FAMOUS PRINCESS PATS REACH HALIFAX ON THE STEAMSHIP CARMANIA

All are Jolly Well Glad to be Back in Canada Once More—Only a Few Officers and Men of the Original Corps are Left—Col. Adamson Approved of Col. Peck's Attack in Parliament on Sir Charles Ferguson—4th and 5th Canadian Mounted Rifles Also on Board Carmania.

HALIFAX, March 16.—The Cunard liner Carmania, from England with the Princess Pats, the 49th Battalion and the 4th and 5th C. M. R., of the Canadian expeditionary force on board, arrived in port this morning shortly before eight o'clock and docked at pier No. 2 at nine o'clock.

The Princess Pats were the first to land. They marched down the gangplank by platoons, in typical St. Patrick's day weather to the music of a band of pipers. Lieut. Colonel Hamilton Gault, D. S. O., and Lieut. Colonel A. Adamson, D. S. O., watched the proceedings from the boat. Col. Hamilton Gault said there was nothing for him to say except that "All were jolly well glad to get back to Canada." They were detaining about thirty of the men who went over with the original battalion, but as the regiment had suffered so much in the past from incomplete reports of its activities, he declined to particularize. Lieut. Col. A. Adamson, who commanded the regiment in the field for some time, is one of three remaining officers who went over as officers with the battalion. The third is Major Nivens, who will come out later with his wife.

COL. ADAMSON SAYS THAT CANADIANS AT KINMEL CAMP HAD A GREAT DEAL OF PROVOCATION

Colonel Adamson was in Cologne the day Sir Charles Ferguson issued the order to which Colonel Peck took exception in Parliament last week. He stated he was glad Colonel Peck had brought the matter to the attention of the House. General Plumer had caused the order to be rescinded a few days later and had succeeded in squaring the matter up, but Ferguson was a weak administrator and should never have been appointed to the office. Colonel Adamson was at Liverpool during the Rhyl riot. He doubts if the men themselves were really responsible for the outbreak. He thought they had a great deal of provocation. It had been General Currie's idea that the units should return to their homes with their own wounded, but Argyle House had decided against the plan on the ground that it involved too many documents.

Colonel Adamson relinquished the command of the Pats when his eyes failed him. He was transferred to corps headquarters and was succeeded in the command of the regiment by the late Colonel Charles Stewart of Halifax. Colonel Adamson is proceeding to Toronto.

ONLY TWO OF ORIGINAL OFFICERS ARE RETURNING WITH THE FIFTH CANADIAN MOUNTED RIFLES

The 5th Canadian Mounted Rifles, of Montreal, came home with 26 officers and 621 other ranks under the command of Lieut. Col. W. Rhodes, D. S. O., M. C., who went as captain and adjutant of the regiment. The regiment sailed from Canada in July, 1915, and during its service at the 22 officers and 4,890 other ranks have passed through it. Lieut. Col. Rhodes and Major J. Todd, who is second in command, are the only two officers returning with the unit who went over as such.

Lieut. Col. Rhodes was promoted to the command of this regiment in January last year. He was decorated with the D. S. O. in January 1918, and received a bar to his decoration shortly after the armistice was signed. He also received the M. C. in 1916 and was decorated by the French government in August, 1917. He is a veteran of the South African campaign and was present at the coronation of King Edward VII.

Lieut. Col. Rhodes spoke very highly of the conduct of his men. He said there were only two officers returning who went over with them, and about seventy other ranks. His regiment was in the battles of the Somme, Passchendaele and in the engagement of June 2nd last suffered heavy casualties.

MINISTERS DOING ALL POSSIBLE TO SEND THE MEN HOME QUICKLY

Delays are as Disappointing to the Government as to the Men, Says Sir Robert Borden at a Canadian Banquet in Paris—Declares He is a Convinced Supporter of the League of Nations, Though Too Much Must Not be Expected at Once.

PARIS, March 16.—The Canadian ministers attending the Peace Conference proceedings are following the progress of demobilization and are doing their best for the prompt return of Canadian troops from overseas. At a "Canadian evening" held in the "Corne of Blighty" hospitable soldiers' club, Paris, last night, Sir Robert Borden reminded the soldiers that the authorities were doing everything possible to expedite demobilization, compatible with the need to finish up the task for which Canadians had left Canada, but difficulties connected with transport and shipping sometimes caused delays which are as disappointing to the government as much as to the men. Sir Robert said the war had shown the people of Canada and other dominions that it was the ideal rather than the material which lived in history. Sir Robert said he was a convinced supporter of the league of nations. He was not one of those who believed that things could be done all at once, but if they could make all nations agree to accept the principle that in future before war was declared there must be discussion, publicity and mediation, much would have been accomplished toward preventing a recurrence of the horrors of this war.

