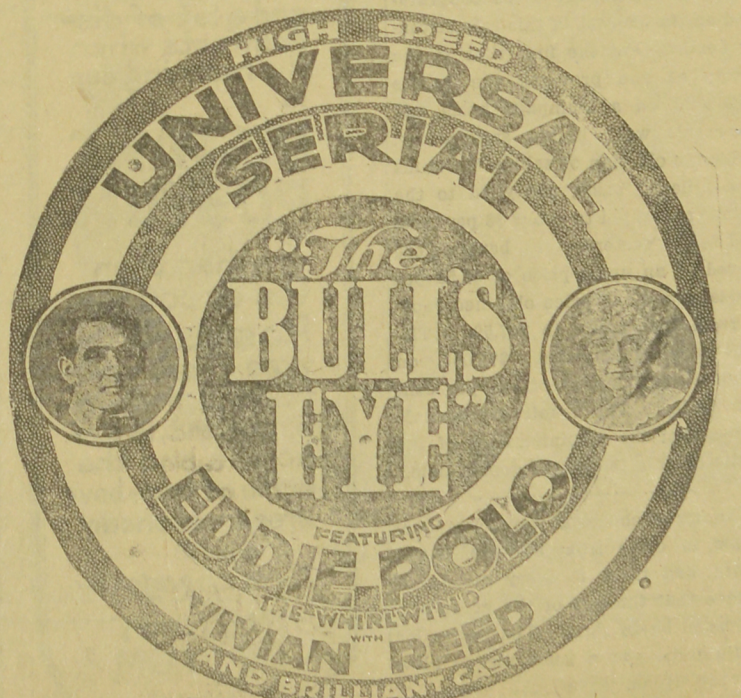

The old reliable remedy for rheumatism, neuralgia, sore throat and sprains.

Best Liniment Made

Mr. A. E. LAUNDY, EDMONTON, writes: "I fell from a building and received what the doctor, called a very bad sprained ankle, and told me I must not walk on it for three weeks. I got MINARD'S LINIMENT and in six days I was out to work again. I think it the best liniment made."

Minard's Liniment always gives satisfaction. For any ache or pain, it gives instant relief.

Minard's Liniment Co., Limited
Yarmouth, N.S.
