IMPROVEMENT IN CANADA'S FOREIGN TRADE

Increase in Imports and Ex-
ports Under Almost Every
Heading, and Especially
Munitions.

In his annual address, recently, the
President of the Canadian Bank of
Commerce, gave a resume of Canada's
foreign trade during 1917. The figures
are to say the least very encouraging
and show that the war is not all loss
to Canada.

Foreign Trade Improves
In considering our industrial af-
fairs we find that disregarding as
usual shipments of gold and bullion,
our exports for the fiscal year end-
ing 31st March last, were \$314,706,654
in excess of our imports, and for the
following six months ending 30th
September the excess was \$237,574,
462, making for the eighteen months
a surplus of \$552,281,116 in the value
of our exports. The gain in exports
for the fiscal year was \$399,911,033,
while the increase in imports was
\$334,292,650. We therefore improved
the results of our foreign trade by
\$65,618,380 as compared with the
year preceding. The figures for the
broken period indicate an increase
on a much larger scale. Of the im-
provement during the fiscal year,
over 350 millions is due to agricul-
ture and to manufactures, the total
increase from the mine, the forest,
the fisheries and animals and their
products being less than 50 millions.
The export of manufactures amount-
ed to 487 millions, an increase of 237
millions over those of the preceding
year. There is an increase in exports
and imports under almost every head-
ing, but the only very noticeable item
is that of \$149,930,000 for military
stores, munitions of war, etc., im-
ported and remaining the property of
the Imperial Government. In this
there is an increase of \$111,296,000
over the corresponding figures for
1916. These imports, mainly neces-
sary to complete munitions being
made in Canada do not affect

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and
snuffling! A dose of "Pape's Cold Compound"
taken every two hours until three doses are
taken will end grippe misery and break up a
severe cold either in the head, chest, body or
limbs.

It promptly opens clogged-up nostrils and
air passages; stops nasty discharge or nose
running; relieves sick headache, dullness,
feverishness, sore throat, sneezing, soreness
and stiffness.

"Pape's Cold Compound" is the quickest,
surest relief known and costs only a few
cents at drug stores.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy,
wavy and beautiful
at once.

Immediate?—Yes. Certain?—that's
the joy of it. Your hair becomes
light, wavy, fluffy, abundant and ap-
pears as soft, lustrous and beautiful
as a young girl's after a Danderine
hair cleanse. Just try this—moisten
a cloth with a little Danderine and
carefully draw it through your hair,
taking one small strand at a time.
This will cleanse the hair of dust, dirt
or excessive oil, and in just a few mo-
ments you have doubled the beauty of
your hair. A delightful surprise awaits
those whose hair has been neglected or
is scraggy, faded, dry, brittle or thin.
Beside beautifying the hair, Danderine
dissolves every particle of dan-
druff, cleanses, purifies and invigorates
the scalp, forever stopping itching
and falling hair, but what will please
you most will be after a few
weeks' use, when you see new hair—
fine and downy at first—yes—but re-
ally new hair growing all over the
scalp. If you care for pretty, soft
hair, and lots of it, surely get a
small bottle of Knowlton's Danderine
from any drug store or toilet counter
and just try it.

this country in a financial way. Coal
cost us \$11,500,000 more, sugar \$10-
800,000 more, and provisions, much of
which was doubtless exported again,
\$17,500,000 more.

Trade With United States

In the year ending 31st March, 1917,
we bought goods to the value of 865
millions abroad, and of these 678
millions came from the United States.
As we sold that country only 290
millions we had to find 388 millions
in money or securities. We can now
sell securities nowhere but at home,
and our export and import business
is done almost entirely with Great
Britain and the United States. We
export to Great Britain enough more
than we import to cover our shortage
with the United States, and a large
sum besides. Therefore it is clear
that in respect of what we owe the
United States that country must lend
to Great Britain a sum corresponding
to our sales to the latter country,
if we are to continue to trade with
the United States. Since the United
States has entered the war, however,
large orders for war supplies for
their use have been placed in Canada,
and it is too early to tell how these
will affect our trade balance with that
country. It should not be hard to un-
derstand from these figures how
vitaly important it is that we should
not buy outside Canada a dollar's
worth of merchandise that is not abso-
lutely required for our most pressing
national purpose, which is to win the
war.
