Dr. Hamilton's Pills have been guaranteed to cure any case within three days, and the above reward will be paid for any case resisting this great-remedy the air of the pine woods in the Adirondacks. The piney vapor has a truly marvelous action on weak throats. It brings strength and health to the bronchitic, stops that hacking, irritating cough, prevents hoarseness and difficult breathing. You can't find anything for weak-throated people on earth more beneficial than Catarrhose. It means heaven on earth eases of the nose, throat and bronchitic, which is a scientific preparation specially designed for two months, costs \$1.00; medium size 50c; sample size, 25c. All store-keepers or The Catarrhose Co., to the man that has had bronchitis, catarrh or throat irritation. You will realize this the first time you use Catarrhose. Get the large size, it lasts Buffalo, N. Y., and Kingston, Canada.

IS A USEFUL OCCUPATION

Ottawa, June 22.—Horse breeding and training, whether the horse be for pleasure or for working purposes, is a useful occupation in the eyes of the law. This discussion was reached by Magistrate Askwith in the police court after hearing expert evidence in the trial of Frederick Hale, charged with not being engaged in some useful occupation. Hale was employed by Fred Tracy, a well known local horseman, as trainer for his horses, for which he receives a salary and a commission.

At least 100 different species of oysters are known to scientists.

HON. MR. VENIOT LOOKING AFTER THE HIGHWAYS

(North Shore Leader)

Hon. P. J. Veniot, Minister of Public Works, is making a tour of the roads in the upper sections of Northumberland County this week. The Minister arrived here on Tuesday and was met at the station by a delegation of Chatham citizens, who motored to Chatham where a meeting was held. This delegation asked the Minister to build a permanent road between New Castle and Loggieville; and he replied that he would give that section just consideration and would do the best he could with the monies proportioned, but it was nonsense for the delegation to expect, especially during these stringent times that the government would expend thousands of dollars in one section and neglect other avenues that were just as important to help the farmers get their produce to market. The Minister would not promise the delegation any fixed sum for this road but said it would be put in good condition and he felt that they would be satisfied when the repair work was completed.

On Wednesday Hon. Mr. Veniot accompanied by Hon. Robt. Murray, Hon. J. P. Burchill, D. V. Allain, M. P. P., and F. C. McGrath, M. P. P., and Chas. J. Morrissy made a tour of the North West and examined the roads and bridges in that section. The Minister found some of the roads in good condition while others were not

CIRCUS WIPED OUT BY WRECK ON RAILROAD

Chicago, June 22.—The personnel of the Hagenbach-Wallace shows is believed to have been practically wiped out in a disastrous railroad collision between Michigan City and Hammond, Ind., today. According to meagre details received at Michigan Central offices, a hundred or more persons were killed or injured. Four coaches, in which members of the circus were sleeping were demolished by a rear-end collision. The show was traveling in two sections of a Michigan Central train going from Michigan City to Hammond. At East Ivanhoe a hotbox caused the second section to stop. A train of empty pullmans coming to Chicago, crashed into it, the locomotive plowing its way through the day car and four sleeping coaches. The injured were taken to hospitals at Hammond.

To remove paint from common wooden chairs, scrub them with a strong solution of washing soda.

what they should be. He gave the superintendents some good advice and stated that he would call on them again shortly when he would expect to see a vast improvement.

The Minister and the county representatives are touring the Barnaby River and Rogersville sections today.

NINE BOILS

Kept Coming on Neck, One After the Other.

Anyone who has ever suffered from boils knows how sick and miserable they make you feel. When you think you are about cured of one, another seems ready to take its place and prolong your wretchedness. All these poulticing and lancing you may do will not cure them and stop more coming.

Boils are simply bad blood bursting out, and the bad blood must be made pure before the boils disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system and removes every particle of foul material from the blood, then never another boil comes and the cure is permanent.

Mr. Geo. Ayers, 302 Gloucester St., Ottawa, Ont., writes: "I wish to tell you what I know about your wonderful Burdock Blood Bitters. In the spring I suppose my system needed cleaning out, for I had nine boils come on my neck, one after the other. I quickly got a bottle of B.B.B. and before it was half finished I felt a great change, and it certainly put an end to my boils, otherwise I might have had a lot more. I recommend B.B.B. to all I can, for I know it to be a great remedy."

SALUTE THE JUNE BRIDES

June brides! Every year, as the stream of them passes us, we hear the phrase on every side. Somehow a June bride is always just a little different, a little sweeter, than any other kind of a bride. A June bride has always been our idea of the typical bride. But the June brides of this year mean something more than they have ever meant before, for the bride's month now brings with it something that it has never, in all the years of history, brought before.

A bride necessarily must be courageous. She has a new life before her she has come to the responsibilities of "true grown-up land"—responsibilities which, in many cases, she has never known before. But the brides of this June must receive the crown among them all. It is of them that the greatest courage is demanded, the greatest patience, the greatest love, devotion, and—the greatest sacrifice.

For no matter what the status of the young man today—whether he is within the draft ages or not—he has definite and sure responsibilities, duties, which he would not escape, even if he could do so. The brides of today are taking upon themselves responsibilities which they cannot measure. Not one of them can say what she may be called upon to do, to suffer, or to sacrifice. The future is not as in time of peace—not one single day is sure. But the duties, the demands made of the women at this time are very sure, and their path, in this respect, is laid down for them. But 'tis end is not laid down, and only the future can determine it. Whatever the outcome the women who are now taking up the duties of wife-hood are assuming something that women have never assumed before in marriage. The deepest respect, admiration and commendation is due to the June brides of 1918.

VITAL STATISTICS OF CANADA AND THE CENSUS

Ottawa, June 22.—In the course of the discussion at the conference on vital statistics of Canada this week, it was resolved that the model bill and schedules should be referred to a committee consisting of representatives of the nine provinces, with instructions to give effect to the principles agreed upon by the conference, and to submit the bill as finally set forth to the provincial governments.

Resolutions were also adopted in favor (1) of the omission of mortality statistics from future census of the Dominion government, and (2) the organization of a system of vital statistics to include births, marriages and deaths, to be on an annual basis, and to be collected, compiled and published in a manner that will permit of comparison between different localities and provinces throughout the Dominion and between Canada as a whole and other countries, such statistics to be secured by the Dominion and provincial co-operation following the procedure indicated by sections 9 and 34 of the statistics act of 1910.

PUBLIC NOTICE

Military Service Act, 1917.

Men 19 and 20 Years of Age.

Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.

Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:—(a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

ISSUED BY DEPARTMENT OF MILITIA AND DEFENCE,
DEPARTMENT OF JUSTICE.
