

BEDRIDDEN WITH RHEUMATISM

Feel That He Would Never Walk Again
"FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with *Rheumatism*; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".

LORENZO LEDUC.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

German children are said to play mostly at war games. No doubt they train their little toy guns on little toy vruchies.

In these trying times we should all take care to keep our self-control on straight.

GREAT SPEECH IN THE HOUSE BY MINISTER OF PUBLIC WORKS

A Crushing Exposure of the Many Dark Deeds Which Marked the Record of the Old Government--The Work of the New Administration Ably Defended--The Acadians of the Province are Thoroughly Loyal.

One of the greatest speeches the members of the Legislature have been privileged to listen to in a score of years, was delivered yesterday by Hon. P. J. Veniot, the able and energetic Minister of Public Works in the Foster government. The Minister not only made a complete and highly effective defence of his department from opposition criticism, but carried the war into Africa and treated the House to a most crushing expose of the record of the old administration. The many iniquitous acts were laid bare in turn, and in almost every case the Minister was able to back up his statements by documentary evidence taken from the records of the several departments.

The Minister had a large subject to deal with, and it took over five hours to deliver his speech; but every part of it was interesting and was closely followed by members on both sides.

Mr. B. F. Smith, who was a legislative supporter of the old government and for a short time Minister of Public Works, followed Hon. Mr. Veniot, and after speaking half an hour, moved the adjournment of the debate. The House will sit this afternoon and evening, and it is expected to get through with a number of items of supply.

The House met at 3 o'clock.

A bill to amend the Schools Act was read a third time and passed.

MR. LeBLANC presented the report of the Committee on Municipalities.

MR. SMITH (Albert) gave notice of inquiry as to the duties and remuneration of Silas Cassidy, employed on the Marsh Road near Moncton.

HON. MR. VENIOT laid on the table of the House the correspondence in connection with the rebuilding of the Florenceville bridge.

HON. MR. VENIOT moved that the order for the third reading of the bill to vest the title of certain wharves in the government of Canada be rescinded and the bill referred back to the committee of the whole House for further consideration.

MR. SMITH (Carleton) moved for suspension of the rule to permit the introduction of a bill to vest the title of certain real estate at East Florenceville in the trustees of the United Baptist church. Leave having been granted, he presented a petition for the passage of the bill.

HON. MR. SMITH introduced a bill to vest certain lands in the parish of Bathurst. He explained that the lands contained a large gravel pit, which was wanted by the Dominion government, and the bill was to authorize its sale at \$25 per acre.

HON. MR. SMITH introduced a bill to amend the Act relating to migratory birds. He said that as a result of an international conference at Washington the government of Canada had passed an Act taking over con-

trol of migratory birds throughout the country. That meant that in future the shooting season for such birds would be regulated by the Federal authorities and the object of the bill was to eliminate any reference to the same from the provincial game laws.

HON. MR. SMITH introduced bills respecting the manufacture of spruce and other pulpwood; and also to amend the Game Act.

HON. MR. MURRAY introduced a bill to authorize the funding of the floating indebtedness of the province.

Hon. Mr. Veniot.

HON. MR. VENIOT, on the order of the day being called, resumed the debate on the Budget. He said that when speaking the previous evening he had made reference to the over-zealousness of certain politicians, which he felt if not checked at the proper time might lead to serious consequences in this province to the relations which exist between the two races. He had observed that hon. members on both sides of the House had applauded his remarks and that led him to the conviction that hon. members opposite might do more in the future than they had in the past towards putting a stop to an agitation calculated to disrupt the population.

