

## BARRISTERS ADMITTED BY SUPREME COURT

FOUR PRESENTED TO  
COURT BY ATT. GENERAL

Several Charlotte Co. Liquor Cases Argued Yesterday—Akerley Case Finished This Morning.

Four attorneys were admitted as barristers by the Supreme Court today. They were presented by Hon. J. P. Byrne, Attorney General. The new barristers are William J. Shea, J. W. Tait, and Thomas K. Sweeney all of St. John and Allan T. LeBlanc of Dalhousie.

Argument was completed this morning in the crown case reserved The King vs. Frank L. Akerley which was tried at Gagetown before Mr. Justice Barry. D. Mullin, K. C., and R. St. John Freeze for the defendant and Hon. J. P. Byrne Attorney General for the crown. Court considers.

The King vs. C. N. Vroom justice of the peace for Charlotte County ex parte Hugh McDonald. P. J. Hughes showed cause against a rule nisi to quash conviction under the Intoxicating Liquor Act 1916.

**Charlotte County Liquor Cases**  
Wednesday Afternoon ex parte Aubrey Johnston and Hampston Johnston, D. Mullin, K. C., moved for a rule nisi for a certiorari and a rule nisi to quash a conviction made September 18 by C. N. Vroom under the intoxicating liquors act 1916 for selling liquor without a license, the defendants being druggists of St. Stephen. Mr. Mullin made a similar motion in four other cases, one for selling liquor and three for wrongly labelling bottles. The point made was that a fine had been imposed upon both partners instead of upon only one. Rule in all five cases absolute for certiorari and nisi to quash service on magistrate and informant affidavits without exhibits to be served, returnable next session.

Messers O. Adams and C. G. Schendberg of Pennsylvania are in the city today. They spent some time in the woods on the Miramichi with W. Harry Allen as guide but did not have very good luck on account of weather conditions.

### Celebration Last Evening

The Capital Garage was the scene of a big celebration last night in honor of the cessation of hostilities. Mr. A. B. Kitchen secured the services of the District Depot Band and an excellent program was rendered as follows: Colonel Bogey, March; Overture, Royal Welcome Home, March; Flower Girl, Waltz; Spring Time, Schottische; O Canada, March; Maple Leaf; Set of Waltzes, "Are You From Dixie"; Dublin Bay, My Own Iona, United Empire, March. The floor of the garage was cleared away and dancing took place with music by the band.

### Picture Censorship

In connection with the announcement that the fifteen film exchanges now having their maritime provincial headquarters in St. John will move to another lower Canadian town or city to escape the new plan of taxing their gross income as contained in the new assessment act, it is understood the films will still be censored in St. John. The local government board of censors has its headquarters in St. John and it evidently is the desire of the government to have the inspection of pictures made there. Just what effect, if any, this decision will have upon the intentions of the film concerns remains to be seen.

## PARTRIDGE ARE INCREASING FROM NATURAL CAUSES

CONTINUED CLOSE SEASON  
WILL RESTOCK COUNTRY

Caribou Scarce, But Other Big Game Plentiful—Receipts Expected to Show Reduction.

With the big game season nearing its close there are reasons for believing that the receipts from the sale of game licenses will not total as much as in previous seasons. There are various reasons for this. The war prevented numerous non-resident sportsmen from coming from the United States and the change in the game law requiring resident sportsmen to pledge themselves to report all violations of the law had the tendency to decrease the number of resident game licenses taken out. Early in the game season the epidemic of influenza swept over New Brunswick and many hunters were taken ill and kept out of the woods. The epidemic also worked to the protection of the game for poachers also were kept out of the woods.

### Partridge Increasing

Mr. L. A. Gagnon, Chief Game Warden, informed a reporter for the Mail this morning that reports from various sections of the province indicate that partridge are increasing in numbers. The increase is said to be due to natural causes but if the close season which was imposed this year is continued for the three years intended it is likely that these birds will have increased to such numbers that the province will be well stocked with them.

### Caribou Have Migrated

Caribou are scarce and as they are migratory animals it is believed that they have left New Brunswick to a considerable extent. They may return however as there seems to be no particular cause which governs their movements. Occasionally there is a report of one being seen or killed. Recently a fine bull died after being caught in a wire fence on the Transcontinental Railway in Victoria County.

### Non-Resident Licenses

Chief Warden Gagnon said also that early in the season the number of non-resident sportsmen who visited the province was greater than was generally supposed. Game was plentiful as a general thing and the hunting parties went away satisfied.

### Inspecting Military Hospital

Maj. Gen. J. C. MacDougall, C. M. G., accompanied by Maj. W. Baty and Maj. A. F. Nation are in the city today to inspect the Military Hospital. They will later proceed to Newcastle to inspect the 7th C. G. R. detail, which is guarding the wireless station. General MacDougall and his assistants are on an inspection tour of Canada. Mrs. MacDougall accompanies the party.

## POULTRY SHOW FOR PROVINCE IN JANUARY

Fredericton Likely Place for Show—Prof. W. R. Graham, O. A. C. Expert May Attend.

Reek Secretary of Agriculture, with regard to a poultry show in the coming winter. C. H. Smyth and W. S. Sweatman represented Moncton and R. P. Allen and Percy Morgan Fredericton. The decision was to hold a provincial show in January instead of separate shows. Fredericton probably will be the place for it and the show will be the largest ever held in New Brunswick.

### Utility Stock

Special inducements are to be offered to the owners of utility stock to exhibit. Under these all farmers will have an opportunity to show the ordinary poultry which is on every farm. Mr. A. C. McCulloch, Poultry Superintendent, was consulted this morning and arrangements made concerning preparation of a prize list.

### Expert for Judge

An effort will be made to have Prof. W. R. Graham of the Ontario Agricultural College attend the show and act as judge. Prof. Graham is recognized as one of the greatest experts in poultry in North America. If he attends the show he will deliver a number of addresses.

The funeral will take place from the train, service being conducted by Rev. H. C. Archer. Interment will be made at the Rural Cemetery.

### Late William K. Sutherland

### WHAT WAR COSTS.

The cost of a seven days' bombardment by the British at the Wytschaete and Messines Ridge in June, 1917, was \$63,791,235 for ammunition alone. The preliminary curtain of fire laid down for six days required 1,250,541 shells of all sizes, which cost \$43,166,535. On the seventh day, when the attack was made, 707,834 shells were fired, at a cost of \$20,424,700. A barrage laid down to repel a small raid may cost as much as \$500,000.
