HOUSE HAS FIRST DIVISION OF THE PRESENT SESSION

A Vote Taken on the Third Reading of the Patriotic Fund Assessment Bill—Government had a Majority of 5 With Several Absentees—Debate on the Budget Continued Until Midnight—Many Members Express Their Views.

The first division of the present session of the House took place yesterday afternoon on the opposition leader's motion to refer the Patriotic Fund assessment bill back to the committee of the whole house. The motion was lost by a vote of 22 to 17. The debate on the budget was resumed and continued until midnight, when Dr. Hetherington had the debate adjourned. The list of speakers included Messrs. Potts, Mersereau, Sutton, Dysart, Melanson, Bordage, Michaud, Dickson and Smith (Albert).

The House met at 3 o'clock. HON. MR. ROBINSON said that on the third reading of the bill relating to the Patriotic Fund, he had raised a point of order on the motion of the hon. leader of the opposition. He had since looked up authorities, and while he had grave doubts as to the correctness of the procedure, he was aware of the fact that on previous occasions such motions as that made by the hon. leader of the opposition had been accepted by the House. He felt that it was desirable that the House should adhere, as closely as possible, to the rules, but as no harm could come from the motion now before the House, he would withdraw his point of order.

MR. BAXTER said that there would be little danger of the House going far wrong if it followed the line of procedure in vogue in the House of Commons at Ottawa. He had not doubt but that the motion of the hon. leader of the opposition was perfectly in order.

HON. MR. SPEAKER said that while the practice had been followed by the House in the past, authorities could be quoted to show that it was not strictly in accordance with par-

liamentary procedure. He had consulted with the hon. member from Moncton in reference to the matter, and had decided to declare the amendment in order, so that it could be dealt with by the House.

The amendment of the hon. leader of the opposition that the bill be referred back to the Committee of the whole House, with instructions to amend the same by reducing the amount of the assessment from \$515,000 to \$400,000, was then put by the Chair and declared lost on the following division:

Yeas — Young, Tilley, Murray (Kings), Baxter, Smith (Carleton), Campbell, Potts, Guptill, Smith (Charlotte), Sutton, Pinder, Crockett, Smith (Albert), Peck, Dickson, Carson, Huter—17.

Nays — Hon. Messrs. Foster, Smith, Robinson, Byrne, Veniot, Murray, Tweeddale and Dugal, and Messrs. Leger (Gloucester), Michaud, LeBlanc, Dysart, Allain, Burchill, Magee, Hetherington, Mersereau, Smith (Sunbury), Melanson, Bordage, Sweeney, Leger (Westmorland)—22.

The bill was then read a third time and passed.

MR. MURRAY (Kings) rose to a question of privilege. He said that there had been a slight error in the official report which had made him state that Hon. Mr. Speaker's ruling in regard to a matter which had been before the House yesterday, was based on the highest authority; he had not used the words attributed to him, but had stated that Hon. Mr. Speaker has quoted Bourinot, who was regarded as the highest authority.

MR. BURCHILL presented the report of the Committee on Standing Rules.

HON. MR. FOSTER introduced a bill to amend the act respecting the St. John & Quebec Railway. He said that a session of the House seemed hardly complete without some legislation affecting that railway. The bill which he would introduce had to do with the guaranteeing of the bonds of the company. The original Act had provided for a bond issue for the road from Andover to Centreville and southward from that point. There now remained in the hands of the Prudential Trust Company a sum of money which should be available for construction work, but which it is claimed is applicable only to a portion of the road not yet completed. The bill would make provision for the recovery by the province of said money and debenture stock; another section made provision for the "issuing of bonds, or a temporary loan, to complete the road to Westfield; and another section had to do with the removal of rails by the government of Canada at such prices as were to be

QUIT SNIFFLING, STOP SNEEZING, CURE YOUR COLD NOW!

Thousands of Cases Prove the Quick-est Cure is Catarrhazone.

When germs attack the lining of the nose, make you sneeze and gag—when later on the inflamed bronchial tubes—how can you follow them with a cough syrup?

You can't do it—that's all. Cough syrups go to the stomach—that's why they fail.

But Catarrhazone goes everywhere—gets right after the germs—kills them—heals the soreness—cures the inflammation—makes Catarrh disappear.

"Nothing I have ever used gives the warm, soothing sensation of Catarrhazone," writes Isabel Fry of Seguin Falls, Ont. "I was in a frightful way with catarrh of the nose and throat—had droppings, hard breathing, bad breath and indigestion. Catarrhazone relieved at once and cured me thoroughly. It is invaluable in colds, sore throat and bronchial trouble." Not difficult for Catarrhazone to cure, because it contains the essences of pine balsams and other antiseptics that simply mean death to catarrh. Large size costs \$1.00, and contains two months' treatment; smaller size, 25c. and 50c., all druggists and storekeepers, or The Catarrhazone Co., Buffalo, N. Y., and Kingston, Canada.

mutually agreed upon. The rails were to be removed by the Federal government which was to pay the province the difference in cost.

HON. MR. VENIOT gave notice that he would move for suspension of the rules to permit of the introduction of a bill to enable the Roman Catholic Bishop of Chatham to sell certain lands in the city of Fredericton. He said that he had been informed by the