A Critical Week in Labor Affairs in the Old Country

MRS. A. SHERWOOD PASSES AWAY

Wife of Manager of Dominion Express Company Succumbs to an Attack of Heart Trouble.

The lamented death occurred at her home on Waterloo Row on Saturday night of Mrs. Henriette Blanche Sherwood wife of Mr. Abram Sherwood, manager of the Dominion Express Company, and formerly manager of the Fredericton and Grand Lake Railway. She was a sufferer from heart trouble and had been in delicate health for some months, having been for a time under treatment at the Victoria Hospital.

The deceased was a native of Gagetown, being a daughter of the late Rev. John M. Currie a well known Baptist clergyman. About seven years ago she removed to this city from Hillsboro, where the family had resided for a number of years. She was a bright and estimable lady and had many warm friends in many parts of the province who will learn of her death with much regret.

Besides her husband the deceased is survived by four children, Lillian, Grace, Harmon and John Sherwood all at home. There are also two stepsons, Edward, manager of the Salisbury & Harvey Railway, and Clifford who lately returned from overseas. Two sisters and one brother also survive. Great sympathy will be felt for them in their bereavement.

The funeral service will be conducted by Rev. G. C. Warren, at the house this evening at seven o'clock. The body will be taken by the nine o'clock train to Hillsboro for interment.

Committee to Make Interim Report on Thursday and on Following Day There Will be a Conference to Decide on a Strike Policy—Lloyd George Returning to London This Week—The West Bank of the Rhine to be Test for Huns at the Conference.

LONDON, March 17.—Premier Lloyd George is expected to return to London to be present during a week which is looked upon as critical in the labor affairs of the country. On Thursday the committee will make its interim report, which is expected to decide whether the miners will proceed with their threatened strike. There will be conferences on Friday between the railway men and the triple alliance of labor to decide on a strike policy.

Revelations made by the coal commission relative to large profits in the coal industry are leading to insistent demands for similar inquiries into the shipping, iron and steel and other large industries.

The test for the German delegates at the peace conference will be the west bank of the Rhine, says a Berlin despatch to the Mail. The delegates will be authorized to break negotiations if this matter is forced upon them, and in this case the cabinet will support the delegation and will resign if the National Assembly takes a different attitude.

MONARCHIST REACTION IS GROWING IN GERMANY AND OVERSHADOWING THE NEW GOVERNMENT

Special despatches from Berlin report that the suppression of the recent Spartan outbreak there has shown that a military and monarchist reaction is growing and overshadowing the new government. The Berlin correspondent of the Mail, who on February 27 sent a despatch outlining plans for a monarchist uprising in Germany, has arrived in London, having left Berlin on March 14th, after a residence of three months. He reiterates statements made in his despatch saying that President Ebert, Chancellor Scheidemann and War Minister Noske are merely puppets. He declares that for the purpose of retaining power they have allowed members of the military caste to reappear as organizers of the new Republican armies. "These men are the real government of Germany," he says. "They make the edicts and Chancellor Scheidemann and his colleagues willingly sign them."

BOLSHEVISTS PLANNING TO MAKE TROUBLE

Archangel, March 15.—On the anniversary of the Russian revolution Mar. 12, the celebrations by the city and the council of professional unions was made the occasion for numerous pro-Bolshevik addresses, where upon the provisional government arrested a number of the speakers and declared its determination to vigorously suppress all such attempts to lend assistance to enemies and hamper the struggle of the allies against the Bolsheviks. There is increasing evidence that the Bolshevik agitators are ready to take advantage of any minor disturbance to bring about a Bolshevik revolt behind the lines at any time when the allied troops are hard pressed at the front.

THE DAYLIGHT SAVING PLAN

MANY ARE STARVING IN THE CAUCASUS

New York, March 16.—Three thousand men women and children are starving to death in the Caucasus, according to the first report from Dr. James L. Barton, Chairman of the commission recently sent to that region by the American committee for relief in the near east, received by cable at the headquarters of the committee here today. "There is no bread any where," said the report. "The gov't had not a pound. There are 45,000 people in Erivan wholly without bread and the orphanages and troops all through Erivan are in a terrible condition."

There is not a dog, cat or horse living in all the Igdar region. We saw refugee women stripping the flesh from a dead horse with their bare hands today. "Thirty deaths a day are reported from Ashtarag and twenty-five from Etchmiadzin; Izier and Sada-bad certainly more. Another week will score thousand lives lost."

Conveyances were provided for wounded soldiers. Service men were also the guests of the Irish soldiers in Brooklyn and other boroughs of the city. John W. Goff, former supreme court justice, led the parade as grand marshal.
