Try our Peanut Butter. . . . .	32 cents a pound		

## LEAGUE OF NATIONS IN THE PRELIMINARY TREATY

Understood the British Will Concede the Points Raised by President Wilson—Do Not Wish to Delay the Program in Any Way—Preliminary Contract Will be Stripped of All Extraneous Matter.

Paris, March 15.—If President Wilson insists that the league of nations be incorporated in the preliminary peace treaty, the British. It is understood will concede the point, although they still believe that the preliminary pact is not the proper place for the inauguration of the league, should be included in the final peace pact.

This attitude was indicated today after the inclusion of the league in the preliminary treaty, as well as in the final pact. The British it is made known, do not wish to delay the league of nations programme in any way, but they express the keenest desire of the immediate signing of the preliminary peace treaty so as to alleviate unsatisfactory conditions resulting from the continuation of the armistice. In order to get speedy action they propose to strip the preliminary compact of all extraneous matters, which, they believe, include the league of nations. The league under the British programme would be taken up immediately after the conclusion of the preliminaries of peace and with any amendments which might be added, would be made part of the final pact.

Wilson Says It Must Go In In a statement on the peace conference resolution with reference to the league of nations in the peace treaty, President Wilson said today that the decision made at the peace conference at its plenary session of January 25, 1919, to the effect that the establishment of a league of nations should be made an integral part of the treaty of peace, is a final force and that there is no basis whatever for the reports that a change in this decision is contemplated.

The resolution for the league of nations adopted that time by the conference was as follows: "First—It is essential to the maintenance of the world settlement, which the associated nations are now met to establish that a league of nations be created to promote international co-operation to insure the fulfillment of accepted international obligations and to provide safeguards against war.

"Second—This league should be treated as an integral part of the general treaty of peace and should be open to every civilized nation which can be relied upon to promote its objects.

"Third—The members of the league

## WEAK, WORRIED WOMEN

Can Find New Health and Strength Through the Use of Dr. Williams' Pink Pills.

It is useless to tell a hard working woman to take life easily and not to worry. To do so is to ask the almost impossible. But, at the same time, it is the duty of every woman to save her strength as much as possible; to take her cares as lightly as may be, and to build up her strength to meet any unusual demands. It is a duty she owes herself and family for her future health may depend upon it.

To guard against a complete breakdown in health the blood must be kept rich, red and pure. No other medicine does this so well as Dr. Williams' Pink Pills. This medicine actually makes new, red blood, strengthens the nerves, restores the appetite and keeps every organ healthily toned up. Women cannot always rest when they should, but they can keep their strength and keep disease away by the occasional use of Dr. Williams' Pink Pills, which have done more to lighten the cares of weak women than any other medicine. Among the many women who have reason to be thankful for Dr. Williams' Pink Pills is Mrs. Milan Bailey, Utterson, Ont., who says: "Two years ago I got weak and badly run down, and could scarcely do my housework. I grew so thin that my friends used to comment upon it. At that time my baby was six months old and the care of it and my housework was almost too much for me. It was at this stage that my husband got me a supply of Dr. Williams' Pink Pills, and before I had been taking them long we could see an improvement in my condition. For months I had not been sleeping well and my natural sleep returned and I wasn't so nervous. Then my friends began to comment upon my improved condition and tell me how much better I was looking. By the time I had taken six boxes I felt completely cured, and have since enjoyed the best of health. Now I never fail to recommend Dr. Williams' Pink Pills when any of my friends are ailing." You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

should periodically meet in international conference and should have a permanent organization as secretariat to carry on the business of the league in the intervals between the conferences."

## Financial Commission

An official statement dealing with today's session of the financial commission of the peace conference, issued this evening, say:

"The financial commission met today at 11 a. m. at the ministry of finance with Edwin Samuel Montagu presiding.

"The commission commenced the examination of the new financial questions which have been submitted to it by the council of ten, and will meet again on Monday, March 17."

## Pre-War Contracts

The important question of what disposition shall be made of pre-war business contracts between Germanic and Entente interests is being threshed by a peace conference commission. The point at issue is as to whether all such contracts should not be considered null and void in view of the great increase in the cost of materials since the war, which would necessarily entail heavy losses on many firms were they compelled to furnish goods on the old basis.

## INDUSTRIAL SITUATION IN GREAT BRITAIN

London, March 15.—The national program of the railwaymen as set forth in demands made, include the making permanent of all increases in wages granted during the war, fixed hours for employment, a fortnight's holiday annually with pay, and equal representation of the union in the management of all railroads. The proposals made by the railway companies have not been divulged, but the roads are understood to recognize the necessity of an increase in pay to meet the higher cost of living, and a scheme is suggested under which the men would receive a permanent advance, varying from 30 to 50 per cent above the pre-war rates, the scheme being largely based upon the idea that prices will fall in two years to a level equivalent to 20 per cent above pre-war prices.

The Daily Telegraph characterizes the action of the men as an ultimatum to the government and the outlook is generally regarded with much concern.

Trouble is also brewing in another important industrial quarter, the Agricultural Laborers' Union being in conflict with the employers regarding wages and hours. The men have asked an increase of £1 per week over the existing minimum wage. The employers offered five shillings advance. The union offered to compromise on ten shillings, but this was refused. Now the union has summoned a national conference to formulate a final programme.

## P. N. S. DEFEATED

Basketball Team Beaten by St. John High School at St. John Saturday

The Normal School basketball team made a trip to St. John on Saturday but were defeated by the St. John High School quintette. The game was a fast one and was attended by numerous fans. In the first half the Normal boys made a poor showing being unused to the Y. M. C. A. floor so that the score stood 28 to 8 against them. In the second period they rounded into shape and played a much better game. However the St. John boys came back winning out by a total score of 37 to 19.

The line-up was as follows:  
Normal School St. John High  
Gilchrist Forwards, Wilkes  
Crocker Centre, Shaw  
Miller Guards, Malcolm  
Young Grants  
Macrae Josselyn