Knowing the English speaking representatives on his own side of the House, he felt that the interests of the Acadians would be safe in their hands and as he looked at the hon. members opposite he also felt convinced that they would put forth every effort to put a stop to racial prejudice. He would ask all to join hands and stand shoulder to shoulder in putting down all attempts to introduce such a condition of affairs in the public life of the province. He appreciated the remarks made on the subject by the hon. member for Queens and could assure him that the French people of the province were willing to do their share in the promotion of greater harmony. He was aware that there were narrow people on both sides who took advantage of their racial conditions to stir up strife but he thought the time had arrived

SIMPLY WONDERFUL FOR CHEST COLDS, MAKES 'EM WELL OVER NIGHT

Nothing Half So Quick to Relieve and Cure as Good Old "Nerviline."

Don't lie awake tonight coughing your throat sore—don't let your chest cold develop further—that's the way to coax on pneumonia.

Be sensible and, as thousands before you have done, use Nerviline. It sure is a bully fine thing to knock out a cold or bad cough.

After once using Nerviline you'll swear by it for all time to come.

You'll say it's more like a miracle than anything else to feel its warm soothing action upon your tight chest.

You'll be amazed at the quick way it cured your cough and broke up your bad cold.

It's safe for even a child to run on.

Nerviline. Although five times more powerful than most other liniments, yet Nerviline has never yet burned or blistered the tender skin of even a child.

It's worth while to remember that wherever there is an ache or pain Nerviline will cure it.

Try it on your sore muscles, on a stiff joint, on the worst possible case of rheumatism, neuralgia, sciatica or lumbago. These are ailments Nerviline is guaranteed to cure mighty quick.

The mother of a large family can save heaps of work and worry, can cure little ills before they grow big, can keep the whole family well by always having Nerviline handy on the shelf. Large 25c. bottle at all dealers or the Cattarhogue Co., Kingston, Canada.

Mr. A. F. Foster of St. John, is at the Queen.
Mr. R. D. Inness of Woodman's Point, is at the Queen.

Dunlop "Gibraltar" Belting

RedSpecial" Belting

Abnormal Friction Pull

vs. Elasticity of Friction

BETWEEN every ply of specially-selected, heavy Cotton Duck in Dunlop "Gibraltar RedSpecial" Belting is a layer of pure Rubber which, through a Dunlop calendering process, so permeates the fabric that it binds the several plies into one integral piece.

Some belt manufacturers offer to sell their product on the basis of "Heavy-Poundage in a Friction-Pull" Test. To obtain the latter result it is not necessary to secure such an expensive Rubber Friction as is used in "Gibraltar Red Special." This fact alone ought to be a pretty good gauge of the value of the "friction-pull" test.

In buying "Gibraltar RedSpecial" you get the advantage of years of careful laboratory work on our part with this result: The friction is of that "just-right" elastic quality which allows for the give and take necessary in rounding the pulleys; hence the reason "Gibraltar RedSpecial" is known for maximum Power, Speed and Service.

Note the Short Grain Rubber Friction

This Belt Section illustrates a Heavy "Poundage-Pull" Friction. To secure this result the Friction Grain is short and stiff. Elasticity and Flexibility have been sacrificed to secure such a result.

Note the Long Grain Rubber Friction

Dunlop "GIBRALTAR REDSPECIAL" has a Friction of Special Dunlop Rubber that retains its life indefinitely. "Note the long grain Rubber Friction," as illustrated. Elasticity has not been sacrificed for Abnormal Friction Pull.

UNLIMITED capacity for service is an intrinsic quality with Dunlop "Gibraltar RedSpecial" Belting. The success of nearly a quarter of a century in the manufacture of Rubber Products is built into Gibraltar. The original Made-in-Canada Red Rubber, Frictioned Surface Belting, "Gibraltar RedSpecial" has stood the infallible test of time in turning the wheels of industry in a multitude of Canadian plants from the Atlantic to the Pacific.

The Dunlop Unreserved Guarantee

If you have a difficult drive anywhere in your factory drop a line to our Head Office, or to our nearest branch, and we will send a man experienced in belt engineering to consider your requirements. If it is an instance where the "Gibraltar" Belting may be suitably employed we will recommend its use; and we will stand behind our recommendation with the fullest guarantee ever issued by a firm producing rubber products.
